PUBLIC LAWS

ENACTED DURING THE

SECOND SESSION OF THE ONE HUNDRED FIRST CONGRESS

OF THE

UNITED STATES OF AMERICA

Begun and held at the City of Washington on Tuesday, January 23, 1990, adjourned sine die on Sunday, October 28, 1990. GEORGE BUSH, *President;* DAN QUAYLE, *Vice President;* THOMAS S. FOLEY, *Speaker of the House of Representatives.*

Public Law 101-241
101st Congress

Joint Resolution

To designate February 8, 1990, as "National Women and Girls in Sports Day".

Feb. 12, 1990
[H.J. Res. 82]

Whereas women's athletics is one of the most effective avenues available through which women of America may develop self-discipline, initiative, confidence, and leadership skills;
Whereas sport and fitness activity contributes to emotional and physical well-being and women need strong bodies as well as strong minds;
Whereas the history of women in sports is rich and long, but there has been little national recognition of the significance of women's athletic achievements;
Whereas the number of women in leadership positions of coaches, officials, and administrators has declined drastically over the last decade and there is a need to restore women to these positions to ensure a fair representation of women's abilities and to provide role models for young female athletes;
Whereas the bonds built between women through athletics help to break down the social barriers of racism and prejudice;
Whereas the communication and cooperation skills learned through athletic experience play a key role in the athlete's contributions at home, at work, and to society;
Whereas women's athletics has produced such winners as Flo Hyman, whose spirit, talent, and accomplishments distinguished her above others and exhibited for all of us the true meaning of fairness, determination, and team play;
Whereas parents feel that sports are equally important for boys and girls and that sports and fitness activities provide important benefits to girls who participate;
Whereas early motor-skill training and enjoyable experiences of physical activity strongly influence life-long habits of physical fitness;
Whereas the performances of such female athletes as Jackie Joyner-Kersee, Florence Griffith Joyner, Bonnie Blair, Janet Evans, the United States Women's Basketball Team and many others in the 1988 Olympic Games were a source of inspiration and pride to all of us;
Whereas the athletic opportunities for male students at the collegiate and high school level remain significantly greater than those for female students; and
Whereas the number of funded research projects focusing on the specific needs of women athletes is limited and the information provided by these projects is imperative to the health and performance of future women athletes: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That February 8, 1990, is

hereby designated as "National Women and Girls in Sports Day", and the President is authorized and requested to issue a proclamation calling upon local and State jurisdictions, appropriate Federal agencies, and the people of the United States to observe the day with appropriate ceremonies and activities.

Approved February 12, 1990.

Joint Resolution

To designate the period commencing February 4, 1990, and ending February 10, 1990, and the period commencing February 3, 1991, and ending February 9, 1991, as "National Burn Awareness Week".

Feb. 12, 1990
[S.J. Res. 217]

Whereas the burn problem in the United States is one of the worst of any industrialized nation in the world;
Whereas burn injuries are one of the leading causes of accidental death in the United States today;
Whereas every year over 2,000,000 people are victims of some form of burn injury in the United States alone, and children account for between one-third and one-half of this total;
Whereas of these injuries, over 70,000 are hospitalized and account for 9,000,000 disability days and $100,000,000 in costs annually;
Whereas over 6,000 people die from burn injuries annually, and the rehabilitative and psychological impact of burns is devastating;
Whereas young children are in the highest risk group suffering from hot liquid burns and injuries caused by child fire play and fire setting;
Whereas older adults and the disabled are also at great risk and extremely susceptible to burn injuries;
Whereas burn survivors often face years of costly reconstructive surgery and extensive physical and psychological rehabilitation in overcoming disabilities and fears of rejection by family members, friends, coworkers, schoolmates, and the public in general;
Whereas it is estimated that approximately 75 percent of all burn injuries and deaths could be prevented by a comprehensive national educational and awareness campaign and by changes in the design and technology of homes and consumer products;
Whereas a general public awareness of the need for smoke detectors and home fire escape plans, in combination with an understanding of the risk associated with items in the home environment, can cause a reduction of injuries and loss of life; and
Whereas there is a need for an effective national program that deals with all aspects of burn injuries and on the prevention thereof: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the period commencing February 4, 1990, and ending February 10, 1990, and the period

commencing February 3, 1991, and ending February 9, 1991, are designated as "National Burn Awareness Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States and all Federal, State, and local government officials to observe that week with appropriate programs and activities.

[H.R. 3952]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Urgent Assistance for Democracy in Panama Act of 1990.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Urgent Assistance for Democracy in Panama Act of 1990".

TITLE I—PANAMA

SEC. 101. IMMEDIATE UNITED STATES ASSISTANCE.

(a) ECONOMIC ASSISTANCE PROGRAMS.—

(1) AUTHORITY TO USE FUNDS FOR ECONOMIC ASSISTANCE.—

(A) IN GENERAL.—The President may use up to $32,000,000 of funds made available for economic assistance programs in order to provide economic assistance for Panama for fiscal year 1990 notwithstanding the provisions of law specified in subsection (c) of this section.

(B) DEOBLIGATION/REOBLIGATION AUTHORITY.—Funds may be made available for use under subparagraph (A) without regard to the limitation in section 515 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990 (Public Law 101-167), that funds deobligated under that section are available for reobligation only for countries within the same general region for which the funds were originally obligated.

(C) ECONOMIC ASSISTANCE DEFINED.—As used in subparagraph (A), the term "economic assistance" means assistance under part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 and following; relating to development and related economic assistance programs) and assistance under chapter 4 of part II of that Act (22 U.S.C. 2346 and following; relating to the economic support fund).

(2) AUTHORITY TO USE CERTAIN GUARANTY AUTHORITIES.—The President—

(A) may use up to $10,000,000 of the guaranty authority available to carry out section 222 of the Foreign Assistance Act of 1961 (22 U.S.C. 2182; relating to the housing guaranty program), and

(B) may exercise the authorities of section 224 of that Act (22 U.S.C. 2184; relating to the trade credit insurance program for Central America),

with respect to Panama for fiscal year 1990 without regard to the provisions of law specified in subsection (c) of this section.

(b) LAW ENFORCEMENT ASSISTANCE.—

(1) ADMINISTRATION OF JUSTICE PROGRAM.—Up to $1,200,000 of the funds made available for Panama under subsection (a)(1) of this section may be used to provide—

(A) assistance authorized by subsection (b)(3) of section 534 of the Foreign Assistance Act of 1961 (22 U.S.C. 2346c; relating to the administration of justice program); and

(B) training for the Public Forces and other civilian law enforcement forces of Panama in human rights, civil law, and investigative and civilian law enforcement techniques, notwithstanding section 660 of that Act (22 U.S.C. 2420; relating to the prohibition on assistance for law enforcement forces).

All assistance provided for Panama under this paragraph shall be counted toward the limitation contained in the second sentence of section 534(e) of that Act and toward the requirement of the second sentence of section 599G(c) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990 (Public Law 101-167).

(2) USE OF MILITARY ASSISTANCE PIPELINE FOR PANAMA TO PROCURE LAW ENFORCEMENT EQUIPMENT.—

(A) AUTHORITY.—Prior year military assistance funds that are obligated for Panama shall be available to finance the procurement of defense articles by law enforcement forces in Panama and related defense services (other than training) notwithstanding the provisions of law specified in subsection (c) of this section and section 660 of the Foreign Assistance Act of 1961 (22 U.S.C. 2420; relating to the prohibition on assistance for law enforcement forces).

(B) LIMITATIONS ON LETHAL EQUIPMENT.—Not more than $500,000 of the funds made available under subparagraph (A) may be used for the procurement of lethal equipment. Only lethal equipment that is appropriate for standard civilian law enforcement requirements may be procured with such funds.

(C) PRIOR YEAR MILITARY ASSISTANCE FUNDS DEFINED.—As used in subparagraph (A), the term "prior year military assistance funds" means funds that were appropriated for a fiscal year prior to fiscal year 1990 to carry out chapter 2 of part II of the Foreign Assistance Act of 1961 (22 U.S.C. 2311 and following; relating to the grant military assistance program) or section 23 of the Arms Export Control Act (22 U.S.C. 2763; relating to foreign military sales credits).

(3) CONGRESSIONAL NOTIFICATION REQUIREMENTS.—

President of U.S.

(A) IN GENERAL.—Except as provided in subparagraph (B) of this paragraph, the President shall notify the congressional committees specified in section 634A of the Foreign Assistance Act of 1961 (22 U.S.C. 2394-1) in accordance with the procedures applicable to reprogrammings under that section at least 15 days before—

(i) each obligation of funds under paragraph (1) of this subsection, and

(ii) each commitment to use funds under paragraph (2) of this subsection.

(B) EXCEPTION.—Such notification is not required with respect to—

(i) obligations under paragraph (1), and

(ii) commitments to use funds under paragraph (2) for the procurement of uniforms and communications equipment (and related defense services),

that occur prior to the end of the 15-day period beginning on the date of enactment of this Act to the extent that such obligations or commitments, as the case may be, were previously justified to the Congress.

(c) BROOKE-ALEXANDER AMENDMENT.—The provisions of law referred to in subsections (a)(1), (a)(2), and (b)(2)(A) of this section are section 620(q) of the Foreign Assistance Act of 1961 (22 U.S.C. 2370(q)); and section 518 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990 (Public Law 101-167), and the corresponding sections of foreign assistance appropriations Acts for prior fiscal years.

SEC. 102. RESUMPTION OF UNITED STATES ASSISTANCE: ANTINARCOTICS CERTIFICATION REQUIREMENTS.

Because the vital national interests of the United States so require and because the Endara Government of Panama has indicated its willingness, and is taking steps, to cooperate fully with the United States to control narcotics production, trafficking, and money laundering, the requirements of paragraphs (1) and (5) of section 481(h) of the Foreign Assistance Act of 1961 (22 U.S.C. 2291(h)) shall cease to apply to Panama as of the date of enactment of this Act to the extent that those requirements became applicable to Panama by reason of the fact that the President did not make a certification with respect to Panama under paragraph (2) of that section at the time the international narcotics control strategy reports for 1988 and 1989 were submitted to the Congress pursuant to section 481(e) of that Act.

SEC. 103. RESUMPTION OF TRADE BENEFITS: ANTINARCOTICS CERTIFICATION REQUIREMENTS.

(a) RESUMPTION UPON DATE OF ENACTMENT.—Because the vital national interests of the United States so require and because the Endara Government of Panama has indicated its willingness, and is taking steps, to cooperate fully with the United States to control narcotics production, trafficking, and money laundering, the conditions specified in section 802(b)(4)(B) of the Narcotics Control Trade Act (19 U.S.C. 2492(b)(4)(B)) shall be deemed to be satisfied as of the date of enactment of this Act with respect to the action taken pursuant to section 802(a) of that Act that is described in subsection (b) of this section.

(b) SPECIFICATION OF BENEFITS.—The action referred to in subsection (a) is the denial to articles imported from Panama of preferential tariff treatment under the Generalized System of Preferences (19 U.S.C. 2461 and following) and the Caribbean Basin Economic Recovery Act (19 U.S.C. 2701 and following) pursuant to Presidential Proclamation 5779 of March 23, 1988.

SEC. 104. REPORT ON PANAMANIAN BANK SECRECY LAWS.

(a) CONGRESSIONAL CONCERNS.—The Congress commends the Endara Government for its cooperation and assistance in freezing Panamanian bank accounts believed to be implicated in narcotics-related and other illegal financial transactions. The Congress remains concerned, however, that the current status of bank secrecy

laws in Panama may lend itself to continued criminal abuse of those laws despite the best intentions of the Endara Government.

President of U.S.

(b) REPORT.—Therefore, no later than April 15, 1990, the President shall submit a detailed report to the Speaker of the House of Representatives and the Chairman of the Committee on Foreign Relations of the Senate on specific actions being undertaken by the Government of Panama to modify the existing bank secrecy regime in order to facilitate detection and prosecution of criminal activities, including—

(1) the modification of bank secrecy laws by the Government of Panama;

(2) the conclusion of an exchange-of-information agreement between the United States and Panama; and

(3) agreements entered into by the Government of Panama or in the process of negotiation that are designed to deter illegal financial transactions and to facilitate early detection and prosecution of such illegal activities.

TITLE II—EASTERN EUROPE AND YUGOSLAVIA

SEC. 201. ASSISTANCE TO SUPPORT TRANSITION TO DEMOCRACY.

(a) AUTHORITY.—Notwithstanding any other provision of law, the President may use up to $10,000,000 of the funds appropriated for fiscal year 1990 to carry out chapter 4 of part II of the Foreign Assistance Act of 1961 (22 U.S.C. 2346 and following; relating to the economic support fund) to support the process of democratic transition in East European countries and Yugoslavia, in addition to amounts otherwise available for such purposes.

(b) LIMITATION.—Funds provided under this section shall be made available only—

President of U.S.

(1) after the President has certified to the Congress that the country where funds are being expended has had, or is scheduled to have, open and free multiparty national or regional elections; and

(2) in such a manner so as to benefit substantially a full range of non-Communist political parties in the countries in which such funds are used.

Approved February 14, 1990.

Feb. 14, 1990
[S.J. Res. 103]

Whereas Visiting Nurse Associations have served homebound Americans since 1885;
Whereas such Associations annually provide home care and support services to nearly 1,000,000 men, women, children, and infants;

Whereas such Associations are voluntary in nature; independently owned and community-based;
Whereas such Associations ensure the quality of care through oversight provided by professional advisory committees composed of local physicians and nurses;

SEC. 124. OPENING A UNITED STATES CONSULATE IN BRATISLAVA.

(a) FINDINGS.—The Congress finds that—

(1) the State Department's "special consulate" concept offers a model for reopening a consulate in Bratislava, Czechoslovakia, at modest cost and with significant public diplomacy and political benefits;

(2) the United States still owns the old consulate building and in 1987-1988 spent about $500,000 to renovate parts of the building;

(3) the building has been productively used for trade and cultural events, but could be more effectively used by restoring it to its original purpose as the locus of official United States representation in the Slovak capital;

(4) Slovakia has been the source of the largest and most recent wave of Czechoslovak emigration to the United States and approximately three and one-half million Americans are of Slovak heritage;

(5) American tourists in Slovakia, many visiting relatives, often require consular assistance and this consular support could best be provided by a consulate in Bratislava;

(6) Slovaks account for more than half of all Czechoslovak tourist travel to the United States and this travel, which should be encouraged, could be expedited by a United States consulate in Bratislava;

(7) the Slovak underground Catholic Church is one of the most vibrant religious forces in Czechoslovakia and each year tens of thousands of Catholics make pilgrimages to Slovakia;

(8) American outreach efforts in Slovakia have been hindered by the absence of a constant and direct American presence in Bratislava; and

(9) with its Hungarian, Polish, and Ukrainian minorities, a United States consulate in Bratislava would provide important information on both regional and local developments.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress that the President should take all practicable steps to reopen the United States consulate in Bratislava, Czechoslovakia.

(b) CONTENTS OF PLAN.—Such plan shall include—

(1) a description of where such pilot program will be located in each such agency's organizational structure and what relevant lines of authority will be established;

(2) a listing of the specific responsibilities that will be assigned to the pilot program to enable it to increase, to the extent practicable and in a rational and effective manner, participation of economically and socially disadvantaged enterprises in activities funded by such agencies;

(3) a detailed design for a time-phase system for bringing about expanded participation, to the extent practicable, by economically and socially disadvantaged enterprises, including—

(A) specific recommendations for percentage allocations of contracts, subcontracts, procurement, grants, and research and development activities by such agencies to such enterprises; and

(B) particular consideration of the participation of economically and socially disadvantaged enterprises in activities in the areas of communications, telecommunications, and information systems;

(4) a proposed reporting system that will permit objective measuring of the degree of participation of economically and socially disadvantaged enterprises in comparison to the total activities funded by such agencies;

(5) a detailed projection of the administrative budgetary impact of the establishment of the pilot program; and

(6) a detailed set of objective criteria upon which determinations will be made as to the qualifications of economically and socially disadvantaged enterprises to receive contracts funded by such agencies.

(c) OBJECTIVES.—The objective of the pilot program shall be to increase the participation, to the extent practicable, of economically and socially disadvantaged business enterprises in contract, procurement, grant, and research and development activities funded by the agencies.

(d) RESPONSIBILITIES.—The pilot program shall—

(1) establish, maintain, and disseminate information to, and otherwise serve as an information clearinghouse for, economically and socially disadvantaged business enterprises regarding business opportunities funded by the agencies;

(2) design and conduct projects to encourage, promote, and assist economically and socially disadvantaged business enterprises to secure direct contracts, host country contracts, subcontracts, grants, and research and development contracts in order for such enterprises to participate in programs funded by the Department of State and the United States Information Agency;

(3) conduct market research, planning, economic and business analyses, and feasibility studies to identify business opportunities funded by such agencies;

(4) develop support mechanisms which will enable socially and economically disadvantaged enterprises to take advantage of business opportunities in programs funded by such agencies; and

(5) enter into such contracts (to such extent or in such amounts as are provided in advance in appropriation Acts), cooperative agreements, or other transactions as may be necessary in the conduct of its functions under this section. Contracts.

(e) RESPONSIBILITIES OF THE SECRETARY.—The Secretary of State (after consultation with the Director of the United States Information Agency) shall provide the pilot program with such relevant information, including procurement schedules, bids, and specifications with respect to programs funded by the Department of State and the United States Information Agency, as may be requested by the pilot program in connection with the performance of its functions under this section.

(f) DEFINITIONS.—

(1) For the purposes of this section, the term "economically and socially disadvantaged enterprise" means a business—

(A) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals or, in the case of a publicly-owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and

(B) whose management and daily business operations are controlled by one or more such individuals.

(2) Socially disadvantaged individuals are those who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities.

(3) Economically disadvantaged individuals are those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. In determining the degree of diminished credit and capital opportunities, the Administrator of the agency shall consider, but not be limited to, the assets and net worth of the socially disadvantaged individual.

(g) REPORTS TO CONGRESS.—For each of the fiscal years 1990 and 1991, the Secretary of State shall prepare and submit a report concerning the implementation of the pilot program under this section to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate.

SEC. 127. REPORT ON REORGANIZATION OF THE DEPARTMENT OF STATE.

(a) FINDINGS.—The Congress makes the following findings:

(1) The Department of State is currently reviewing its organizational structure.

(2) Each of the geographical bureaus deals with a large number of countries and often a broad diversity of cultures, nationalities, and ethnic divisions.

(3) The territory covered by the Bureau of Near Eastern and South Asian Affairs, for example, stretches from the Atlantic coast of Morocco to the Bay of Bengal, includes twenty-five countries, more than a billion people, a number of regional disputes, and several cultural and linguistic divisions. The Bureau of Inter-American Affairs has within its jurisdiction thirty-three countries, including Mexico, the nations of the Caribbean Basin, and Central and South America.

(4) Among the most pressing international issues is the prospect for global warming. Over the next few years, American leadership at the international level will be crucial to worldwide efforts to ensure that global warming does not occur. The Department of State will need to consider appropriate steps to prepare for the leadership role of the United States.

(5) The United States continues to face a foreign intelligence threat, including the danger to United States diplomatic missions. The Department of State will need to improve its ability to detect and prevent intelligence penetration of United States missions abroad.

(b) REPORT.—Not later than February 3, 1990, the Secretary of State shall submit to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives a report assessing the advisability of reorganization of its regional and functional bureaus. The report shall include, but not be limited to, an assessment of the advisability of two bureaus to cover the present responsibilities of the Bureau of Inter-American Affairs, an Office of Diplomatic Security to be headed by an Under Secretary-level Director of Diplomatic Security, and an Office of Global Warming within the Bureau of Oceans, International Environmental and Scientific Affairs. The report shall also include an assessment of the advisability of transferring the jurisdictional responsibility for the Organization of American States from the Bureau of International Organizations to the Bureau of Inter-American Affairs, and of creating a high-level coordinator for United States policy toward Mexico. In the context of the report required by this subsection, it is the sense of the Congress that the Secretary of State should give serious consideration to the establishment of a Bureau of South Asian Affairs within the Department of State.

SEC. 136. INCREASED PARTICIPATION OF UNITED STATES CONTRACTORS IN LOCAL GUARD CONTRACTS ABROAD UNDER THE DIPLOMATIC SECURITY PROGRAM. 22 USC 4864.

(a) FINDINGS.—The Congress makes the following findings:

(1) State Department policy concerning the advertising of security contracts at Foreign Service buildings has been inconsistent over the years. In many cases, diplomatic and consular posts abroad have been given the responsibility to determine the manner in which the private sector was notified concerning an invitation for bids or a request for proposals with respect to a local guard contract. Some United States foreign missions have only chosen to advertise locally the availability of a local security guard contract abroad.

(2) As a result, many United States security firms that provide local guard services abroad have been unaware that local guard contracts were available for bidding abroad and such firms have been disadvantaged as a result.

(3) Undoubtedly, United States security firms would be interested in bidding on more local guard contracts abroad if such firms knew of the opportunity to bid on such contracts.

(b) OBJECTIVE.—It is the objective of this section to improve the efficiency of the local guard programs abroad administered by the Bureau of Diplomatic Security of the Department of State and to ensure maximum competition for local guard contracts abroad concerning Foreign Service buildings.

(c) PARTICIPATION OF UNITED STATES CONTRACTORS IN LOCAL GUARD CONTRACTS ABROAD.—With respect to local guard contracts for a Foreign Service building which exceed $250,000 and are entered into after the date of enactment of this Act, the Secretary of State shall—

(1) establish procedures to ensure that all solicitations for such contracts are adequately advertised in the Commerce and Business Daily;

(2) establish procedures to ensure that appropriate measures are taken by diplomatic and consular post management to assure that United States persons and qualified United States joint venture persons are not disadvantaged during the solicitation and bid evaluation process due to their distance from the post; and

(3) give preference to United States persons and qualified United States joint venture persons where such persons are price competitive to the non-United States persons bidding on the contract, are properly licensed by the host government, and are otherwise qualified to carry out all the terms of the contract.

(d) DEFINITIONS.—For the purposes of this section—

(1) the term "United States person" means a person which—

(A) is incorporated or legally organized under the laws of the United States, including the laws of any State, locality, or the District of Columbia;

(B) has its principal place of business in the United States;

(C) has been incorporated or legally organized in the United States for more than 2 years before the issuance date of the invitation for bids or request for proposals with respect to the contract under subsection (c);

(D) has performed within the United States and overseas security services similar in complexity to the contract being bid;

(E) with respect to the contract under subsection (c), has achieved a total business volume equal to or greater than the value of the project being bid in 3 years of the 5-year period before the date specified in subparagraph (C);

(F)(i) employs United States citizens in at least 80 percent of its principal management positions in the United States; and

(ii) employs United States citizens in more than half of its permanent, full-time positions in the United States; and

(G) has the existing technical and financial resources in the United States to perform the contract;

(2) the term "qualified United States joint venture person" means a joint venture in which a United States person or persons owns at least 51 percent of the assets of the joint venture; and

(3) the term "Foreign Service building" means any building or grounds of the United States which is in a foreign country and is under the jurisdiction and control of the Secretary of State, including residences of United States personnel assigned overseas under the authority of the Ambassador.

(e) UNITED STATES MINORITY CONTRACTORS.—Not less than 10 percent of the amount of funds obligated for local guard contracts for Foreign Service buildings subject to subsection (c) shall be allocated to the extent practicable for contracts with United States minority small business contractors.

(f) UNITED STATES SMALL BUSINESS CONTRACTORS.—Not less than 10 percent of the amount of funds obligated for local guard contracts for Foreign Service buildings subject to subsection (c) shall be allocated to the extent practicable for contracts with United States small business contractors.

(g) LIMITATION OF SUBCONTRACTING.—With respect to local guard contracts subject to subsection (c), a prime contractor may not subcontract more than 50 percent of the total value of its contract for that project.

SEC. 149. FOREIGN SERVICE INTERNSHIP PROGRAM.

(a) FINDINGS.—The Congress makes the following findings:

(1) On September 3, 1986, George Shultz, as Secretary of State, issued a statement containing 32 directives concerning equal opportunity in the Foreign Service. In his statement Secretary Shultz affirmed that it was of "fundamental importance that the Foreign Service truly represent the cultural and ethnic diversity of our own society", and indicated that the lack of such balanced representation was "a foreign policy problem which affects our image as a nation and as a leader of the free world". Secretary Shultz stated "that representation of women and minorities in the Foreign Service is still unacceptably low" and declared that he was "particularly concerned at the small number of Blacks in the Senior Foreign Service".

(2) The Secretary approved 32 recommendations included with the statement regarding recruitment, assignments, performance evaluations, and equal employment opportunity procedures within the Foreign Service. The recommendations of Secretary of State Shultz included—

(A) the targeting of historically Black American colleges and universities for special recruitment efforts, including specific information on how to apply for the Foreign Service examination, the testing process, and the mechanics of entry;

(B) independent review of the written exam for any cultural bias against African Americans;

(C) the inclusion of more African Americans on the board of examiners panels;

(D) investigation of methods to increase African American enrollment in university courses which might improve an applicant's chances of passing the written exam;

(E) development of new recruitment strategies;

(F) the assignment of more African American officers to senior (and visible) role model positions; and

(G) the recruitment of more African American officers into the political and economic cones of the Foreign Service.

(3) During the past 7 years, equal opportunity programs to attract women and minorities to the Foreign Service have been most successful in recruiting women and Asian Americans. Such programs have been less than successful in the recruitment of African Americans, Hispanic Americans, and Native Americans. In 1982, 188 new recruits were appointed to the Foreign Service, 48 were minority appointments constituting 26 percent. In 1985 the number of new appointments had increased 33 percent to 281, but minorities comprised only 10.3 percent of such appointments, a total of 29.

(4) For African Americans and Hispanics the trend of hiring in the Foreign Service is disconcerting. Nineteen African Americans were appointed to the Foreign Service in 1983, in 1987 only 10 African Americans were appointed. Hispanic appointments ranged from 12 in 1983 to 8 in 1985 to 15 in 1987. For Native Americans the Foreign Service statistics are ominous, 5 appointments in 1983, 1 in 1984, and no appointments in 1985, 1986, or 1987.

(5) The severe underrepresentation in the Foreign Service of individuals from certain cultural and ethnic groups is in large part due to the small pool of applicants from such groups. In each year from 1982 through 1987, minority applicants represented 14 to 17 percent of the total applicants and only 50 percent of such applicants took the written exam. In 1987, 1,769 minority applicants took the written exam, 191 passed, and 36 were actually appointed to the Foreign Service.

(6) The absolute and relative decline in the appointment to the Foreign Service of certain minorities who reflect the cultural and ethnic diversity of the United States dictates that more aggressive equal opportunity programs be established to facilitate the recruitment and appointment of such individuals.

(b) ESTABLISHMENT.—Title I of the Foreign Service Act of 1980 is amended by adding at the end the following new chapter:

"CHAPTER 12—FOREIGN SERVICE INTERNSHIP PROGRAM

"SEC. 1201. STATEMENT OF POLICY; OBJECTIVES. 22 USC 4141.

"(a) STATEMENT OF POLICY.—Consistent with the findings of section 101, the Foreign Service of the United States should be rep-

resentative of the American people. In order to facilitate and encourage the entry into the Foreign Service of individuals who meet the rigorous requirements of the Service, while ensuring a Foreign Service system which reflects the cultural and ethnic diversity of the United States, intensive recruitment efforts are mandated. This is particularly true for Native Americans, African Americans, and Hispanic Americans, where other affirmative action and equal opportunity efforts have not been successful in attracting the ablest applicants for entry into the Foreign Service. The United States remains committed to equal opportunity and to a Foreign Service system operated on the basis of merit principles.

"(b) OBJECTIVES.—The objective of this chapter is to strengthen and improve the Foreign Service of the United States through the establishment of a Foreign Service Internship Program. The program shall promote the Foreign Service as a viable and rewarding career opportunity for qualified individuals who reflect the cultural and ethnic diversity of the United States through a highly selective internship program for students enrolled in institutions of higher education.

22 USC 4141a.

"SEC. 1202. FOREIGN SERVICE INTERNSHIP PROGRAM.

"(a) ESTABLISHMENT.—In consultation with the heads of other agencies utilizing the Foreign Service system, the Secretary of State shall establish a Foreign Service internship program to carry out the objectives of this chapter in accordance with the provisions of this chapter.

"(b) FOREIGN SERVICE INTERNSHIP PROGRAM.—The program shall introduce interns to the practice of diplomacy and the unique rewards of the Foreign Service. The program shall consist of three successive summer internships of not less than eight weeks duration in each year to be completed over the course of not more than four years. Special emphasis shall be given to preparing the intern for the Foreign Service examination process. In each year not less than 10 interns shall enter the program.

"(c) ELIGIBILITY TO PARTICIPATE.—

"(1) Students enrolled full-time in institutions of higher education from groups which are underrepresented in the Foreign Service in terms of the cultural and ethnic diversity of the Foreign Service and for whom equal opportunity and affirmative action recruitment efforts have not been successful in achieving balanced representation in appointments to the Foreign Service shall be eligible to be interns in programs under this chapter.

"(2) An intern shall have successfully completed not less than one academic year of study at an institution of higher education to be admitted to the program. In each succeeding year of participation an intern shall have completed an additional year of undergraduate or graduate study and shall maintain an exemplary record of academic achievement.

"(3) In selecting interns, the Secretary shall consider only the ablest students of superior ability selected on the basis of demonstrated achievement and exceptional promise whose academic records reflect the requisite standards of performance necessary for the Foreign Service.

"(d) SUMMER INTERNSHIPS.—

"(1) The primary focus of the first internship shall be the study of international relations, the functions of the Depart-

ment of State and other agencies which utilize the Foreign Service system, and the nature of the Foreign Service. The internship shall be held in Washington, District of Columbia, at the Department of State. As appropriate, the Secretary shall utilize the personnel and facilities of the Foreign Service Institute.

"(2) The second internship shall be, principally, an assignment to a specific bureau of the Department of State. Emphasis shall be on providing insight into the economic and political functional areas.

"(3) The third internship shall be an assignment to a United States mission abroad in the political or economic area.

"(4) The first and second internships may include a detail to the Congress.

"(e) ADMINISTRATION.—The Secretary of State shall determine the academic requirements, other selection criteria, and standards for successful completion of each internship period. The Secretary shall be responsible for the design, implementation, and operation of the program.

"(f) MENTORS.—Each intern shall be assigned a career Foreign Service officer as a mentor. The mentor shall act as a counselor and advisor throughout each summer internship and as a personal Foreign Service contact throughout the period of participation in the program. In the assignment of mentors, the Secretary shall give preference to Foreign Service officers who volunteer for such assignment and who may be role models for the interns.

"(g) COMPENSATION.—Interns shall be compensated at a rate determined by the Secretary which shall not be less than the compensation of comparable summer interns at the Department of State. As determined by the Secretary, for the purposes of travel, housing, health insurance, and other appropriate benefits, interns shall be considered employees of the Foreign Service during each internship period.

"(h) STUDY OF FOREIGN SERVICE EXAMINATION.—The Secretary of State shall study the feasibility of administering the Foreign Service examination in separate segments over several years. Not later than 180 days after the date of the enactment of this Act, the Secretary shall submit a report summarizing the findings of such a study to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate. "Together with the annual submission required under section 105(d)(2), the Secretary of State shall submit a report to the Congress concerning the implementation of the program established under this chapter. Such report accompanied by such other information as the Secretary considers appropriate, shall include specific information concerning the completion rates of interns in the program, interns who took the Foreign Service examination, interns who passed the examination, former interns appointed to the Foreign Service, assignments of former interns, and the advancement of former interns through the Foreign Service System.

"SEC. 1204. AUTHORIZATION OF APPROPRIATIONS. 22 USC 4141c.

"Of the amounts authorized to be appropriated by section 101(a)(1) of the Foreign Relations Authorization Act, Fiscal Years 1990 and 1991, $100,000 for the fiscal year 1990 and $150,000 for the fiscal

year 1991 shall be available only to carry out this chapter. Sums appropriated for the purposes of this chapter are authorized to remain available until expended.".

Broadcasts by the Service shall not be resumed until the Federal Communications Commission finds that the objectionable interference has been eliminated and should not recur.

Presidential determinations that were required by that and other laws confirm the progress that has been made in this respect.

(2) The Congress remains concerned about the need to make further progress to protect the independence of the international civil service working at the United Nations and urges the President to make vigorous efforts to this end.

SEC. 408. POLICY ON UNESCO.

(a) CONGRESSIONAL FINDINGS.—The Congress finds that—

(1) the United States withdrew from the United Nations Educational, Scientific, and Cultural Organization (UNESCO) on December 31, 1984, in response to grave and persistent problems in UNESCO under the then-Director General;

(2) chief among these problems was the assault on the free flow of information supported by that Director General and the

pervasive ideological conflict fomented by the alliance between totalitarian and developing nations;

(3) UNESCO has since acquired a new Director General, Federico Mayor, who has pledged his support for the free flow of information, the return of UNESCO to the principles enunciated in its Charter, and other needed changes in UNESCO policy;

(4) Soviet Foreign Minister Eduard Shevardnadze stated on October 11, 1988, that the Soviet Union was responsible for "the exaggerated ideological approach [that] undermined tolerance intrinsic to UNESCO," and stated that Soviet policy would improve in this regard;

(5) substantial progress remains to be made in implementing the reforms proposed by the new Director General and in determining the degree to which ideological conflict has actually declined; and

(6) when the United States withdrew from UNESCO, the policy of the United States was that at such time as satisfactory changes were achieved in UNESCO, the United States would act on reentry.

(b) POLICY.—It is the sense of the Congress that the Secretary of State should monitor closely the changes achieved in UNESCO and should work with United States allies and the UNESCO leadership to continue to promote the progress necessary to justify United States consideration of reentry into UNESCO.

(c) REPORT REQUIRED.—Not later than 60 days after the date of the enactment of this Act, the Secretary of State shall prepare and submit to the Congress a report on the activities after December 31, 1984, of the United Nations Educational, Scientific, and Cultural Organization.

SEC. 410. CONTRIBUTION TO THE REGULAR BUDGET OF THE INTERNATIONAL COMMITTEE OF THE RED CROSS.

Notwithstanding section 742 of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (Public Law 100-204), for each of the fiscal years 1990 and 1991, the Secretary of State shall not be required to make an annual contribution to the regular budget of the International Committee of the Red Cross of an amount which is greater than 10 percent of the 1989 regular budget of the International Committee of the Red Cross.

SEC. 411. SENSE OF CONGRESS CONCERNING AN ENHANCED ROLE FOR THE INTERNATIONAL COURT OF JUSTICE IN RESOLUTION OF INTERNATIONAL DISPUTES.

(a) FINDINGS.—The Congress makes the following findings:

(1) In 1945, the United States supported the establishment of the International Court of Justice (ICJ) to provide for the orderly resolution of disputes among nations under the rule of law.

(2) The United States, pursuant to Article 93 of the Charter of the United Nations, is also a party to the Statute of the Inter-

national Court of Justice which provides in Article 36(1) that the International Court of Justice will have jurisdiction over "all cases which the parties refer to it and all matters specially provided for in the Charter of the United Nations or in treaties and conventions in force".

(3) In August 1946, the United States, pursuant to Senate advice and consent (61 Stat. 1218), voluntarily accepted the compulsory jurisdiction of the International Court of Justice in other international disputes under Article 36(2) of the Statute of the International Court of Justice, on certain conditions, and maintained such recognition for four decades from 1946 to 1986 when United States acceptance was terminated.

(4) The United States has utilized the International Court of Justice on numerous occasions to resolve disputes with other nations.

(5) In April 1984, the United States notified the Secretary General of the United Nations that the United States was suspending for two years its acceptance of the compulsory jurisdiction of the International Court of Justice in cases relating to Central America.

(6) In 1985, the United States announced it was terminating, in whole, United States acceptance (effective April 1, 1986) of the compulsory jurisdiction of the International Court of Justice.

(7) The Soviet Union, as a member of the United Nations, is also a party to the Statute of the International Court of Justice and is thus bound by Article 36(1).

(8) The Soviet Union, unlike the United States, has not since the inception of the International Court of Justice voluntarily accepted the compulsory jurisdiction of the ICJ under Article 36(2) or taken any other case voluntarily to the court.

(9) Soviet leader Mikhail Gorbachev, in his address to the United Nations in December of 1988 said: "We believe that the jurisdiction of the International Court of Justice at the Hague as regards the interpretation and implementation of agreements on human rights should be binding on all states.".

(10) The Legal Adviser of the State Department is holding discussions with Soviet officials and representatives of other permanent members of the United Nations Security Council and other states to determine whether and how the International Court of Justice might be used for the peaceful settlement of international disputes through procedures that assure fairness and the protection of legitimate national interests.

(b) SENSE OF CONGRESS.—The Congress commends and strongly supports efforts by the United States to broaden, where appropriate, the compulsory jurisdiction and enhance the effectiveness of the International Court of Justice.

SEC. 412. INTERNATIONAL BOUNDARY AND WATER COMMISSION. Flood control.

(a) AUTHORIZATION.—Title I of the Act of June 20, 1956 (70 Stat. 302; 22 U.S.C. 277d-12), is amended in the fourth undesignated paragraph under the heading "INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO"—

(1) by inserting "or sanitation" after "flood control"; and

tion problems by repairing or replacing existing capital infrastructure along the United States-Mexico Boundary".

(b) RESTRICTIONS.—The Act of May 13, 1924, as amended (49 Stat. 660; 22 U.S.C. 277-277f), is amended—

(1) in section 3 (22 U.S.C. 277b) by—

(A) inserting "(1)" after "authorized";

(B) striking out "and (b)" and inserting in lieu thereof "(2)";

(C) inserting before the period at the end thereof the following: "; and (3) to carry out preliminary surveys, operations, and maintenance of the interceptor system constructed to intercept sewage flows from Tijuana from selected canyon areas"; and

(D) adding at the end thereof the following new subsections:

"(b) Expenditures for the Rio Grande bank protection project shall be subject to the provisions and conditions made with respect to that project in the first undesignated paragraph under the heading 'INTERNATIONAL OBLIGATIONS' contained in the Act of April 25, 1945 (59 Stat. 89).

"(c) The Anzalduas diversion dam shall not be operated for irrigation or water supply purposes in the United States unless suitable arrangements have been made with the prospective water users for repayment to the Government of the United States for such portions of the dam as shall have been allocated to such purposes by the Secretary of State."; and

(2) in section 2 (49 Stat. 660; 22 U.S.C. 277a) by striking out "and stabilization" and inserting in lieu thereof "stabilization, drainage of transboundary storm waters,".

SEC. 413. REVIEW OF MULTILATERAL AND BILATERAL COMMISSIONS.

Reports.

Not later than 180 days after the date of the enactment of this Act, the Secretary of State shall prepare and submit a report to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate which provides a review of United States participation in all multilateral and bilateral commissions for which appropriations are authorized to be made under the "International Commissions" account of the Department of State. Together with such comments and recommendations as the Secretary considers appropriate, such report shall include—

(1) a justification for United States participation in each multilateral or bilateral commission;

(2) an assessment of the effectiveness of each multilateral or bilateral commission in which the United States participates; and

(3) information concerning the cost of United States participation in each such commission.

22 USC 287e note.

SEC. 414. MEMBERSHIP OF THE PALESTINE LIBERATION ORGANIZATION IN UNITED NATIONS AGENCIES.

(a) PROHIBITION.—No funds authorized to be appropriated by this Act or any other Act shall be available for the United Nations or any specialized agency thereof which accords the Palestine Liberation Organization the same standing as member states.

(b) TRANSFER OR REPROGRAMMING.—Funds subject to the prohibition contained in subsection (a) which would be available for the

United Nations or any specialized agency thereof (but for that prohibition) are authorized to remain available until expended and may be reprogrammed or transferred to any other account of the Department of State or the Agency for International Development to carry out the general purposes for which such funds were authorized.

SEC. 415. SENSE OF CONGRESS CONCERNING THE UNITED NATIONS RELIEF AND WORKS AGENCY FOR PALESTINIAN REFUGEES IN THE NEAR EAST (UNRWA).

(a) SENSE OF CONGRESS.—It is the sense of the Congress that—

(1) international burdensharing of the costs of the United Nations Relief and Works Agency for Palestinian Refugees in the Near East (UNRWA) is crucial to the survival of such organization;

(2) the Secretary of State should redouble the efforts of the Department of State to promote international burdensharing of the costs of UNRWA's operations; and

(3) regular and substantial contributions by the Arab states to the budget of the United Nations Relief and Works Agency for Palestinian Refugees in the Near East would reflect the commitment of Arab states to a peaceful political settlement in the Middle East.

(b) REPORT TO CONGRESS.—The Secretary of State shall prepare and submit a report on progress being made to promote international burdensharing of the costs of the United Nations Relief and Works Agency for Palestinian Refugees in the Near East (UNRWA) to the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate.

SEC. 416. UNITED NATIONS SPONSORSHIP OF A MIDDLE EAST PEACE CONFERENCE.

(a) FINDINGS.—The Congress finds that—

(1) the General Assembly of the United Nations adopted Resolution No. 3379 on November 10, 1975, maintaining that Zionism constituted a form of racism;

(2) most of the proposals for an international peace conference regarding the Middle East have identified the United Nations as the sponsoring organization for such a conference;

(3) all international diplomatic participants in any potential Middle East peace conference must acknowledge the sovereignty of the State of Israel and the right of its citizens to live within secure and permanent boundaries;

(4) United Nations General Assembly Resolution No. 3379 of November 10, 1975, damages the credibility of the General Assembly as a forum for furthering the search for peace in the Middle East; and

(5) the United States does not favor an international conference on the Middle East at this time, and believes that the Israeli proposal for elections that was advanced in May 1989 is the best available vehicle for furthering the Middle East peace process.

(b) POLICY.—The Congress declares, therefore, that—

(1) the United States should use all appropriate means to obtain rescission by the United Nations General Assembly of Resolution No. 3379 and calls upon the General Assembly to do so; and

(2) so long as that resolution remains in effect, the General Assembly and all affiliated agencies of the United Nations constitute an inappropriate forum for the sponsorship of any international conference on the Arab-Israeli conflict.

SEC. 417. CONTRIBUTIONS FOR PEACEKEEPING ACTIVITIES IN SOUTHERN AFRICA.

(a) ASSURANCES THAT ALL CUBAN TROOPS WILL BE WITHDRAWN.—The United States may not, after the date of enactment of this Act, expend any funds authorized to be appropriated by this Act for a contribution or any other assistance with respect to implementation of the Tripartite Agreement until the President certifies to the Congress that—

(1) the United States has received explicit and reliable assurances from each of the parties to the Bilateral Agreement that all Cuban troops will be withdrawn from Angola by July 1, 1991, and that no Cuban troops will remain in Angola after that date; and

(2) the Secretary General of the United Nations has assured the United States that it is his understanding that all Cuban troops will be withdrawn from Angola by July 1, 1991, and that no Cuban troops will remain in Angola after that date.

(b) CONTRIBUTIONS CONDITIONAL ON COMPLIANCE.—The United States may not expend any funds authorized to be appropriated by this Act for a contribution or any other assistance with respect to implementation of the Tripartite Agreement—

(1) if the Government of Cuba fails at any time to comply with any of its obligations under Article 1 of the Bilateral Agreement (relating to the calendar for redeployment and withdrawal of Cuban troops); or

(2) if any Cuban troops remain in Angola after July 1, 1991.

President of U.S.

(c) REPORTS TO CONGRESS, COMPLIANCE WITH OBLIGATIONS.—Not more than 15 days after each scheduled phase of the redeployment northward and withdrawal of Cuban troops pursuant to the Bilateral Agreement, the President shall submit to the appropriate congressional committees a report on whether each of the signatories of the Tripartite Agreement is complying with its obligations under the agreement. Whenever he has determined that a material breach of the Tripartite Agreement may have been committed by any of the signatories to that agreement, the President shall so report to the appropriate congressional committees.

(d) DISBURSEMENTS.—Of the amount authorized to be appropriated to be made available for contribution with respect to implementation of the Agreement Among the People's Republic of Angola, the Republic of Cuba, and the Republic of South Africa signed at the United Nations on December 22, 1988 (hereinafter known as the Tripartite Agreement) 50 percent of the annual amount shall be available on October 1, 1989, and the remaining 50 percent on April 1, 1990, only if the President determines and certifies to the appropriate congressional committees as of each date that (1) each of the signatories to the Tripartite Agreement is in compliance with its obligations under the Agreement, (2) the Government of Cuba has complied with its obligations under Article 1 of the Bilateral Agreement (relating to the calendar for redeployment and withdrawal of Cuban troops), (3) the Cubans have not engaged in any offensive military actions against UNITA, including the use of chemical warfare, (4) the United Nations and its affiliated agencies have

Specifically, the report shall include—

(1) a description of the number and location of such persons in border camps in Burma, inside Thailand, and in third countries;

(c) DEFINITION.—As used in this section, the term "pro-democracy protester" means any person who has fled from the current military regime of Burma since the outbreak of pro-democracy demonstrations in Burma in 1988.

SEC. 704. THE TREATMENT OF THE TURKISH MINORITY BY THE GOVERNMENT OF THE PEOPLE'S REPUBLIC OF BULGARIA AND BULGARIAN REFUGEES IN TURKEY.

(a) FINDINGS.—The Congress finds that—

(1) the Government of the People's Republic of Bulgaria is a signatory to the 1947 Paris Peace Treaty, the Universal Declaration on Human Rights by the United Nations, and the Final Act of the Conference on Security and Cooperation in Europe (also known as the Helsinki Accords);

(2) the Helsinki Accords express the commitment of the participating states to respect the fundamental freedoms of conscience, religion, expression, and emigration, and to guarantee the rights of minorities;

(3) the 1971 Constitution of the People's Republic of Bulgaria declares that fundamental rights will not be restricted because of distinction of national origin, race, or religion, and guarantees minorities the rights to study in their mother tongue and freely practice their religion;

(4) despite its international obligations and constitutional guarantees, the Government of the People's Republic of Bulgaria has taken numerous steps to repress Turkish language and culture, including prohibiting the study of the Turkish language in schools, banning the use of the Turkish language in public, making the receipt and reading of Turkish publications a punishable act, and jamming the reception of Turkish radio and television programs in Bulgaria;

(5) the right of the ethnic Turkish community to freedom of religion has been severely circumscribed by the Government of the People's Republic of Bulgaria, which has closed a number of mosques and barred the importation of copies of the Koran;

(6) emigration by ethnic Turks and others has been banned with only a few exceptions;

(7) beginning in December 1984, the Bulgarian authorities forced the Turkish minority to change their Turkish names to Bulgarian ones, and hundreds of ethnic Turks were killed, injured, or arrested by Bulgarian forces in 1984 and 1985 when they protested this new policy;

(8) the Bulgarian authorities have used both force and coercion to resettle ethnic Turks from their local villages to areas in Bulgaria with small Turkish populations;

(9) in May 1989, Bulgarian troops and police attacked ethnic Turks and others who were peacefully demonstrating against their discriminatory treatment in Bulgaria;

(10) hundreds of demonstrators were killed or wounded in these attacks, and hundreds more were arrested; and

(11) since these demonstrations, the Government of the People's Republic of Bulgaria has forcibly expelled or coerced into emigrating to Turkey thousands of ethnic Turks without either their money or their possessions, often resulting in the separation of families.

(b) POLICY.—It is the sense of the Congress that the Congress—

(1) strongly condemns the brutal treatment of, and blatant discrimination against, the Turkish minority by the Government of the People's Republic of Bulgaria;

(2) calls upon the Bulgarian authorities to immediately cease all discriminatory practices against this community and to release all ethnic Turks and others currently imprisoned because of their participation in nonviolent political acts;

(3) calls upon the Government of Bulgaria to honor its obligations and public statements concerning the right of all Bulgarian citizens to emigrate freely; and

(4) urges the President and Secretary of State to make strong diplomatic representations to Bulgaria protesting its discriminatory treatment of its Turkish minority and to raise this issue in all appropriate international forums, including the Conference on Security and Cooperation in Europe meeting on the environment in Sofia, Bulgaria, this year.

(c) ALLOCATION OF FUNDS FOR ASSISTANCE TO CERTAIN TURKISH REFUGEES.—Of the funds authorized to be appropriated by section 104(a)(1) for the fiscal year 1990, $10,000,000 shall be available only to the Republic of Turkey for assistance for shelter, food, and other basic needs to ethnic Turkish refugees fleeing the People's Republic of Bulgaria and resettling in the sovereign territory of Turkey.

PLO Commitments Compliance Act of 1989. Israel. Terrorism.

TITLE VIII—PLO COMMITMENTS COMPLIANCE ACT OF 1989

SEC. 801. SHORT TITLE.

This title may be cited as the "PLO Commitments Compliance Act of 1989".

SEC. 802. FINDINGS.

The Congress finds that—

(1) United States policy regarding contacts with the Palestine Liberation Organization (including its Executive Committee, the Palestine National Council, and any constituent groups related thereto (hereafter in this title referred to as the "PLO")) set forth in the Memorandum of Agreement between the United States and Israel, dated September 1, 1975, stated that the United States "will not recognize or negotiate with the Palestine Liberation Organization so long as the PLO does not recognize Israel's right to exist and does not accept United Nations Security Council Resolutions 242 and 338";

(2) section 1302 of the International Security and Development Cooperation Act of 1985 (22 U.S.C. 2151 note; Public Law 99-83), effective October 1, 1985, stated that "no officer or employee of the United States Government and no agent or other individual acting on behalf of the United States Government shall negotiate with the PLO or any representatives thereof (except in emergency or humanitarian situations) unless

and until the PLO recognizes Israel's right to exist, accepts United Nations Security Council Resolutions 242 and 338, and renounces the use of terrorism";

(3) the Department of State statement of November 26, 1988, found that "the United States Government has convincing evidence that PLO elements have engaged in terrorism against Americans and others" and that "Mr. [Yasser] Arafat, Chairman of the PLO, knows of, condones, and lends support to such acts; he therefore is an accessory to such terrorism"; Yasser Arafat.

(4) Secretary of State Shultz declared on December 14, 1988, that "the [PLO] today issued a statement in which it accepted United Nations Security Council Resolutions 242 and 338, recognized Israel's right to exist in peace and security, and renounced terrorism. As a result, the United States is prepared for a substantive dialogue with PLO representatives"; George Shultz.

(5) President Ronald Reagan, subsequent to the decision to open a United States-PLO dialogue, stated that the PLO "must demonstrate that its renunciation of terrorism is pervasive and permanent" and if the PLO reneges on its commitments, the United States "will certainly break off communications"; Ronald Reagan.

(6) since the United States agreed to enter into a dialogue with the PLO, there have been several attempted incursions into Israel by the following PLO-affiliated groups: the Popular Struggle Front, the Palestine Liberation Front, the Democratic Front for the Liberation of Palestine, and the Islamic Jihad group;

(7) Yasser Arafat has not renounced any of these incidents, that he has threatened "ten bullets in the chest" to those Palestinians who advocate a cessation of the unrest, and that his principal deputy, Abu Iyad, as well as other senior Al-Fatah figures, have been quoted as saying that the PLO recognition of Israel and renunciation of terrorism is merely tactical and that a Palestinian state is but the first step in the "liberation of Palestine"; and Abu Iyad.

(8) that the United States should regularly evaluate the PLO's compliance with the commitments made by Yasser Arafat on behalf of the PLO in Geneva on December 14, 1988.

SEC. 803. POLICY.

(a) IN GENERAL.—The Congress reiterates long-standing United States policy that any dialogue with the PLO be contingent upon the PLO's recognition of Israel's right to exist, its acceptance of United Nations Security Council Resolutions 242 and 338, and its abstention from and renunciation of all acts of terrorism.

(b) POLICY TOWARD IMPLEMENTATION OF PLO COMMITMENTS.—It is the sense of the Congress that the United States, in any discussions with the PLO, should seek—

(1) the prevention of terrorism and other violent activity by the PLO or any of its factions; and

(2) the implementation of concrete steps by the PLO consistent with its commitments to recognize Israel and renounce terrorism, including concrete actions that will further the peace process such as—

(A) disbanding units which have been involved in terrorism;

(B) publicly condemning all acts of terrorism;

(C) ceasing the intimidation of Palestinians who advocate a cessation of or who do not support the unrest;

(D) calling on the Arab states to recognize Israel and to end their economic boycott of Israel; and

(E) amending the PLO's Covenant to remove provisions which undermine Israel's legitimacy and which call for Israel's destruction.

(c) POLICY TOWARD RECENT ARMED INCURSIONS INTO ISRAEL BY PLO-AFFILIATED GROUPS.—During the next round of talks with the PLO, should such talks occur after the date of enactment of this Act, the representative of the United States should obtain from the representative of the PLO a full accounting of the following attempted incursions into Israel which occurred after Yasser Arafat's statement of December 14, 1988:

(1) On December 26, 1988, an attempted armed infiltration into Israel by boat by four members of the PLO-affiliated Popular Struggle Front.

(2) On December 28, 1988, an attempted armed infiltration into Israel by three members of the PLO-affiliated Palestine Liberation Front.

(3) On January 24, 1989, an unprovoked attack on an Israeli patrol in Southern Lebanon by the PLO-affiliated Palestine Liberation Front.

(4) On February 5, 1989, an attempted armed infiltration into Israel by nine members of the PLO-affiliated Palestine Liberation Front and Popular Front for the Liberation of Palestine.

(5) On February 23, 1989, an attempted attack on targets in Israel by members of the PLO-affiliated Democratic Front for the Liberation of Palestine.

(6) On February 27, 1989, a PLO-affiliated Popular Front for the Liberation of Palestine ambush of a pro-Israeli Southern Lebanese army vehicle.

(7) On March 2, 1989, an attempted armed infiltration into Israel by four members of the PLO-affiliated Democratic Front for the Liberation of Palestine headed for the civilian town of Zarit.

(8) On March 13, 1989, an attempted armed infiltration into Israel by three members of the PLO-aligned Palestine Liberation Front.

(9) On March 15, 1989, an attempted attack on Israel through Gaza by two members of the Islamic Jihad group.

SEC. 804. REPORTING REQUIREMENT.

(a) REPORT ON ARMED INCURSIONS.—In the event that talks are held with the PLO after the date of enactment of this Act, the Secretary of State, shall, within 30 days after the next round of such talks, report to the Chairman of the Committee on Foreign Affairs of the Senate and the Speaker of the House of Representatives any accounting provided by the representative of the PLO of the incidents described in section 803(c).

President of U.S.

(b) REPORT ON COMPLIANCE WITH COMMITMENTS.—Beginning 30 days after the date of enactment of this Act, and every 120 days thereafter in which the dialogue between the United States and the PLO has not been discontinued, the President shall submit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report, in unclassified form to the maximum extent practicable, regarding progress

toward the achievement of the measures described in section 803(b). Such report shall include—

(1) a description of actions or statements by the PLO as an organization, its Chairman, members of its Executive Committee, members of the Palestine National Council, or any constituent groups related thereto, as they relate to the Geneva commitments of December 1988 regarding cessation of terrorism and recognition of Israel's right to exist, including actions or statements that contend that the declared "Palestinian state" encompasses all of Israel;

(2) a description of the steps, if any, taken by the PLO to evict or otherwise discipline individuals or groups taking actions inconsistent with the Geneva commitments;

(3) a statement of whether the PLO, in accordance with procedures in Article 33 of the Palestinian National Covenant, has repealed provisions in that Covenant which call for Israel's destruction;

(4) a statement of whether the PLO has repudiated its "strategy of stages" whereby it seeks to use a Palestinian state in the West Bank and Gaza as the first step in the total elimination of the state of Israel;

(5) a statement of whether the PLO has called on any Arab state to recognize and enter direct negotiations with Israel or to end its economic boycott of Israel;

(6) a statement of whether "Force 17" and the "Hawari Group", units directed by Yasser Arafat that have carried out terrorist attacks, have been disbanded and not reconstituted under different names;

(7) a statement of whether the following PLO constituent groups conduct or participate in terrorist or other violent activities: the Fatah; the Popular Front for the Liberation of Palestine; the Democratic Front for the Liberation of Palestine; the Arab Liberation Front; the Palestine Liberation Front;

(8) a statement of the PLO's position on the unrest in the West Bank and Gaza, and whether the PLO threatens, through violence or other intimidation measures, Palestinians in the West Bank and Gaza who advocate a cessation of or who do not support the unrest, and who might be receptive to taking part in elections there;

(9) a statement of the position of the PLO regarding the prosecution and extradition, if so requested, of known terrorists such as Abu Abbas, who directed the Achille Lauro hijacking during which Leon Klinghoffer was murdered, and Muhammed Rashid, implicated in the 1982 bombing of a PanAm jet and the 1986 bombing of a TWA jet in which four Americans were killed; and

Abu Abbas.
Muhammed Rashid.

(10) a statement of the position of the PLO on providing compensation to the American victims or the families of American victims of PLO terrorism.

(c) REPORT ON POLICIES OF ARAB STATES.—Not more than 30 days after the date of enactment of this Act, the Secretary of State shall prepare and submit to the Congress a report concerning the policies of Arab states toward the Middle East peace process, including progress toward—

(1) public recognition of Israel's right to exist in peace and security;

(2) ending the Arab economic boycott of Israel; and

(3) ending efforts to expel Israel from international organizations or denying participation in the activities of such organizations.

Human rights.

TITLE IX—PEOPLE'S REPUBLIC OF CHINA

SEC. 901. FINDINGS AND STATEMENTS OF POLICY.

(a) FINDINGS.—The Congress finds that—

(1) on June 4, 1989, the Government of the People's Republic of China ordered an unprovoked, brutal, and indiscriminate assault on thousands of peaceful and unarmed demonstrators and onlookers in and around Tiananmen Square by units of the People's Liberation Army, which resulted in at least 1,000 deaths and several thousand injuries;

(2) the Chinese Government has executed dozens of individuals who participated in prodemocracy demonstrations or who protested the brutal military assault against peaceful demonstrators;

(3) the Government of the People's Republic of China is engaging in widespread mass arrests in the aftermath of the June 4, 1989, military assault in Tiananmen Square, which have resulted in the arrests of thousands of students, workers, and other civilians so far;

(4) independent international human rights organizations, such as Amnesty International and Asia Watch, have documented daily incidences of arbitrary arrests, torture, and beatings by police and military forces in the People's Republic of China;

(5) the Chinese Government has established telephone hotlines and other local communications networks for the express purpose of identifying and imprisoning prodemocracy supporters and political dissidents throughout the country;

(6) officials of the Chinese Government have grossly distorted the Government's actions to suppress the prodemocracy movement, including the clandestine disposal of the bodies of demonstrators without informing their families, and have consistently denied that the massacre in and around Tiananmen Square took place or that abuses of human rights have occurred;

(7) in an effort to conceal the truth about the Chinese Government's brutal suppression of the prodemocracy movement, foreign journalists have been expelled and Voice of America broadcasts are being jammed;

Fang Lizhi.
Li Shuxian.

(8) in view of the widespread and continuing repression, noted Chinese intellectuals and advocates of peaceful democratic reform, Fang Lizhi and Li Shuxian, sought refuge at the United States Embassy in Beijing on June 3, 1989, and the United States exercised its prerogatives under longstanding practices of diplomatic missions by granting them refuge; and

(9) the President has condemned the actions of the leaders of the People's Republic of China against participants in the prodemocracy movement in China and has taken several concrete steps to respond to the repression of the movement, including—

(A) suspending all exports of items on the United States Munitions List, including arms and defense related equipment, to the People's Republic of China;

(B) suspending high level government-to-government contact between the United States and the People's Republic of China;

(C) extending the visas of nationals of the People's Republic of China currently in the United States;

(D) offering humanitarian and medical assistance to the injured through the Red Cross;

(E) instructing United States representatives to international financial institutions to seek delay in the consideration of loan requests that are made to those financial institutions and would benefit the People's Republic of China;

(F) suspending action on applications for the issuance by the Overseas Private Investment Corporation of new insurance and financing of investments in the People's Republic of China by United States investors;

(G) opposing the further liberalization of the guidelines of the group known as the Coordinating Committee (COCOM) regarding trade with the People's Republic of China;

(H) taking no further action to implement the agreement for cooperation between the United States and the People's Republic of China relating to the uses of nuclear energy, thereby foreclosing the issuance of new licenses; and

(I) suspending the license for the export of any United States manufactured satellites for launch on launch vehicles owned by the People's Republic of China, including the two Aussat satellites and the Asiasat satellite.

(b) STATEMENTS OF POLICY.—It is the sense of the Congress that—

(1) the President is to be commended for his clear articulation of United States condemnation of the actions of the Government of the People's Republic of China in the killing and persecution of the participants of the prodemocracy movement in the People's Republic of China, and for the responses and measures by the President against the People's Republic of China, which the Congress supports;

(2) the consultative approach that the President has used in coordinating with other countries the United States response to the atrocities committed by the leaders of the People's Republic of China should be supported;

(3) it is essential that the United States speak in a bipartisan and unified voice in response to the events in the People's Republic of China, and that the President be given the necessary flexibility to respond to rapidly changing situations so that the long-term interests of the United States are not damaged;

(4) in this vein, the President should continue to emphasize to the leaders of the Government of the People's Republic of China that resumption of normal diplomatic and military relations between the United States and the People's Republic of China will depend directly on the Chinese Government's halting of executions of prodemocracy movement supporters, releasing those imprisoned for their political beliefs, and increasing respect for internationally recognized human rights;

(5) because human rights violations in a country as populous as the People's Republic of China may have serious implications for the stability of the Asia-Pacific region, the United Nations should, in order to further regional security and peace, condemn the violent repression, mass arrests, abuse of African students, and executions of peaceful demonstrators by the Government of the People's Republic of China and urge the Chinese Government to enter into negotiations with representatives of the prodemocracy movement;

(6) United States policy toward the People's Republic of China should be explicitly linked with the situation in Tibet, specifically as to whether—

(A) martial law is lifted in Lhasa and other parts of Tibet;

(B) Tibet is open to foreigners, including representatives of the international press and of international human rights organizations;

(C) Tibetan political prisoners are released; and

(D) the Government of the People's Republic of China is entering into negotiations with representatives of the Dalai Lama on a settlement of the Tibetan question;

(7) with respect to Hong Kong—

(A) the President should convey to the leaders of the People's Republic of China the importance of living up to its international undertaking with respect to the 1984 Joint Declaration for the future prosperity and stability of Hong Kong; and

(B) the Secretary of State should convey to the Government of the United Kingdom the strong concern of the United States for continued respect for human rights in Hong Kong, and the need to accelerate progress toward representative government through free and fair direct elections;

(8) the United States should offer admission to the United States to any national of the People's Republic of China who is under threat of severe penalty as a result of participating in prodemocracy activities; and

(9) the President should be commended for his courageous and appropriate action, in accordance with the Vienna Convention on Diplomatic Relations and customary international law, in swiftly providing temporary refuge to Fang Lizhi and Li Shuxian at the United States Embassy in Beijing, and the President should continue to provide refuge to those individuals to ensure their personal safety.

(c) ADDITIONAL MEASURES.—It is further the sense of the Congress that, in addition to the measures already taken or required to be taken by this title—

(1) because systematic repression in China continues, the President should urge the Export-Import Bank of the United States to continue to postpone approval of any application for financing United States exports to the People's Republic of China;

(2) under the direction of the Secretary of the Treasury, the United States executive directors of the appropriate international financial institutions should continue to oppose the extension of loans or any other financial assistance by such institutions to the People's Republic of China;

(3) if systematic repression in China deepens, the President should review—

(A) the advisability of continuing to extend most-favored-nation (MFN) trade treatment to Chinese products;

(B) all bilateral trade agreements between the United States and the People's Republic of China;

(C) the bilateral commercial agreements governing Chinese-American cooperation on satellite launches; and

(D) the Chinese-American Agreement for Cooperation on the Peaceful Uses of Atomic Energy, signed at Washington on July 23, 1985;

(4) if systematic repression in China deepens, the President should consult—

(A) with the members of the group known as the Coordinating Committee (COCOM) for the purpose of reviewing the current favorable treatment accorded to high technology exports to the People's Republic of China; and

(B) with the other signatories of the General Agreement on Tariffs and Trade (GATT) for the purpose of reviewing the People's Republic of China's observer status at meetings on GATT and reassessing the People's Republic of China's right to accede to GATT.

President of U.S.

To designate April 1990 as "National Prevent-A-Litter Month".

Mar. 30, 1990
[S.J. Res. 229]

Whereas the irresponsibility of some dog and cat owners in allowing uncontrolled breeding of their pets has created a pet overpopulation problem in the United States;

Whereas the pet overpopulation problem results in the destruction of millions of dogs and cats each year;

Whereas the pet overpopulation problem results in other cruelties to pets caused by neglect, such as abandonment, starvation, and injury;

Whereas the cruelties inflicted on pets result not only in lost animal lives but also in lost resources spent by thousands of communities to shelter neglected and displaced pets;

Whereas the pet overpopulation problem can be solved only by active promotion of pet owner responsibility programs that include spaying and neutering of pets, proper care and sheltering of pets, and compliance with animal control regulations; and

Whereas the people of the United States should commit themselves to preventing the needless destruction of pets by practicing responsible pet ownership and by spaying and neutering pets as a means of combating the problem of pet overpopulation: Now, therefore, be it

Joint Resolution

Apr. 4, 1990
[S.J. Res. 250]

Designating April 1990 as "National Recycling Month".

Whereas the continued generation of enormous volumes of solid waste each year presents unacceptable threats to human health and the environment;

Whereas several regions of the United States are experiencing a severe shortage of disposal capacity for municipal solid waste;

Whereas as a result of the inability to find sites for new solid waste management facilities, many communities are managing waste in facilities that were not designed with the best available environmental controls;

Whereas the generation of hazardous waste and solid waste must be reduced and as much remaining waste as possible must be recycled to protect human health and the environment and to minimize treatment and disposal capacity problems;

Whereas a significant amount of waste can be diverted from disposal by the utilization of source separation, mechanical separation, and community-based recycling programs;

Whereas local governments should be an integral component of the decisionmaking process regarding the management of municipal solid waste;

Whereas developing a system of waste management that, to the greatest extent practicable, separates elements of the waste stream that require special management or that are in demand for reuse or recycling will enhance the economic feasibility and environmental safety of all management methods, including recycling, incineration, and land disposal;

Whereas source reduction and recycling represent the most environmentally sound means of managing municipal solid waste and can often be carried out with a lower cost than is incurred by other means;

Whereas recycling preserves limited landfill capacity and reduces the amount of solid waste intended for incineration;

Whereas recycling can save energy and avoid the pollution created from extracting resources from their natural environment;

Whereas the revenues recovered by recycling programs offset the costs of solid waste management;

Whereas a well-developed system of recycling scrap metals, paper, and glass already exists and is significantly reducing the quantity of solid waste entering landfills or incinerators;

Whereas the technology for recycling plastic is currently under development, and progress continues toward increasing potential markets;

Whereas many consumer products are designed without sufficient regard for safe and efficient recycling after disposal;

Whereas Federal, State, and local governments should promote the design of products that can be recycled safely and efficiently;

Whereas Federal, State, and local governments should enact legislative measures that will increase the amount of solid waste that is recycled;

Whereas Federal, State, and local governments should encourage the growth of incremental markets for materials recovered from recyclable goods;

Whereas Federal, State, and local governments should establish incentives for household separation of waste to encourage recycling;

Whereas the success of source reduction and recycling programs depends on the participation of an informed public; and

Whereas the people of the United States should be encouraged to participate in educational and legislative endeavors that promote waste separation methods, community-based recycling programs, and expanded utilization of recovered materials: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That April 1990 is designated as "National Recycling Month", and the President of the United States is authorized and requested to issue a proclamation calling upon the people of the United States to observe the month with appropriate ceremonies and activities.

Whereas thousands of Reserve members have been a critical component of the Fighting Force of the United States Navy;

Whereas 600,000 individuals were members of the Naval Reserve during World War I and 80 percent of Naval personnel were reservists during World War II;

Whereas, in the Berlin Crisis, Korea, Vietnam, and most recently in the Persian Gulf, Naval reservists played vital roles;

Whereas the United States Naval Reserve continues to serve the Nation in peace time by maintaining military readiness and contributing to fleet support;

Whereas the reservists serve as part-time regular Navy personnel which economically fulfills important military missions and expands the operational abilities of the Navy around the world;

Whereas thousands of employers throughout the United States and the families of reservists have contributed to the support and encouragement needed for a successful Reserve program;

Apr. 6, 1990
[H.J. Res. 500]

To designate April 6, 1990, as "Education Day, U.S.A.".

Whereas Congress recognizes the historical tradition of ethical values and principles which are the basis of civilized society and upon which our great Nation was founded;

Whereas these ethical values and principles have been the bedrock of society from the dawn of civilization, when they were known as the Seven Noahide Laws;

Whereas without these ethical values and principles the edifice of civilization stands in serious peril of returning to chaos;

Whereas society is profoundly concerned with the recent weakening of these principles that has resulted in crises that beleaguer and threaten the fabric of civilized society;

Whereas the justified preoccupation with these crises must not let the citizens of this Nation lose sight of their responsibility to transmit these historical ethical values from our distinguished past to the generations of the future;

Whereas the Lubavitch movement through its over one hundred and fifty centers in the United States and many more the world over has fostered and promoted these ethical values and principles throughout the world;

Whereas Rabbi Menachem Mendel Schneerson, leader of the Lubavitch movement, is universally respected and revered and his eighty-eighth year will be seen as the year of continued "turn and return", the year in which we continue to turn to an education which will return the world to the moral and ethical values contained in the Seven Noahide Laws;

Whereas, this year of 1990 (5750 on the Hebrew calendar) is the "Fortieth Anniversary" in which the Rebbe enters the fifth decade since his ascension to the world leadership of the Lubavitch movement and spiritual guidance of world Jewry; and

Joint Resolution

Apr. 25, 1990
[S.J. Res. 242]

Designating the week of April 22 through April 28, 1990, as "National Crime Victims' Rights Week".

Whereas thirty-five million individuals in the United States are victimized by crime each year, with six million falling prey to violence;

Whereas the Department of Justice estimates that five out of six individuals will be the victim or intended victim of crime during their lifetimes;

Whereas many victims suffer severe psychological, physical, and emotional hardships as a result of victimizations;

Whereas the Nation must commit its collective energies to improving the criminal justice and social services response to victims;

Whereas injustice to crime victims must be redressed by implementing the recommendations proposed by the President's Task Force on Victims of Crime; and

Whereas, as a Nation committed to justice and liberty for all, efforts must be continued to remove the inequities victims face and to protect and restore individual rights: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That April 22 through April 28, 1990, is designated as "National Crime Victims' Rights Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe the week with appropriate ceremonies and activities.

Apr. 30, 1990
[S. 1096]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, notwithstanding any provision of the Act of October 19, 1973 (87 Stat. 466; 25 U.S.C. 1401, et seq.), or any other law, regulation, or plan promulgated pursuant thereto, the funds appropriated in satisfaction of judgments awarded to the Seminole Indians in dockets 73, 151, and 73-A of the Indian Claims Commission shall be used and distributed as provided in this Act.

Oklahoma.
Florida.

SEC. 2. (a) The funds appropriated with respect to the judgments awarded to the Seminole Indians in dockets 73 and 151 of the Indian Claims Commission (less attorney fees and litigation expenses), including all interest and investment income accrued thereon, are allocated hereby as follows—

(1) 75.404 per centum of such funds are allocated to the Seminole Nation of Oklahoma; and

(2) 24.596 per centum of such funds shall be allocated among the Seminole Tribe of Florida, the Miccosukee Tribe of Indians of Florida and the independent Seminole Indians of Florida.

(b) The funds that are required under subsection (a) of this section to be allocated among the Seminole Tribe of Florida, the Miccosukee Tribe of Indians of Florida, and the independent Seminole Indians of Florida, and all of the funds appropriated with respect to the judgment awarded to the Seminole Indians in docket 73-A (less attorney fees and litigation expenses), including all interest and investment income accrued thereon, shall be allocated as follows—

(1) the Seminole Tribe of Florida, 77.20 per centum;

(2) the Miccosukee Tribe of Indians of Florida, 18.16 per centum; and

(3) the independent Seminole Indians of Florida (as a group), 4.64 per centum.

SEC. 3. (a) A proposed plan for the use and distribution of the funds allocated to the Seminole Nation of Oklahoma under section 2 of this Act may be prepared by the governing body of the Seminole Nation of Oklahoma in consultation with the Secretary of the Interior within one hundred and eighty days of the enactment of this Act. Upon completion of such a plan, the Secretary shall submit it to the Congress without delay, together with recommendations for its approval and the reasons therefor.

(b) If a plan has not been prepared by the Seminole Nation as provided in subsection (a) of this section, the Secretary, in consultation with the Seminole Nation, shall prepare and submit a plan to the Congress for approval within one hundred and eighty days of the expiration of the period referred to in subsection (a) of this section. A copy of the plan prepared by the Secretary shall be furnished to

the Seminole Nation simultaneously with its submission to the Congress.

SEC. 4. (a) Any plan for the use and distribution of the funds allocated to the Seminole Nation of Oklahoma shall provide that not less than 80 per centum thereof shall be set aside and programmed to serve common tribal needs, educational requirements, and such other purposes as the circumstances of the Seminole Nation of Oklahoma may determine.

(b) No per capita distribution may be made from the sum allocated to the Seminole Nation of Oklahoma, except that the investment income from not more than 20 per centum of the fund may be distributed per capita from time to time in the discretion of the tribal governing authority pursuant to a distribution plan approved by the Secretary. No per capita distribution shall occur pursuant to this subsection until a roll of members of the Seminole Nation of Oklahoma born on or before and living on the date of enactment of this Act has been certified by the Secretary.

(c) The interests of minors and other legally incompetent persons who are entitled to receive any portion of such funds as are subsequently distributed to them will be protected and preserved: *Provided,* That such funds may be disbursed to the parents or legal guardians of such minors or legal incompetents in such amounts as may be necessary for the minors or legal incompetents' health, education, welfare, or emergencies under a plan or plans approved by the Secretary and the tribal governing body of the Indian tribe involved.

(d) A plan for the use and distribution of the judgment funds referred to in this Act shall be implemented by the Secretary immediately at the end of the sixty-day period (excluding days on which either the House of Representatives or the Senate is not in session because of an adjournment of more than three calendar days to a day certain) beginning on the day such plan is submitted to the Congress, unless during such sixty-day period a joint resolution is enacted disapproving such plan.

(e) Tribal investment decisions under a plan shall be subject to the approval of the Secretary. Approval shall be granted within a reasonable time unless the Secretary determines, in writing, that the investment would not be reasonable or prudent or would otherwise not be in accord with the provisions of this section.

(f) Neither the United States nor the Secretary shall be liable, because of the Secretary's approval of an investment decision under this section, for any losses in connection with such investment decision.

SEC. 5. The Secretary shall pay the governing body of the Seminole Tribe of Florida such portion of the amount held in trust for that tribe under section 2 of this Act to be allocated or invested as the tribal governing body determines to be in the economic or social interest of the tribe within sixty days after submission of an appropriate resolution by the tribal governing body.

SEC. 6. Notwithstanding any other provision of this Act, no plan for the use and distribution of the share of the funds allocated to the Miccosukee Tribe of Indians of Florida shall be prepared or implemented and no funds allocated to the Miccosukee Tribe of Indians of Florida shall be distributed to the tribe, its members, or any other person unless such plan or distribution is duly authorized by the General Council of the Miccosukee Tribe or by a referendum vote of the members of the tribe duly called by the General Council of the

tribe at which a negative vote is permitted. Such funds (and the interest therefrom) shall be held in trust by the United States and invested as provided in the Act of June 24, 1938 (52 Stat. 1037, as amended; 25 U.S.C. 162a), except that part or all of the amount may from time to time be paid to the governing body of the Miccosukee Tribe of Indians of Florida as may be authorized under this section.

SEC. 7. (a) The Secretary shall invest the funds allocated to the independent Seminole Indians of Florida (as a group) under section 2 in accordance with subsection (a) of the first section of the Act of June 24, 1938 (52 Stat. 1037, as amended; 25 U.S.C. 162a) until the date on which the funds are distributed under subsection (c).

(b)(1) Under regulations prescribed by the Secretary, the Secretary shall compile a role of those independent individuals of Seminole Indian lineal descent who— Regulations.

(A) were born on or before, and are living on, the date of enactment of this Act;

(B) are listed on or are lineal descendants of persons listed on the annotated Seminole Agency Census of 1957 as independent Seminoles; and

(C) are not members of an Indian tribe recognized by the Secretary on the most recent list of such Indian tribes published in the Federal Register.

Such persons listed on this roll shall constitute the independent Seminoles referred to in this Act.

(2) All determinations in the preparation of the roll under paragraph (1) of this subsection shall be based on timely applications for inclusions on the roll supported by evidence satisfactory to the Secretary. The Secretary shall not include any person on the roll who has not made formal application in writing to be included, and who has not met the requirements of paragraph (1) (A), (B), and (C).

(c) As soon as practicable after the roll required under subsection (b) has been compiled, the funds allocated to the independent Seminole Indians of Florida (as a group) under section 2, including all interest and investment income accrued thereon to the date of payment, except as provided for in subsection (d), shall be distributed on a per capita basis, in payments as equal as possible, only to those independent Seminole Indians of Florida enrolled under subsection (b) who make timely application to the Secretary. The Secretary shall not distribute any funds to any Seminoles who are not on the roll prepared pursuant to subsection (b) or who do not make timely application to the Secretary.

(d) Except for the persons who make application and are included on the roll prepared pursuant to section 7(b)(1), and who make application and accept a per capita share of the distribution pursuant to subsection (c), the payment and distribution of the award in accordance with this Act shall not be construed to impair, diminish or affect in any manner any rights and claims of the independent Seminole Indians, either as a group or individually, to any lands or natural resources in the State.

SEC. 8. (a) The funds allocated pursuant to this Act are hereby declared to be held in trust by the United States for the benefit of the Seminole Nation of Oklahoma, the Seminole Tribe of Florida, the Miccosukee Tribe of Indians of Florida, and the independent Seminole Indians of Florida respectively.

(b) None of the funds held in trust by the United States under this Act (including interest and investment income accrued on such funds while such funds are held in trust by the United States), and

none of the funds distributed per capita or made available under this Act for programs, shall be subject to Federal, State, or local income taxes, nor shall such funds nor their availability be considered as income or resources or otherwise utilized as the basis for denying or reducing the financial assistance or other benefits to which such household or member would otherwise be entitled under the Social Security Act or, except for per capita payments in excess of $2,000, any other Federal or federally assisted program.

The boundaries of the Hiawatha National Forest are hereby extended to include all of the lands within the national recreation area. All such extended boundaries shall be deemed boundaries in existence as of January 1, 1965, for the purposes of section 7 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 460l-9). All federally owned lands within the national recreation area on the date of enactment of this Act are hereby components of the National Forest System and shall be administered by the Secretary of Agriculture as provided in this Act.

National Forest System.

SEC. 3. ADMINISTRATION.

(a) ADMINISTRATION.—Subject to valid existing rights, the Secretary of Agriculture (hereafter in this Act referred to as the "Secretary") shall administer the national recreation area in accordance with the laws, rules, and regulations applicable to the National Forest System in furtherance of the purposes for which the national recreation area was established.

(b) SPECIAL MANAGEMENT REQUIREMENTS.—The national recreation area also shall be administered according to the following special management requirements:

(1) Subject to such terms and conditions as may be prescribed by the Secretary, including the protection of threatened and endangered species and the protection of other natural, cultural, and scenic values, owners of privately owned land and homes within the national recreation area shall be afforded access across National Forest System lands.

(2) Consistent with section 7 of this Act, and the purposes of this Act, the Secretary shall provide for and maintain traditional public access, including vehicular roads for general recreational activities such as camping, hiking, hunting, fishing, and trapping.

(3) The Secretary shall permit the use of snowmobiles on Federal lands in the national recreation area in accordance with the rules and regulations of the National Forest System and consistent with the management plan developed pursuant to section 7 of this Act. Such use shall be regulated to protect the resources of the national recreation area in a way that minimizes the degradation of these resources.

(4) Timber management shall be utilized only as a tool to enhance public recreation, scenic quality, game and nongame wildlife species, and the protection and enhancement of threatened, endangered, or sensitive species. Trees damaged or downed due to fire, insects, disease, or blowdown may be utilized, salvaged, or removed from the recreation area as authorized by the Secretary to further the purposes of the national recreation area.

(5) The Secretary shall, after acquiring fee title to at least 10,000 acres of land on Grand Island, provide reasonable water transportation from the mainland to Grand Island. Transportation may be provided through concession, permit, or other means, and a reasonable charge may be imposed. Transportation shall be subject to reasonable regulation by the Secretary and shall not be required when the Secretary deems it to be unsafe because of factors such as weather and water conditions.

(6) The Secretary shall provide through concession, permit, or other means docking and lodge facilities consistent with the management plan developed pursuant to section 7 of this Act.

(7) The Secretary shall take reasonable actions to provide for public health and safety and for the protection of the national recreation area in the event of fire or infestation of insects or disease.

Any such permit shall be issued for an initial period of 20 years and shall be renewed thereafter for successive 20-year periods so long as the permittee is in compliance with the purposes of this Act, the terms of the permit, and other applicable rules and regulations. Any such permit shall be issued in accordance with the laws, rules, and regulations of the Secretary pertaining to the National Forest System, except that such permit shall be subject to the following special provisions:

(C) The Secretary shall collect fees on an annual basis based on the fair market value of the occupancy permitted.

(D) The expansion, remodeling, or reconstruction of such homes shall be subject to approval of and regulation by the Secretary. No expansion, remodeling, or reconstruction may increase the height of structure or result in an increase of more than 25 percent of the sum of the exterior dimensions of a structure as it existed on the date of enactment of this Act. Any expansion, remodeling, or reconstruction shall be consistent with the criteria developed pursuant to section 7(b)(4) of this Act and shall be subject to such other terms and conditions as the Secretary may prescribe.

(E) Any such home may be purchased at the fair market value of the structure and improvements by the Secretary on a willing seller basis.

(F) The permit may be terminated at any time for failure to comply with its terms and conditions and applicable regulations without cost to the Federal Government in accordance with the permit.

(G) After termination of any such permit, if any improvements or property are not removed by their owner within one year of the termination, they shall become the property of the Federal Government.

SEC. 5. STUDENT LITERACY CORPS.

20 USC 1018e.

Section 146 of the Higher Education Act of 1965 is amended to read as follows:

"SEC. 146. AUTHORIZATION OF APPROPRIATIONS.

"There are authorized to be appropriated to carry out the provisions of this part $10,000,000 for fiscal year 1991.".

SEC. 6. THE HEAD START ACT AND CHAPTER 1 OF TITLE I OF THE ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965.

(a) FINDINGS.—The Senate finds that—

(1) one in every five children in America, some 12,600,000 youngsters under the age of 18, live in poverty;

(2) the Head Start program and programs under chapter 1 of title I of the Elementary and Secondary Education Act of 1965 are proven early education programs that offer the best opportunity to break the cycle of poverty;

(3) since 1980, spending by the Federal Government for education has decreased by 4.7 percent in real terms;

(4) $1 invested in high-quality preschool programs like Head Start and chapter 1 of title I of the Elementary and Secondary Education Act of 1965 saves $6 in lowered costs for special education, grade retention, public assistance, and crime;

(5) children who enroll in Head Start are more likely than other poor children to be literate, employed, and enrolled in postsecondary education;

(6) children who enroll in Head Start programs are less likely than other poor children to be high school dropouts, teen parents, dependent on welfare, or arrested for criminal or delinquent activity;

(7) children who enroll in programs under chapter 1 of title I of the Elementary and Secondary Education Act of 1965 experience larger increases in standardized achievement scores than comparable students who did not enroll in such programs;

(8) low funding levels for the Head Start Act limit the participation in Head Start programs to less than 20 percent of the eligible population; and

(9) low funding levels for chapter 1 of title I of the Elementary and Secondary Education Act of 1965 limit participation in programs assisted under such Act to less than 50 percent of the eligible population.

(b) SENSE OF SENATE.—It is the sense of the Senate that appropriations for the Head Start Act should be increased to fully serve the potential, eligible population under such Act by fiscal year 1994 and

that appropriations for chapter 1 of title I of the Elementary and Secondary Education Act of 1965 should be increased to the authorization level of such Act by fiscal year 1994.

SEC. 7. TECHNICAL AMENDMENT.

(a) IN GENERAL.—Section 2 of Public Law 81-874 is amended by inserting at the end thereof the following new subsection (d): 20 USC 237.

"(d) The United States shall be deemed to own Federal property, for the purposes of this Act where— Gifts and property.

"(1) prior to the transfer of Federal property, the United States owned Federal property meeting the requirements of subparagraphs (A), (B), and (C) of subsection (a)(1); and

"(A) restricts some or any construction on such property;

"(C) requires the grantee of the property to report to the Federal Government (or its agent) setting forth information on the use of the property;

"(E) reserves to the Federal Government a right of reversion at any time the Federal Government (or its agent) deems it necessary for the national defense.".

(b) EFFECTIVE DATE.—The amendments made by this section shall take effect on October 1, 1989. 20 USC 237 note.

[S.J. Res. 231]

To designate the week of June 10, 1990 through June 16, 1990, as "State-Supported Homes for Veterans Week".

Whereas since 1864, 36 States have established a total of 58 State-supported homes for the veterans of this Nation;

Whereas such States and the Department of Veterans Affairs support such State-supported homes for veterans and such State-supported homes for veterans currently serve critical needs of the veterans of this Nation;

Whereas such State-supported homes for veterans shall continue to serve the veterans of this Nation and meet the future needs of such veterans when the number of aging veterans increases at an accelerated rate in this Nation;

Whereas such State-supported homes for veterans provide an important resource for the veterans of this Nation, and for the families of such veterans;

Whereas the staff of such State-supported homes for veterans contribute to an enhanced quality of life for the veterans of this Nation, and for the families of such veterans; and

Whereas there is a need for greater public awareness of the vital and significant contributions of State-supported homes for veterans to this Nation: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week of June 10, 1990 through June 16, 1990, is designated as "State-Supported Homes for Veterans Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such day with appropriate ceremonies and activities.

To authorize and request the President to designate May 1990 as "National Physical Fitness and Sports Month".

June 6, 1990
[S.J. Res. 267]

Whereas there is an increase in the number of adults in our country who regularly participate in exercise and sports;
Whereas the number of physically active men and women continues to grow rapidly, especially since the 1970s;
Whereas there is great support for the importance of daily exercise for youth and children regardless of physical capabilities or limitations;
Whereas there is continued growth in senior citizens' physical activity participation which increases their enjoyment and quality of life;
Whereas today we recognize that physical activity is an important part of daily life for children, adults, and senior citizens of both sexes;
Whereas physical activity is vital to good health and is a rich source of pleasure and personal satisfaction;
Whereas our physical fitness and sports programs are one of the primary means by which we strengthen our bodies and refresh our spirits; and
Whereas it is essential that we make fitness and sports programs increasingly available in the schools, at the workplace, and during leisure time so that all of our citizens will be able to experience the joys and benefits they offer: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President is authorized and requested to issue a proclamation designating the month of May 1990 as "National Physical Fitness and Sports Month", and to call upon Federal, State, and local government agencies, and the people of the United States to observe the month with appropriate programs, ceremonies, and activities.

Joint Resolution

June 18, 1990
[S. J. Res. 251]

Designating "Baltic Freedom Day".

Whereas the people of the Baltic States of Estonia, Latvia, and Lithuania have cherished the principles of religious and political freedom and have recently held mass demonstrations calling for freedom and independence;

Whereas from 1918 to 1940, the Baltic States existed as independent, sovereign nations and as fully recognized members of the League of Nations;

Whereas 1990 marks the 50th anniversary of the invasion, seizure, and illegal incorporation of the Baltic States into the Soviet Union against the national will and the desire for independence and freedom of the Baltic people;

Whereas 1990 also marks the 50th anniversary of the continued policy of the United States of not recognizing the illegal forcible occupation of the Baltic States by the Soviet Union;

Whereas, due to Soviet and Nazi collusion, the Baltic States suffered a loss of one-third of their population by the end of World War II;

Whereas, under Soviet occupation, the native Baltic peoples have been deported from their homelands to forced labor and concentration camps in Siberia and elsewhere;

Whereas the people of the Baltic States have unique indigenous cultures, national traditions, and languages, which have been threatened by decades of russification;

Whereas the Soviet Union has introduced into the Baltic States ecologically unsound industries without proper safeguards, and the presence of those industries has critically endangered the environment and well-being of the Baltic people;

Whereas, as part of Soviet President Mikhail Gorbachev's campaign of openness, restructuring, and democratization, the Soviet leaders have officially acknowledged the illegality of the secret protocols to the 1939 Molotov-Ribbentrop Pact, which led to the Soviet military invasion of the Baltic States in 1940;

Whereas, in the spirit of openness and democratization, the Baltic peoples are affirming their right, upheld both by international law and by the Soviet Constitution, to restore full independence through parliamentary and peaceful means; and

Whereas the United States, as a member of the United Nations, has repeatedly upheld the right of nations to self-determination: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

(1) the Congress recognizes the continuing desire and right of the people of the Baltic States for freedom and independence;

(2) the Congress, in keeping with the policy of the United States to deny recognition of the Soviet occupation of the Baltic States, urges the Soviet Union to recognize the sovereignty of the Baltic States and to yield to the rightful demands of the

Baltic peoples for independence from foreign domination and oppression, as guaranteed by Principle Eight of the Helsinki Accords, to which the Soviet Union is a signatory;

(3) June 14, 1990, the anniversary of the first mass deportation of the Baltic peoples from their homelands in 1941, is designated as "Baltic Freedom Day", as a symbol of the solidarity of the people of the United States with the aspirations of the captive Baltic people; and

(4) the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe Baltic Freedom Day with appropriate ceremonies and activities, and to submit to the Congress within 60 days a statement articulating specific actions the United States Government is taking, in fulfillment of the intent of the nonrecognition principle to—

(A) support the peaceful restoration of the independence of the Baltic States; and

(B) to encourage Soviet support for a peaceful transition to independence and democracy in the Baltic States.

To designate the week beginning June 10, 1990, as "National Scleroderma Awareness Week".

Whereas scleroderma is a disease in which connective tissue in the body becomes hardened and rigid, and might afflict any part of the body;
Whereas approximately three hundred thousand people in the United States suffer from scleroderma;
Whereas women are afflicted by scleroderma three times more often than men;
Whereas scleroderma is a chronic and often progressive illness that can result in death;
Whereas the symptoms of scleroderma vary greatly from person to person and can complicate and confuse diagnosis;
Whereas the cause and cure of scleroderma are unknown; and
Whereas scleroderma is an orphan disease and is considered to be understudied: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week beginning June 10, 1990, is designated as "National Scleroderma Awareness Week", and the President of the United States is authorized and requested to issue a proclamation calling upon the people of the United States to observe the week with appropriate ceremonies and activities.

(a) This title may be cited as the "Petroglyph National Monument Establishment Act of 1990".

(b) The Congress finds that—

(1) the nationally significant Las Imagines National Archeological District on Albuquerque's West Mesa Escarpment contains more than 15,000 documented and prehistoric and historic petroglyphs;

(2) the district also contains approximately sixty-five other archeological sites;

(3) the West Mesa Escarpment and the petroglyphs are threatened by urbanization and vandalism, and hundreds of petroglyphs have already been destroyed;

(4) the State of New Mexico has shown great leadership by recognizing the importance of the archeological resources of the West Mesa Escarpment through the establishment of the Las Imagines National Archeological District;

(5) the city of Albuquerque has played a significant role in the preservation of the natural, cultural, and recreational resources of the West Mesa Escarpment;

(6) the Middle Rio Grande Pueblo Tribes have shown a strong and sincere interest in the preservation of their heritage through protection of the West Mesa Escarpment;

(7) the Atrisco Land Grant, now held by Westland Development Company, Incorporated, a corporation whose stock is owned primarily by heirs of the Atrisco Land Grant, has played a significant role in the settlement of the West Mesa area since 1692, and the corporation's shareholders have shown a strong interest in the preservation of their traditional lands;

(8) the National Park System has no unit established for the specific purpose of protecting, preserving, and interpreting prehistoric and historic rock art; and

(9) in light of the national significance of the West Mesa Escarpment and the petroglyphs and the urgent need to protect the cultural and natural resources of the area from urbanization and vandalism, it is appropriate that a national monument be established in the West Mesa Escarpment area, near Albuquerque, New Mexico.

SEC. 102. ESTABLISHMENT OF PETROGLYPH NATIONAL MONUMENT.

(a) In order to preserve, for the benefit and enjoyment of present and future generations, that area in New Mexico containing the nationally significant West Mesa Escarpment, the Las Imagines National Archeological District, a portion of the Atrisco Land Grant, and other significant natural and cultural resources, and to facilitate research activities associated with the resources, there is hereby established the Petroglyph National Monument (hereinafter in this title referred to as the "monument") as a unit of the National Park System. The monument shall consist of approximately 5,280 acres generally known as the Atrisco Unit, as depicted on the map entitled "Boundary Map, Petroglyph National Monument", numbered NM-PETR-80,010C and dated June 1990, which shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior, in the offices of the Department of Energy, Minerals, and Natural Resources of the State of New Mexico, and in the office of the mayor of the city of Albuquerque, New Mexico.

(b) The monument shall be administered by the Secretary of the Interior (hereinafter in this title referred to as the "Secretary") or, if the monument is expanded pursuant to section 104(a), by the Secretary in cooperation with the State of New Mexico (hereinafter in this title referred to as the "State") or the city of Albuquerque, New Mexico (hereinafter in this title referred to as the "city"), in accordance with section 105.

(c) Within 6 months after the date of enaction of this title, the Secretary shall file a legal description of the monument with the Committee on Energy and Natural Resources of the United States Senate and the Committee on Interior and Insular Affairs of the United States House of Representatives. Such legal description shall have the same force and legal description as if included in this title, except that the Secretary may correct clerical and typographical errors in such legal description. The legal description shall be on file and available for public inspection in the offices of the National Park Service, Department of the Interior, in the offices of the Department of Energy, Minerals, and Natural Resources of the State of New Mexico, and in the office of the mayor of the city of Albuquerque, New Mexico: *Provided,* That the Secretary may from time to time, after completion of the general management plan referred to in section 108(a), may make minor adjustments to the monument boundary by publication of a revised map or other boundary description in the Federal Register.

SEC. 103. LAND ACQUISITION AUTHORITY.

(a) The Secretary is authorized to acquire lands and interests therein within the monument boundary by donation, purchase with donated or appropriated funds, exchange, or transfer from any other Federal agency, except that lands or interests therein owned by the State or a political subdivision thereof may be acquired only by donation or exchange. Gifts and property.

(b) Where the surface and subsurface estates of private land to be acquired are separately owned, the Secretary shall acquire the subsurface estate to such land prior to or at the same time the surface estate is acquired: *Provided,* That this subsection shall not be applicable if the Secretary determines that the prior acquisition of the surface estate is necessary—

(2) to properly manage and interpret the monument in accordance with sections 102 and 105.

(c)(1) The Secretary is authorized to exchange Federal lands within the area described on the map referred to in section 102(a) as the Piedras Marcadas Unit for lands owned by the city within the area described as the Atrisco Unit on such map.

(2) The Secretary is authorized to exchange Federal lands within the area described on the map referred to in section 102(a) as the Boca Negra Unit for lands owned by the State within the area described as the Atrisco Unit on such map.

(3) Exchanges shall be on the basis of equal value, and either party to the exchange may pay or accept cash in order to equalize the value of the properties exchanged.

Gifts and property.

(d) Prior to acquiring fee simple ownership of private lands or interests therein within the monument boundary, the Secretary is authorized to acquire an appropriate interest in such land by donation or for a nominal fee from the owner or owners of such lands for the purpose of providing immediate protection against trespass or vandalism or initiating any resource inventories necessary to carry out the purposes of this title.

SEC. 104. EXPANSION OF THE MONUMENT.

(a) Upon the execution of a binding agreement between the Secretary, the State, and the city that the lands identified in this subsection shall be perpetually managed in accordance with section 105, the Secretary shall include such lands, totaling approximately 1,994 acres, within the monument boundary. (2) The authority of the Secretary to make acquisitions pursuant to paragraph (1) shall expire on the date three years after the date of enactment of this Act.

(3) Any lands acquired pursuant to paragraph (1) shall be incorporated into the monument and managed accordingly.

SEC. 105. ADMINISTRATION AND MANAGEMENT OF THE MONUMENT.

National Park Service, consistent with section 108. Visitor use and interpretive programs within such units shall be undertaken consistent with plans developed with the assistance of the National Park Service.

(c) The Secretary is authorized to enter into cooperative agreements with either the State or the city under which the Secretary may manage and interpret any lands owned by the State or the city, respectively, within the boundaries of the monument. Contracts.

(d) In order to encourage a unified and cost effective interpretive program of the natural and cultural resources of the West Mesa Escarpment and its environs, the Secretary is authorized to enter into cooperative agreements with other Federal, State, and local public departments and agencies, Indian tribes, and nonprofit entities providing for the interpretation of these resources. Such agreements shall include, but need not be limited to, a provision for the Secretary to develop and operate interpretive facilities and programs on lands and interests in lands outside the monument boundary, with the agreement of the owner or the administrator thereof. Such cooperative agreements may also provide for financial and technical assistance for the planning and implementation of interpretive programs and minimal development related to these programs. Contracts. Conservation.

Joint Resolution

Designating July 3, 1990, as "Idaho Centennial Day".

June 28, 1990
[S.J. Res. 245]

Whereas at 10 a.m., on July 3, 1890, President Benjamin Harrison signed a proclamation declaring Idaho a State;
Whereas the State of Idaho is known as the Gem State;
Whereas the State of Idaho has become a national leader in agriculture, natural resource industries, technology, and manufacturing;
Whereas the people of Idaho have harvested the natural abundance to produce a wealth which has enabled the building of cities, educational institutions, an unhurried pace of life, and a rich culture, while maintaining the pristine ecology;
Whereas the beautiful mountains, rivers, lakes, trees, deserts, plains, and fields of the State of Idaho are appreciated and preserved, and the quality of life is unsurpassed; and
Whereas on July 3, 1990, the State of Idaho will begin a new century of statehood: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That July 3, 1990, is designated as "Idaho Centennial Day", and the President is authorized and requested to issue a proclamation acknowledging the economic, social, and historic contributions of the people of the State of Idaho to the United States during the past century.

Joint Resolution

June 28, 1990
[H.J. Res. 575]

To designate June 25, 1990, as "Korean War Remembrance Day".

Whereas on June 25, 1950, the army of the Communist government of North Korea initiated the Korean war by invading South Korea;

Whereas the United Nations military command created to respond to the attack is the only example of such a command in the history of the United Nations;

Whereas members of the Armed Forces of the United States exerted executive authority over and were the primary participants in the command;

Whereas in addition to the United States and South Korea, 20 other member nations of the United Nations provided military forces to serve under the United Nations military command;

Whereas after three years of active hostilities, the territorial integrity of South Korea was restored, primarily through the efforts of the Armed Forces of the United States;

Whereas the people of South Korea remain free and independent to this day;

Whereas more than 5,700,000 United States servicemen and servicewomen were directly or indirectly involved in the war;

Whereas this Nation's casualties from the war included 54,246 dead, of which 33,629 were battle deaths, 103,284 wounded, 8,177 listed as missing or prisoners of war, and 328 prisoners of war still unaccounted for;

Whereas, although the Korean war has been called this Nation's "Forgotten War", the war has not been forgotten by those who served or by the families of those who served;

Whereas this Nation must never forget the sacrifices made by the servicemen and servicewomen who served, fought, were injured, and died in the Korean war;

Whereas the Congress has enacted and the President has signed into law an Act to establish a Korean War Veterans' Memorial in the Nation's Capital to recognize and honor the service and sacrifice of this Nation's servicemen and servicewomen who participated in the Korean war; and

Whereas on the 40th anniversary of the commencement of the Korean war, it is appropriate to recognize, honor, and remember the service and sacrifices of the servicemen and servicewomen of this Nation who preserved the independence of South Korea by enduring the rigors of combat, a hostile climate, and other trying conditions during that war: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That June 25, 1990, is designated as "Korean War Remembrance Day", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such day with appropriate ceremonies and activities and to urge the departments and agencies

of the United States and interested organizations, groups, and individuals to fly the flag of the United States at half staff on June 25, 1990, in honor of the Americans who died as a result of service in the Korean war.

Joint Resolution

Calling upon the United Nations to repeal General Assembly Resolution 3379.

June 29, 1990
[S.J. Res. 246]

Whereas the United Nations will celebrate the forty-fifth anniversary of its charter on June 26, 1990;

Whereas Article I of the United Nations Charter establishes the United Nations as "a center for harmonizing the actions of nations";

Whereas on November 10, 1990, fifteen years will have passed since the adoption of United Nations General Assembly Resolution 3379 which formally declared Zionism to be "a form of racism and racial discrimination";

Whereas Zionism is a national movement of the Jewish people for self-determination, a legitimate and moral aspiration characteristic of many national groups in the modern world;

Whereas United Nations General Assembly Resolution 3379 has had as its overt purpose the delegitimation of the State of Israel;

Whereas United Nations General Assembly Resolution 3379 has impeded the struggle against real forms of racial bigotry and has had the incendiary effect of stimulating and encouraging anti-semitism;

Whereas United Nations General Assembly Resolution 3379 has been used to justify terrorist attacks against innocent people;

Whereas United Nations General Assembly Resolution 3379 is violative of the principles of the United Nations Charter and makes it impossible for the General Assembly to play a credible role in the peaceful resolution of the Arab-Israeli conflict; and

Whereas Public Laws 99-90 (S.J. Res. 98, 1985) and 100-169 (S.J. Res. 205, 1987) and earlier expressions of congressional concern bearing on this subject demonstrate that the United States condemns, denounces, and repudiates United Nations General Assembly Resolution 3379: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

(1) the United States calls upon all member states of the United Nations General Assembly to take immediate action to repeal United Nations General Assembly Resolution 3379;

(2) the President shall periodically report to the Congress on progress made toward the repeal of United Nations General Assembly Resolution 3379; and

(3) the Congress commends the President for his commitment to achieving this goal.

16 USC 1241 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Selma to Montgomery National Trail Study Act of 1989".

SEC. 2. FINDINGS.

The Congress finds that:

(1) The march from Selma to Montgomery led to the passage of the Voting Rights Act of 1965, which achieved the legal right to vote for all Americans.

(2) Events associated with the march from Selma to Montgomery and from what came to be known as "Bloody Sunday" sent shock waves around the world, raised the Nation's consciousness and convinced political leaders that the time had come for voting rights legislation.

(3) The designation of the route of the march from Selma to Montgomery as a national historic trail will serve as a reminder of the right and responsibility of all Americans to fully participate in the election processes. It will serve as a reminder that we must be ever vigilant in securing our right to vote. It will also give long overdue recognition to the men and women who have sacrificed so much for, and dedicated their lives to, voting rights for all Americans.

SEC. 3. DESIGNATION OF TRAIL FOR STUDY.

Section 5(c) of the National Trails System Act (82 Stat. 919; 16 U.S.C. 1244(c)) is amended by adding the following new paragraph at the end thereof:

The study under this paragraph shall be prepared in accordance with subsection (b) of this section, except that it shall be completed and submitted to the Congress with recommendations as to the trail's suitability for designation not later than 1 year after the enactment of this paragraph.".

Joint Resolution

July 6, 1990
[S.J. Res. 320]

Designating July 2, 1990, as "National Literacy Day".

Whereas literacy is a necessary tool for survival in our society;
Whereas thirty-five million Americans today read at a level which is less than necessary for full survival needs;
Whereas there are twenty-seven million adults in the United States who cannot read, whose resources are left untapped, and who are unable to offer their full contribution to society;
Whereas illiteracy is growing rapidly, as two million three-hundred thousand persons, including one million two-hundred thousand legal and illegal immigrants, one million high school dropouts, and one hundred thousand refugees, are added to the pool of illiterates annually;
Whereas the annual cost of illiteracy to the United States in terms of welfare expenditures, crime, prison expenses, lost revenues, and industrial and military accidents has been estimated at $225,000,000,000;
Whereas the competitiveness of the United States is eroded by the presence in the workplace of millions of Americans who are functionally or technologically illiterate;
Whereas there is a direct correlation between the number of illiterate adults unable to perform at the standard necessary for available employment and the money allocated to child welfare and unemployment compensation;
Whereas the percentage of illiterates in proportion to population size is higher for blacks and Hispanics, resulting in increased economic and social discrimination against these minorities;
Whereas the prison population represents the single highest concentration of adult illiteracy;
Whereas one million children in the United States between the ages of twelve and seventeen cannot read above a third grade level, 13 per centum of all seventeen-year-olds are functionally illiterate, and 15 per centum of graduates of urban high schools read at less than a sixth grade level;
Whereas 85 per centum of the juveniles who appear in criminal court are functionally illiterate;
Whereas the 47 per centum illiteracy rate among black youths is expected to increase;
Whereas one-half of all heads of households cannot read past the eighth grade level and one-third of all mothers on welfare are functionally illiterate;
Whereas the cycle of illiteracy continues because the children of illiterate parents are often illiterate themselves because of the lack of support they receive from their home environment;
Whereas Federal, State, municipal, and private literacy programs have only been able to reach 5 per centum of the total illiterate population;

Whereas it is vital to call attention to the problem of illiteracy, to understand the severity of the problem and its detrimental effects on our society, and to reach those who are illiterate and unaware of the free services and help available to them; and

Whereas it is also necessary to recognize and thank the thousands of volunteers who are working to promote literacy and provide support to the millions of illiterates in need of assistance: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That July 2, 1990, is designated as "National Literacy Day", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such day with appropriate ceremonies and activities.

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) some 43,000,000 Americans have one or more physical or mental disabilities, and this number is increasing as the population as a whole is growing older;

(2) historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against individuals with disabilities continue to be a serious and pervasive social problem;

(3) discrimination against individuals with disabilities persists in such critical areas as employment, housing, public accommodations, education, transportation, communication, recreation, institutionalization, health services, voting, and access to public services;

(4) unlike individuals who have experienced discrimination on the basis of race, color, sex, national origin, religion, or age, individuals who have experienced discrimination on the basis of disability have often had no legal recourse to redress such discrimination;

(5) individuals with disabilities continually encounter various forms of discrimination, including outright intentional exclusion, the discriminatory effects of architectural, transportation, and communication barriers, overprotective rules and policies,

failure to make modifications to existing facilities and practices, exclusionary qualification standards and criteria, segregation, and relegation to lesser services, programs, activities, benefits, jobs, or other opportunities;

(6) census data, national polls, and other studies have documented that people with disabilities, as a group, occupy an inferior status in our society, and are severely disadvantaged socially, vocationally, economically, and educationally;

(7) individuals with disabilities are a discrete and insular minority who have been faced with restrictions and limitations, subjected to a history of purposeful unequal treatment, and relegated to a position of political powerlessness in our society, based on characteristics that are beyond the control of such individuals and resulting from stereotypic assumptions not truly indicative of the individual ability of such individuals to participate in, and contribute to, society;

(8) the Nation's proper goals regarding individuals with disabilities are to assure equality of opportunity, full participation, independent living, and economic self-sufficiency for such individuals; and

(9) the continuing existence of unfair and unnecessary discrimination and prejudice denies people with disabilities the opportunity to compete on an equal basis and to pursue those opportunities for which our free society is justifiably famous, and costs the United States billions of dollars in unnecessary expenses resulting from dependency and nonproductivity.

(b) PURPOSE.—It is the purpose of this Act—

(1) to provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;

(2) to provide clear, strong, consistent, enforceable standards addressing discrimination against individuals with disabilities;

(3) to ensure that the Federal Government plays a central role in enforcing the standards established in this Act on behalf of individuals with disabilities; and

(4) to invoke the sweep of congressional authority, including the power to enforce the fourteenth amendment and to regulate commerce, in order to address the major areas of discrimination faced day-to-day by people with disabilities.

SEC. 222. PUBLIC ENTITIES OPERATING FIXED ROUTE SYSTEMS. 42 USC 12142.

(a) PURCHASE AND LEASE OF NEW VEHICLES.—It shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for a public entity which operates a fixed route system to purchase or lease a new bus, a new rapid rail vehicle, a new light rail vehicle, or any other new vehicle to be used on such system, if the solicitation for such purchase or lease is made after the 30th day following the effective date of this subsection and if such bus, rail vehicle, or other vehicle is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(b) PURCHASE AND LEASE OF USED VEHICLES.—Subject to subsection (c)(1), it shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for a public entity which operates a fixed route system to purchase or lease, after the 30th day following the effective date of this subsection, a used vehicle for use on such system unless such entity makes demonstrated good faith efforts to purchase or lease a used vehicle for use on such system that is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(c) REMANUFACTURED VEHICLES.—

(1) GENERAL RULE.—Except as provided in paragraph (2), it shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for a public entity which operates a fixed route system—

(A) to remanufacture a vehicle for use on such system so as to extend its usable life for 5 years or more, which remanufacture begins (or for which the solicitation is made) after the 30th day following the effective date of this subsection; or

(B) to purchase or lease for use on such system a remanufactured vehicle which has been remanufactured so as to extend its usable life for 5 years or more, which purchase or lease occurs after such 30th day and during the period in which the usable life is extended;

unless, after remanufacture, the vehicle is, to the maximum extent feasible, readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(2) EXCEPTION FOR HISTORIC VEHICLES.—

(A) GENERAL RULE.—If a public entity operates a fixed route system any segment of which is included on the National Register of Historic Places and if making a vehicle of historic character to be used solely on such segment readily accessible to and usable by individuals with disabilities would significantly alter the historic character of such vehicle, the public entity only has to make (or to purchase or lease a remanufactured vehicle with) those modifications which are necessary to meet the requirements of paragraph

(1) and which do not significantly alter the historic character of such vehicle.

(B) VEHICLES OF HISTORIC CHARACTER DEFINED BY REGULATIONS.—For purposes of this paragraph and section 228(b), a vehicle of historic character shall be defined by the regulations issued by the Secretary to carry out this subsection.

42 USC 12143.

SEC. 223. PARATRANSIT AS A COMPLEMENT TO FIXED ROUTE SERVICE.

(a) GENERAL RULE.—It shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for a public entity which operates a fixed route system (other than a system which provides solely commuter bus service) to fail to provide with respect to the operations of its fixed route system, in accordance with this section, paratransit and other special transportation services to individuals with disabilities, including individuals who use wheelchairs, that are sufficient to provide to such individuals a level of service (1) which is comparable to the level of designated public transportation services provided to individuals without disabilities using such system; or (2) in the case of response time, which is comparable, to the extent practicable, to the level of designated public transportation services provided to individuals without disabilities using such system.

(b) ISSUANCE OF REGULATIONS.—Not later than 1 year after the effective date of this subsection, the Secretary shall issue final regulations to carry out this section.

(c) REQUIRED CONTENTS OF REGULATIONS.—

(1) ELIGIBLE RECIPIENTS OF SERVICE.—The regulations issued under this section shall require each public entity which operates a fixed route system to provide the paratransit and other special transportation services required under this section—

(A)(i) to any individual with a disability who is unable, as a result of a physical or mental impairment (including a vision impairment) and without the assistance of another individual (except an operator of a wheelchair lift or other boarding assistance device), to board, ride, or disembark from any vehicle on the system which is readily accessible to and usable by individuals with disabilities;

(ii) to any individual with a disability who needs the assistance of a wheelchair lift or other boarding assistance device (and is able with such assistance) to board, ride, and disembark from any vehicle which is readily accessible to and usable by individuals with disabilities if the individual wants to travel on a route on the system during the hours of operation of the system at a time (or within a reasonable period of such time) when such a vehicle is not being used to provide designated public transportation on the route; and

(iii) to any individual with a disability who has a specific impairment-related condition which prevents such individual from traveling to a boarding location or from a disembarking location on such system;

(B) to one other individual accompanying the individual with the disability; and

(C) to other individuals, in addition to the one individual described in subparagraph (B), accompanying the individual with a disability provided that space for these additional individuals is available on the paratransit vehicle carrying

the individual with a disability and that the transportation of such additional individuals will not result in a denial of service to individuals with disabilities.

For purposes of clauses (i) and (ii) of subparagraph (A), boarding or disembarking from a vehicle does not include travel to the boarding location or from the disembarking location.

(2) SERVICE AREA.—The regulations issued under this section shall require the provision of paratransit and special transportation services required under this section in the service area of each public entity which operates a fixed route system, other than any portion of the service area in which the public entity solely provides commuter bus service.

(3) SERVICE CRITERIA.—Subject to paragraphs (1) and (2), the regulations issued under this section shall establish minimum service criteria for determining the level of services to be required under this section.

(4) UNDUE FINANCIAL BURDEN LIMITATION.—The regulations issued under this section shall provide that, if the public entity is able to demonstrate to the satisfaction of the Secretary that the provision of paratransit and other special transportation services otherwise required under this section would impose an undue financial burden on the public entity, the public entity, notwithstanding any other provision of this section (other than paragraph (5)), shall only be required to provide such services to the extent that providing such services would not impose such a burden.

(5) ADDITIONAL SERVICES.—The regulations issued under this section shall establish circumstances under which the Secretary may require a public entity to provide, notwithstanding paragraph (4), paratransit and other special transportation services under this section beyond the level of paratransit and other special transportation services which would otherwise be required under paragraph (4).

(6) PUBLIC PARTICIPATION.—The regulations issued under this section shall require that each public entity which operates a fixed route system hold a public hearing, provide an opportunity for public comment, and consult with individuals with disabilities in preparing its plan under paragraph (7).

(7) PLANS.—The regulations issued under this section shall require that each public entity which operates a fixed route system—

(A) within 18 months after the effective date of this subsection, submit to the Secretary, and commence implementation of, a plan for providing paratransit and other special transportation services which meets the requirements of this section; and

(B) on an annual basis thereafter, submit to the Secretary, and commence implementation of, a plan for providing such services.

(8) PROVISION OF SERVICES BY OTHERS.—The regulations issued under this section shall—

(A) require that a public entity submitting a plan to the Secretary under this section identify in the plan any person or other public entity which is providing a paratransit or other special transportation service for individuals with disabilities in the service area to which the plan applies; and

(B) provide that the public entity submitting the plan does not have to provide under the plan such service for individuals with disabilities.

(9) OTHER PROVISIONS.—The regulations issued under this section shall include such other provisions and requirements as the Secretary determines are necessary to carry out the objectives of this section.

(d) REVIEW OF PLAN.—

(1) GENERAL RULE.—The Secretary shall review a plan submitted under this section for the purpose of determining whether or not such plan meets the requirements of this section, including the regulations issued under this section.

(2) DISAPPROVAL.—If the Secretary determines that a plan reviewed under this subsection fails to meet the requirements of this section, the Secretary shall disapprove the plan and notify the public entity which submitted the plan of such disapproval and the reasons therefor.

(3) MODIFICATION OF DISAPPROVED PLAN.—Not later than 90 days after the date of disapproval of a plan under this subsection, the public entity which submitted the plan shall modify the plan to meet the requirements of this section and shall submit to the Secretary, and commence implementation of, such modified plan.

(e) DISCRIMINATION DEFINED.—As used in subsection (a), the term "discrimination" includes—

(1) a failure of a public entity to which the regulations issued under this section apply to submit, or commence implementation of, a plan in accordance with subsections (c)(6) and (c)(7);

(2) a failure of such entity to submit, or commence implementation of, a modified plan in accordance with subsection (d)(3);

(3) submission to the Secretary of a modified plan under subsection (d)(3) which does not meet the requirements of this section; or

(4) a failure of such entity to provide paratransit or other special transportation services in accordance with the plan or modified plan the public entity submitted to the Secretary under this section.

(f) STATUTORY CONSTRUCTION.—Nothing in this section shall be construed as preventing a public entity—

(1) from providing paratransit or other special transportation services at a level which is greater than the level of such services which are required by this section,

(2) from providing paratransit or other special transportation services in addition to those paratransit and special transportation services required by this section, or

(3) from providing such services to individuals in addition to those individuals to whom such services are required to be provided by this section.

42 USC 12144.

SEC. 224. PUBLIC ENTITY OPERATING A DEMAND RESPONSIVE SYSTEM.

If a public entity operates a demand responsive system, it shall be considered discrimination, for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), for such entity to purchase or lease a new vehicle for use on such system, for which a solicitation is made after the 30th day following the effective date of this section, that is not readily accessible to and usable

by individuals with disabilities, including individuals who use wheelchairs, unless such system, when viewed in its entirety, provides a level of service to such individuals equivalent to the level of service such system provides to individuals without disabilities.

SEC. 225. TEMPORARY RELIEF WHERE LIFTS ARE UNAVAILABLE. 42 USC 12145.

(a) GRANTING.—With respect to the purchase of new buses, a public entity may apply for, and the Secretary may temporarily relieve such public entity from the obligation under section 222(a) or 224 to purchase new buses that are readily accessible to and usable by individuals with disabilities if such public entity demonstrates to the satisfaction of the Secretary—

(1) that the initial solicitation for new buses made by the public entity specified that all new buses were to be lift-equipped and were to be otherwise accessible to and usable by individuals with disabilities;

(2) the unavailability from any qualified manufacturer of hydraulic, electromechanical, or other lifts for such new buses;

(3) that the public entity seeking temporary relief has made good faith efforts to locate a qualified manufacturer to supply the lifts to the manufacturer of such buses in sufficient time to comply with such solicitation; and

(4) that any further delay in purchasing new buses necessary to obtain such lifts would significantly impair transportation services in the community served by the public entity.

(b) DURATION AND NOTICE TO CONGRESS.—Any relief granted under subsection (a) shall be limited in duration by a specified date, and the appropriate committees of Congress shall be notified of any such relief granted.

(c) FRAUDULENT APPLICATION.—If, at any time, the Secretary has reasonable cause to believe that any relief granted under subsection (a) was fraudulently applied for, the Secretary shall—

(1) cancel such relief if such relief is still in effect; and

(2) take such other action as the Secretary considers appropriate.

SEC. 226. NEW FACILITIES. 42 USC 12146.

For purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), it shall be considered discrimination for a public entity to construct a new facility to be used in the provision of designated public transportation services unless such facility is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

SEC. 227. ALTERATIONS OF EXISTING FACILITIES. 42 USC 12147.

(a) GENERAL RULE.—With respect to alterations of an existing facility or part thereof used in the provision of designated public transportation services that affect or could affect the usability of the facility or part thereof, it shall be considered discrimination, for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), for a public entity to fail to make such alterations (or to ensure that the alterations are made) in such a manner that, to the maximum extent feasible, the altered portions of the facility are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, upon the completion of such alterations. Where the public entity is undertaking an alteration that affects or could affect usability of or

access to an area of the facility containing a primary function, the entity shall also make the alterations in such a manner that, to the maximum extent feasible, the path of travel to the altered area and the bathrooms, telephones, and drinking fountains serving the altered area, are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, upon completion of such alterations, where such alterations to the path of travel or the bathrooms, telephones, and drinking fountains serving the altered area are not disproportionate to the overall alterations in terms of cost and scope (as determined under criteria established by the Attorney General).

(b) SPECIAL RULE FOR STATIONS.—

(1) GENERAL RULE.—For purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), it shall be considered discrimination for a public entity that provides designated public transportation to fail, in accordance with the provisions of this subsection, to make key stations (as determined under criteria established by the Secretary by regulation) in rapid rail and light rail systems readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(2) RAPID RAIL AND LIGHT RAIL KEY STATIONS.—

(A) ACCESSIBILITY.—Except as otherwise provided in this paragraph, all key stations (as determined under criteria established by the Secretary by regulation) in rapid rail and light rail systems shall be made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, as soon as practicable but in no event later than the last day of the 3-year period beginning on the effective date of this paragraph.

(B) EXTENSION FOR EXTRAORDINARILY EXPENSIVE STRUCTURAL CHANGES.—The Secretary may extend the 3-year period under subparagraph (A) up to a 30-year period for key stations in a rapid rail or light rail system which stations need extraordinarily expensive structural changes to, or replacement of, existing facilities; except that by the last day of the 20th year following the date of the enactment of this Act at least ⅔ of such key stations must be readily accessible to and usable by individuals with disabilities.

(3) PLANS AND MILESTONES.—The Secretary shall require the appropriate public entity to develop and submit to the Secretary a plan for compliance with this subsection—

(A) that reflects consultation with individuals with disabilities affected by such plan and the results of a public hearing and public comments on such plan, and

(B) that establishes milestones for achievement of the requirements of this subsection.

42 USC 12148.

SEC. 228. PUBLIC TRANSPORTATION PROGRAMS AND ACTIVITIES IN EXISTING FACILITIES AND ONE CAR PER TRAIN RULE.

(a) PUBLIC TRANSPORTATION PROGRAMS AND ACTIVITIES IN EXISTING FACILITIES.—

(1) IN GENERAL.—With respect to existing facilities used in the provision of designated public transportation services, it shall be considered discrimination, for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C.

794), for a public entity to fail to operate a designated public transportation program or activity conducted in such facilities so that, when viewed in the entirety, the program or activity is readily accessible to and usable by individuals with disabilities.

(2) EXCEPTION.—Paragraph (1) shall not require a public entity to make structural changes to existing facilities in order to make such facilities accessible to individuals who use wheelchairs, unless and to the extent required by section 227(a) (relating to alterations) or section 227(b) (relating to key stations).

(3) UTILIZATION.—Paragraph (1) shall not require a public entity to which paragraph (2) applies, to provide to individuals who use wheelchairs services made available to the general public at such facilities when such individuals could not utilize or benefit from such services provided at such facilities.

(b) ONE CAR PER TRAIN RULE.—

(1) GENERAL RULE.—Subject to paragraph (2), with respect to 2 or more vehicles operated as a train by a light or rapid rail system, for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), it shall be considered discrimination for a public entity to fail to have at least 1 vehicle per train that is accessible to individuals with disabilities, including individuals who use wheelchairs, as soon as practicable but in no event later than the last day of the 5-year period beginning on the effective date of this section.

(2) HISTORIC TRAINS.—In order to comply with paragraph (1) with respect to the remanufacture of a vehicle of historic character which is to be used on a segment of a light or rapid rail system which is included on the National Register of Historic Places, if making such vehicle readily accessible to and usable by individuals with disabilities would significantly alter the historic character of such vehicle, the public entity which operates such system only has to make (or to purchase or lease a remanufactured vehicle with) those modifications which are necessary to meet the requirements of section 222(c)(1) and which do not significantly alter the historic character of such vehicle.

SEC. 229. REGULATIONS. 42 USC 12149.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue regulations, in an accessible format, necessary for carrying out this part (other than section 223).

(b) STANDARDS.—The regulations issued under this section and section 223 shall include standards applicable to facilities and vehicles covered by this subtitle. The standards shall be consistent with the minimum guidelines and requirements issued by the Architectural and Transportation Barriers Compliance Board in accordance with section 504 of this Act.

SEC. 230. INTERIM ACCESSIBILITY REQUIREMENTS. 42 USC 12150.

If final regulations have not been issued pursuant to section 229, for new construction or alterations for which a valid and appropriate State or local building permit is obtained prior to the issuance of final regulations under such section, and for which the construction or alteration authorized by such permit begins within one year of the receipt of such permit and is completed under the terms of

such permit, compliance with the Uniform Federal Accessibility Standards in effect at the time the building permit is issued shall suffice to satisfy the requirement that facilities be readily accessible to and usable by persons with disabilities as required under sections 226 and 227, except that, if such final regulations have not been issued one year after the Architectural and Transportation Barriers Compliance Board has issued the supplemental minimum guidelines required under section 504(a) of this Act, compliance with such supplemental minimum guidelines shall be necessary to satisfy the requirement that facilities be readily accessible to and usable by persons with disabilities prior to issuance of the final regulations.

42 USC 12141 note.

SEC. 231. EFFECTIVE DATE.

(2) PURCHASE OR LEASE.—It shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for a person to purchase or lease a remanufactured rail passenger car for use in intercity or commuter rail transportation unless such car was remanufactured in accordance with paragraph (1).

(e) STATIONS.—

(1) NEW STATIONS.—It shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for a person to build a new station for use in intercity or commuter rail transportation that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, as prescribed by the Secretary of Transportation in regulations issued under section 244.

(2) EXISTING STATIONS.—

(A) FAILURE TO MAKE READILY ACCESSIBLE.—

(i) GENERAL RULE.—It shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for a responsible person to fail to make existing stations in the intercity rail transportation system, and existing key stations in commuter rail transportation systems, readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, as prescribed by the Secretary of Transportation in regulations issued under section 244.

(ii) PERIOD FOR COMPLIANCE.—

(I) INTERCITY RAIL.—All stations in the intercity rail transportation system shall be made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, as soon as practicable, but in no event later than 20 years after the date of enactment of this Act.

(II) COMMUTER RAIL.—Key stations in commuter rail transportation systems shall be made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, as soon as practicable but in no event later than 3 years after the date of enactment of this Act, except that the time limit may be extended by the Secretary of Transportation up to 20 years after the date of enactment of this Act in a case where the raising of the entire passenger platform is the only means available of attaining accessibility or where other extraordinarily expensive structural changes are necessary to attain accessibility.

(iii) DESIGNATION OF KEY STATIONS.—Each commuter authority shall designate the key stations in its commuter rail transportation system, in consultation with individuals with disabilities and organizations representing such individuals, taking into consideration such factors as high ridership and whether such station serves as a transfer or feeder station. Before the final designation of key stations under this clause, a commuter authority shall hold a public hearing.

(iv) PLANS AND MILESTONES.—The Secretary of Transportation shall require the appropriate person to develop a plan for carrying out this subparagraph that reflects consultation with individuals with disabilities affected by such plan and that establishes milestones for achievement of the requirements of this subparagraph.

(B) REQUIREMENT WHEN MAKING ALTERATIONS.—

(i) GENERAL RULE.—It shall be considered discrimination, for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), with respect to alterations of an existing station or part thereof in the intercity or commuter rail transportation systems that affect or could affect the usability of the station or part thereof, for the responsible person, owner, or person in control of the station to fail to make the alterations in such a manner that, to the

maximum extent feasible, the altered portions of the station are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, upon completion of such alterations.

(ii) ALTERATIONS TO A PRIMARY FUNCTION AREA.—It shall be considered discrimination, for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), with respect to alterations that affect or could affect the usability of or access to an area of the station containing a primary function, for the responsible person, owner, or person in control of the station to fail to make the alterations in such a manner that, to the maximum extent feasible, the path of travel to the altered area, and the bathrooms, telephones, and drinking fountains serving the altered area, are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs, upon completion of such alterations, where such alterations to the path of travel or the bathrooms, telephones, and drinking fountains serving the altered area are not disproportionate to the overall alterations in terms of cost and scope (as determined under criteria established by the Attorney General).

(C) REQUIRED COOPERATION.—It shall be considered discrimination for purposes of section 202 of this Act and section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) for an owner, or person in control, of a station governed by subparagraph (A) or (B) to fail to provide reasonable cooperation to a responsible person with respect to such station in that responsible person's efforts to comply with such subparagraph. An owner, or person in control, of a station shall be liable to a responsible person for any failure to provide reasonable cooperation as required by this subparagraph. Failure to receive reasonable cooperation required by this subparagraph shall not be a defense to a claim of discrimination under this Act.

42 USC 12163.

SEC. 243. CONFORMANCE OF ACCESSIBILITY STANDARDS.

Accessibility standards included in regulations issued under this part shall be consistent with the minimum guidelines issued by the Architectural and Transportation Barriers Compliance Board under section 504(a) of this Act.

42 USC 12164.

SEC. 244. REGULATIONS.

Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue regulations, in an accessible format, necessary for carrying out this part.

42 USC 12165.

SEC. 245. INTERIM ACCESSIBILITY REQUIREMENTS.

(a) STATIONS.—If final regulations have not been issued pursuant to section 244, for new construction or alterations for which a valid and appropriate State or local building permit is obtained prior to the issuance of final regulations under such section, and for which the construction or alteration authorized by such permit begins within one year of the receipt of such permit and is completed under the terms of such permit, compliance with the Uniform Federal Accessibility Standards in effect at the time the building permit is

issued shall suffice to satisfy the requirement that stations be readily accessible to and usable by persons with disabilities as required under section 242(e), except that, if such final regulations have not been issued one year after the Architectural and Transportation Barriers Compliance Board has issued the supplemental minimum guidelines required under section 504(a) of this Act, compliance with such supplemental minimum guidelines shall be necessary to satisfy the requirement that stations be readily accessible to and usable by persons with disabilities prior to issuance of the final regulations.

(b) RAIL PASSENGER CARS.—If final regulations have not been issued pursuant to section 244, a person shall be considered to have complied with the requirements of section 242 (a) through (d) that a rail passenger car be readily accessible to and usable by individuals with disabilities, if the design for such car complies with the laws and regulations (including the Minimum Guidelines and Requirements for Accessible Design and such supplemental minimum guidelines as are issued under section 504(a) of this Act) governing accessibility of such cars, to the extent that such laws and regulations are not inconsistent with this part and are in effect at the time such design is substantially completed.

SEC. 246. EFFECTIVE DATE. 42 USC 12161 note.

(a) GENERAL RULE.—Except as provided in subsection (b), this part shall become effective 18 months after the date of enactment of this Act.

(b) EXCEPTION.—Sections 242 and 244 shall become effective on the date of enactment of this Act.

SEC. 302. PROHIBITION OF DISCRIMINATION BY PUBLIC ACCOMMODATIONS. 42 USC 12182.

(a) GENERAL RULE.—No individual shall be discriminated against on the basis of disability in the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation by any person who owns, leases (or leases to), or operates a place of public accommodation.

(b) CONSTRUCTION.—

(1) GENERAL PROHIBITION.—

(A) ACTIVITIES.—

(i) DENIAL OF PARTICIPATION.—It shall be discriminatory to subject an individual or class of individuals on the basis of a disability or disabilities of such individual or class, directly, or through contractual, licensing, or other arrangements, to a denial of the opportunity of the individual or class to participate in or benefit from the goods, services, facilities, privileges, advantages, or accommodations of an entity.

(ii) PARTICIPATION IN UNEQUAL BENEFIT.—It shall be discriminatory to afford an individual or class of individuals, on the basis of a disability or disabilities of such individual or class, directly, or through contractual, licensing, or other arrangements with the opportunity to participate in or benefit from a good, service, facility, privilege, advantage, or accommodation that is not equal to that afforded to other individuals.

(iii) SEPARATE BENEFIT.—It shall be discriminatory to provide an individual or class of individuals, on the basis of a disability or disabilities of such individual or class, directly, or through contractual, licensing, or other arrangements with a good, service, facility, privilege, advantage, or accommodation that is different or separate from that provided to other individuals, unless such action is necessary to provide the individual or class of individuals with a good, service, facility, privi-

lege, advantage, or accommodation, or other opportunity that is as effective as that provided to others.

(iv) INDIVIDUAL OR CLASS OF INDIVIDUALS.—For purposes of clauses (i) through (iii) of this subparagraph, the term "individual or class of individuals" refers to the clients or customers of the covered public accommodation that enters into the contractual, licensing or other arrangement.

(B) INTEGRATED SETTINGS.—Goods, services, facilities, privileges, advantages, and accommodations shall be afforded to an individual with a disability in the most integrated setting appropriate to the needs of the individual.

(C) OPPORTUNITY TO PARTICIPATE.—Notwithstanding the existence of separate or different programs or activities provided in accordance with this section, an individual with a disability shall not be denied the opportunity to participate in such programs or activities that are not separate or different.

(D) ADMINISTRATIVE METHODS.—An individual or entity shall not, directly or through contractual or other arrangements, utilize standards or criteria or methods of administration—

(i) that have the effect of discriminating on the basis of disability; or

(ii) that perpetuate the discrimination of others who are subject to common administrative control.

(E) ASSOCIATION.—It shall be discriminatory to exclude or otherwise deny equal goods, services, facilities, privileges, advantages, accommodations, or other opportunities to an individual or entity because of the known disability of an individual with whom the individual or entity is known to have a relationship or association.

(2) SPECIFIC PROHIBITIONS.—

(A) DISCRIMINATION.—For purposes of subsection (a), discrimination includes—

(i) the imposition or application of eligibility criteria that screen out or tend to screen out an individual with a disability or any class of individuals with disabilities from fully and equally enjoying any goods, services, facilities, privileges, advantages, or accommodations, unless such criteria can be shown to be necessary for the provision of the goods, services, facilities, privileges, advantages, or accommodations being offered;

(ii) a failure to make reasonable modifications in policies, practices, or procedures, when such modifications are necessary to afford such goods, services, facilities, privileges, advantages, or accommodations to individuals with disabilities, unless the entity can demonstrate that making such modifications would fundamentally alter the nature of such goods, services, facilities, privileges, advantages, or accommodations;

(iii) a failure to take such steps as may be necessary to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently than other individuals because of the absence of auxiliary aids and services, unless the entity can demonstrate that taking such steps would fun-

damentally alter the nature of the good, service, facility, privilege, advantage, or accommodation being offered or would result in an undue burden;

(iv) a failure to remove architectural barriers, and communication barriers that are structural in nature, in existing facilities, and transportation barriers in existing vehicles and rail passenger cars used by an establishment for transporting individuals (not including barriers that can only be removed through the retrofitting of vehicles or rail passenger cars by the installation of a hydraulic or other lift), where such removal is readily achievable; and

(v) where an entity can demonstrate that the removal of a barrier under clause (iv) is not readily achievable, a failure to make such goods, services, facilities, privileges, advantages, or accommodations available through alternative methods if such methods are readily achievable.

(B) FIXED ROUTE SYSTEM.—

(i) ACCESSIBILITY.—It shall be considered discrimination for a private entity which operates a fixed route system and which is not subject to section 304 to purchase or lease a vehicle with a seating capacity in excess of 16 passengers (including the driver) for use on such system, for which a solicitation is made after the 30th day following the effective date of this subparagraph, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(ii) EQUIVALENT SERVICE.—If a private entity which operates a fixed route system and which is not subject to section 304 purchases or leases a vehicle with a seating capacity of 16 passengers or less (including the driver) for use on such system after the effective date of this subparagraph that is not readily accessible to or usable by individuals with disabilities, it shall be considered discrimination for such entity to fail to operate such system so that, when viewed in its entirety, such system ensures a level of service to individuals with disabilities, including individuals who use wheelchairs, equivalent to the level of service provided to individuals without disabilities.

(C) DEMAND RESPONSIVE SYSTEM.—For purposes of subsection (a), discrimination includes—

(i) a failure of a private entity which operates a demand responsive system and which is not subject to section 304 to operate such system so that, when viewed in its entirety, such system ensures a level of service to individuals with disabilities, including individuals who use wheelchairs, equivalent to the level of service provided to individuals without disabilities; and

(ii) the purchase or lease by such entity for use on such system of a vehicle with a seating capacity in excess of 16 passengers (including the driver), for which solicitations are made after the 30th day following the effective date of this subparagraph, that is not readily

accessible to and usable by individuals with disabilities (including individuals who use wheelchairs) unless such entity can demonstrate that such system, when viewed in its entirety, provides a level of service to individuals with disabilities equivalent to that provided to individuals without disabilities.

(D) OVER-THE-ROAD BUSES.—

(i) LIMITATION ON APPLICABILITY.—Subparagraphs (B) and (C) do not apply to over-the-road buses.

(ii) ACCESSIBILITY REQUIREMENTS.—For purposes of subsection (a), discrimination includes (I) the purchase or lease of an over-the-road bus which does not comply with the regulations issued under section 306(a)(2) by a private entity which provides transportation of individuals and which is not primarily engaged in the business of transporting people, and (II) any other failure of such entity to comply with such regulations.

(3) SPECIFIC CONSTRUCTION.—Nothing in this title shall require an entity to permit an individual to participate in or benefit from the goods, services, facilities, privileges, advantages and accommodations of such entity where such individual poses a direct threat to the health or safety of others. The term "direct threat" means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures or by the provision of auxiliary aids or services.

42 USC 12183.

SEC. 303. NEW CONSTRUCTION AND ALTERATIONS IN PUBLIC ACCOMMODATIONS AND COMMERCIAL FACILITIES.

(a) APPLICATION OF TERM.—Except as provided in subsection (b), as applied to public accommodations and commercial facilities, discrimination for purposes of section 302(a) includes—

(1) a failure to design and construct facilities for first occupancy later than 30 months after the date of enactment of this Act that are readily accessible to and usable by individuals with disabilities, except where an entity can demonstrate that it is structurally impracticable to meet the requirements of such subsection in accordance with standards set forth or incorporated by reference in regulations issued under this title; and

(2) with respect to a facility or part thereof that is altered by, on behalf of, or for the use of an establishment in a manner that affects or could affect the usability of the facility or part thereof, a failure to make alterations in such a manner that, to the maximum extent feasible, the altered portions of the facility are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs. Where the entity is undertaking an alteration that affects or could affect usability of or access to an area of the facility containing a primary function, the entity shall also make the alterations in such a manner that, to the maximum extent feasible, the path of travel to the altered area and the bathrooms, telephones, and drinking fountains serving the altered area, are readily accessible to and usable by individuals with disabilities where such alterations to the path of travel or the bathrooms, telephones, and drinking fountains serving the altered area are not disproportionate to the overall alterations in terms of cost and

scope (as determined under criteria established by the Attorney General).

(b) ELEVATOR.—Subsection (a) shall not be construed to require the installation of an elevator for facilities that are less than three stories or have less than 3,000 square feet per story unless the building is a shopping center, a shopping mall, or the professional office of a health care provider or unless the Attorney General determines that a particular category of such facilities requires the installation of elevators based on the usage of such facilities.

SEC. 304. PROHIBITION OF DISCRIMINATION IN SPECIFIED PUBLIC TRANSPORTATION SERVICES PROVIDED BY PRIVATE ENTITIES. 42 USC 12184.

(a) GENERAL RULE.—No individual shall be discriminated against on the basis of disability in the full and equal enjoyment of specified public transportation services provided by a private entity that is primarily engaged in the business of transporting people and whose operations affect commerce.

(b) CONSTRUCTION.—For purposes of subsection (a), discrimination includes—

(1) the imposition or application by a entity described in subsection (a) of eligibility criteria that screen out or tend to screen out an individual with a disability or any class of individuals with disabilities from fully enjoying the specified public transportation services provided by the entity, unless such criteria can be shown to be necessary for the provision of the services being offered;

(2) the failure of such entity to—

(A) make reasonable modifications consistent with those required under section 302(b)(2)(A)(ii);

(B) provide auxiliary aids and services consistent with the requirements of section 302(b)(2)(A)(iii); and

(C) remove barriers consistent with the requirements of section 302(b)(2)(A) and with the requirements of section 303(a)(2);

(3) the purchase or lease by such entity of a new vehicle (other than an automobile, a van with a seating capacity of less than 8 passengers, including the driver, or an over-the-road bus) which is to be used to provide specified public transportation and for which a solicitation is made after the 30th day following the effective date of this section, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs; except that the new vehicle need not be readily accessible to and usable by such individuals if the new vehicle is to be used solely in a demand responsive system and if the entity can demonstrate that such system, when viewed in its entirety, provides a level of service to such individuals equivalent to the level of service provided to the general public;

(4)(A) the purchase or lease by such entity of an over-the-road bus which does not comply with the regulations issued under section 306(a)(2); and

(B) any other failure of such entity to comply with such regulations; and

(5) the purchase or lease by such entity of a new van with a seating capacity of less than 8 passengers, including the driver, which is to be used to provide specified public transportation and for which a solicitation is made after the 30th day following

the effective date of this section that is not readily accessible to or usable by individuals with disabilities, including individuals who use wheelchairs; except that the new van need not be readily accessible to and usable by such individuals if the entity can demonstrate that the system for which the van is being purchased or leased, when viewed in its entirety, provides a level of service to such individuals equivalent to the level of service provided to the general public;

(6) the purchase or lease by such entity of a new rail passenger car that is to be used to provide specified public transportation, and for which a solicitation is made later than 30 days after the effective date of this paragraph, that is not readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs; and

(7) the remanufacture by such entity of a rail passenger car that is to be used to provide specified public transportation so as to extend its usable life for 10 years or more, or the purchase or lease by such entity of such a rail car, unless the rail car, to the maximum extent feasible, is made readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(c) HISTORICAL OR ANTIQUATED CARS.—

(1) EXCEPTION.—To the extent that compliance with subsection (b)(2)(C) or (b)(7) would significantly alter the historic or antiquated character of a historical or antiquated rail passenger car, or a rail station served exclusively by such cars, or would result in violation of any rule, regulation, standard, or order issued by the Secretary of Transportation under the Federal Railroad Safety Act of 1970, such compliance shall not be required.

(2) DEFINITION.—As used in this subsection, the term "historical or antiquated rail passenger car" means a rail passenger car—

(A) which is not less than 30 years old at the time of its use for transporting individuals;

(B) the manufacturer of which is no longer in the business of manufacturing rail passenger cars; and

(C) which—

(i) has a consequential association with events or persons significant to the past; or

(ii) embodies, or is being restored to embody, the distinctive characteristics of a type of rail passenger car used in the past, or to represent a time period which has passed.

42 USC 12185.

SEC. 305. STUDY.

(a) PURPOSES.—The Office of Technology Assessment shall undertake a study to determine—

(1) the access needs of individuals with disabilities to over-the-road buses and over-the-road bus service; and

(2) the most cost-effective methods for providing access to over-the-road buses and over-the-road bus service to individuals with disabilities, particularly individuals who use wheelchairs, through all forms of boarding options.

(b) CONTENTS.—The study shall include, at a minimum, an analysis of the following:

(1) The anticipated demand by individuals with disabilities for accessible over-the-road buses and over-the-road bus service.

(2) The degree to which such buses and service, including any service required under sections 304(b)(4) and 306(a)(2), are readily accessible to and usable by individuals with disabilities.

(3) The effectiveness of various methods of providing accessibility to such buses and service to individuals with disabilities.

(4) The cost of providing accessible over-the-road buses and bus service to individuals with disabilities, including consideration of recent technological and cost saving developments in equipment and devices.

(5) Possible design changes in over-the-road buses that could enhance accessibility, including the installation of accessible restrooms which do not result in a loss of seating capacity.

(6) The impact of accessibility requirements on the continuation of over-the-road bus service, with particular consideration of the impact of such requirements on such service to rural communities.

(c) ADVISORY COMMITTEE.—In conducting the study required by subsection (a), the Office of Technology Assessment shall establish an advisory committee, which shall consist of—

(1) members selected from among private operators and manufacturers of over-the-road buses;

(2) members selected from among individuals with disabilities, particularly individuals who use wheelchairs, who are potential riders of such buses; and

(3) members selected for their technical expertise on issues included in the study, including manufacturers of boarding assistance equipment and devices.

The number of members selected under each of paragraphs (1) and (2) shall be equal, and the total number of members selected under paragraphs (1) and (2) shall exceed the number of members selected under paragraph (3).

(d) DEADLINE.—The study required by subsection (a), along with recommendations by the Office of Technology Assessment, including any policy options for legislative action, shall be submitted to the President and Congress within 36 months after the date of the enactment of this Act. If the President determines that compliance with the regulations issued pursuant to section 306(a)(2)(B) on or before the applicable deadlines specified in section 306(a)(2)(B) will result in a significant reduction in intercity over-the-road bus service, the President shall extend each such deadline by 1 year. President of U.S.

(e) REVIEW.—In developing the study required by subsection (a), the Office of Technology Assessment shall provide a preliminary draft of such study to the Architectural and Transportation Barriers Compliance Board established under section 502 of the Rehabilitation Act of 1973 (29 U.S.C. 792). The Board shall have an opportunity to comment on such draft study, and any such comments by the Board made in writing within 120 days after the Board's receipt of the draft study shall be incorporated as part of the final study required to be submitted under subsection (d).

SEC. 306. REGULATIONS. 42 USC 12186.

(a) TRANSPORTATION PROVISIONS.—

(1) GENERAL RULE.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Transportation shall issue regulations in an accessible format to carry out sections

302(b)(2) (B) and (C) and to carry out section 304 (other than subsection (b)(4)).

(2) SPECIAL RULES FOR PROVIDING ACCESS TO OVER-THE-ROAD BUSES.—

(A) INTERIM REQUIREMENTS.—

(i) ISSUANCE.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Transportation shall issue regulations in an accessible format to carry out sections 304(b)(4) and 302(b)(2)(D)(ii) that require each private entity which uses an over-the-road bus to provide transportation of individuals to provide accessibility to such bus; except that such regulations shall not require any structural changes in over-the-road buses in order to provide access to individuals who use wheelchairs during the effective period of such regulations and shall not require the purchase of boarding assistance devices to provide access to such individuals.

(ii) EFFECTIVE PERIOD.—The regulations issued pursuant to this subparagraph shall be effective until the effective date of the regulations issued under subparagraph (B).

(B) FINAL REQUIREMENT.—

(i) REVIEW OF STUDY AND INTERIM REQUIREMENTS.—The Secretary shall review the study submitted under section 305 and the regulations issued pursuant to subparagraph (A).

(ii) ISSUANCE.—Not later than 1 year after the date of the submission of the study under section 305, the Secretary shall issue in an accessible format new regulations to carry out sections 304(b)(4) and 302(b)(2)(D)(ii) that require, taking into account the purposes of the study under section 305 and any recommendations resulting from such study, each private entity which uses an over-the-road bus to provide transportation to individuals to provide accessibility to such bus to individuals with disabilities, including individuals who use wheelchairs.

(iii) EFFECTIVE PERIOD.—Subject to section 305(d), the regulations issued pursuant to this subparagraph shall take effect—

(I) with respect to small providers of transportation (as defined by the Secretary), 7 years after the date of the enactment of this Act; and

(II) with respect to other providers of transportation, 6 years after such date of enactment.

(C) LIMITATION ON REQUIRING INSTALLATION OF ACCESSIBLE RESTROOMS.—The regulations issued pursuant to this paragraph shall not require the installation of accessible restrooms in over-the-road buses if such installation would result in a loss of seating capacity.

(3) STANDARDS.—The regulations issued pursuant to this subsection shall include standards applicable to facilities and vehicles covered by sections 302(b)(2) and 304.

(b) OTHER PROVISIONS.—Not later than 1 year after the date of the enactment of this Act, the Attorney General shall issue regulations in an accessible format to carry out the provisions of this title not

referred to in subsection (a) that include standards applicable to facilities and vehicles covered under section 302.

(c) CONSISTENCY WITH ATBCB GUIDELINES.—Standards included in regulations issued under subsections (a) and (b) shall be consistent with the minimum guidelines and requirements issued by the Architectural and Transportation Barriers Compliance Board in accordance with section 504 of this Act.

(d) INTERIM ACCESSIBILITY STANDARDS.—

(1) FACILITIES.—If final regulations have not been issued pursuant to this section, for new construction or alterations for which a valid and appropriate State or local building permit is obtained prior to the issuance of final regulations under this section, and for which the construction or alteration authorized by such permit begins within one year of the receipt of such permit and is completed under the terms of such permit, compliance with the Uniform Federal Accessibility Standards in effect at the time the building permit is issued shall suffice to satisfy the requirement that facilities be readily accessible to and usable by persons with disabilities as required under section 303, except that, if such final regulations have not been issued one year after the Architectural and Transportation Barriers Compliance Board has issued the supplemental minimum guidelines required under section 504(a) of this Act, compliance with such supplemental minimum guidelines shall be necessary to satisfy the requirement that facilities be readily accessible to and usable by persons with disabilities prior to issuance of the final regulations.

(2) VEHICLES AND RAIL PASSENGER CARS.—If final regulations have not been issued pursuant to this section, a private entity shall be considered to have complied with the requirements of this title, if any, that a vehicle or rail passenger car be readily accessible to and usable by individuals with disabilities, if the design for such vehicle or car complies with the laws and regulations (including the Minimum Guidelines and Requirements for Accessible Design and such supplemental minimum guidelines as are issued under section 504(a) of this Act) governing accessibility of such vehicles or cars, to the extent that such laws and regulations are not inconsistent with this title and are in effect at the time such design is substantially completed.

(1) AVAILABILITY OF REMEDIES AND PROCEDURES.—The remedies and procedures set forth in section 204(a) of the Civil Rights Act of 1964 (42 U.S.C. 2000a-3(a)) are the remedies and procedures this title provides to any person who is being subjected to discrimination on the basis of disability in violation of this title or who has reasonable grounds for believing that such person is about to be subjected to discrimination in violation of

section 303. Nothing in this section shall require a person with a disability to engage in a futile gesture if such person has actual notice that a person or organization covered by this title does not intend to comply with its provisions.

(2) INJUNCTIVE RELIEF.—In the case of violations of sections 302(b)(2)(A)(iv) and section 303(a), injunctive relief shall include an order to alter facilities to make such facilities readily accessible to and usable by individuals with disabilities to the extent required by this title. (b) ENFORCEMENT BY THE ATTORNEY GENERAL.—

(1) DENIAL OF RIGHTS.—

(A) DUTY TO INVESTIGATE.—

(i) IN GENERAL.—The Attorney General shall investigate alleged violations of this title, and shall undertake periodic reviews of compliance of covered entities under this title.

(ii) ATTORNEY GENERAL CERTIFICATION.—On the application of a State or local government, the Attorney General may, in consultation with the Architectural and Transportation Barriers Compliance Board, and after prior notice and a public hearing at which persons, including individuals with disabilities, are provided an opportunity to testify against such certification, certify that a State law or local building code or similar ordinance that establishes accessibility requirements meets or exceeds the minimum requirements of this Act for the accessibility and usability of covered facilities under this title. At any enforcement proceeding under this section, such certification by the Attorney General shall be rebuttable evidence that such State law or local ordinance does meet or exceed the minimum requirements of this Act.

(B) POTENTIAL VIOLATION.—If the Attorney General has reasonable cause to believe that—

(i) any person or group of persons is engaged in a pattern or practice of discrimination under this title; or

(ii) any person or group of persons has been discriminated against under this title and such discrimination raises an issue of general public importance,

the Attorney General may commence a civil action in any appropriate United States district court.

(i) not exceeding $50,000 for a first violation; and

(ii) not exceeding $100,000 for any subsequent violation.

(3) SINGLE VIOLATION.—For purposes of paragraph (2)(C), in determining whether a first or subsequent violation has occurred, a determination in a single action, by judgment or settlement, that the covered entity has engaged in more than one discriminatory act shall be counted as a single violation.

(4) PUNITIVE DAMAGES.—For purposes of subsection (b)(2)(B), the term "monetary damages" and "such other relief" does not include punitive damages.

(5) JUDICIAL CONSIDERATION.—In a civil action under paragraph (1)(B), the court, when considering what amount of civil penalty, if any, is appropriate, shall give consideration to any good faith effort or attempt to comply with this Act by the entity. In evaluating good faith, the court shall consider, among other factors it deems relevant, whether the entity could have reasonably anticipated the need for an appropriate type of auxiliary aid needed to accommodate the unique needs of a particular individual with a disability.

SEC. 309. EXAMINATIONS AND COURSES. 42 USC 12189.

Any person that offers examinations or courses related to applications, licensing, certification, or credentialing for secondary or post-secondary education, professional, or trade purposes shall offer such examinations or courses in a place and manner accessible to persons with disabilities or offer alternative accessible arrangements for such individuals.

State and local governments.
47 USC 225.

"SEC. 225. TELECOMMUNICATIONS SERVICES FOR HEARING-IMPAIRED AND SPEECH-IMPAIRED INDIVIDUALS.

"(a) DEFINITIONS.—As used in this section—

"(1) COMMON CARRIER OR CARRIER.—The term 'common carrier' or 'carrier' includes any common carrier engaged in interstate communication by wire or radio as defined in section 3(h) and any common carrier engaged in intrastate communication by wire or radio, notwithstanding sections 2(b) and 221(b).

"(3) TELECOMMUNICATIONS RELAY SERVICES.—The term 'telecommunications relay services' means telephone transmission services that provide the ability for an individual who has a hearing impairment or speech impairment to engage in communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing impairment or speech impairment to communicate using voice communication services by wire or radio. Such term includes services that enable two-way communication between an individual who uses a TDD or other nonvoice terminal device and an individual who does not use such a device.

"(b) AVAILABILITY OF TELECOMMUNICATIONS RELAY SERVICES.—

"(1) IN GENERAL.—In order to carry out the purposes established under section 1, to make available to all individuals in the United States a rapid, efficient nationwide communication service, and to increase the utility of the telephone system of the Nation, the Commission shall ensure that interstate and intrastate telecommunications relay services are available, to the extent possible and in the most efficient manner, to hearing-impaired and speech-impaired individuals in the United States.

"(2) USE OF GENERAL AUTHORITY AND REMEDIES.—For the purposes of administering and enforcing the provisions of this section and the regulations prescribed thereunder, the Commission shall have the same authority, power, and functions with respect to common carriers engaged in intrastate communication as the Commission has in administering and enforcing the provisions of this title with respect to any common carrier engaged in interstate communication. Any violation of this section by any common carrier engaged in intrastate communication shall be subject to the same remedies, penalties, and procedures as are applicable to a violation of this Act by a common carrier engaged in interstate communication.

"(c) PROVISION OF SERVICES.—Each common carrier providing telephone voice transmission services shall, not later than 3 years after the date of enactment of this section, provide in compliance with the

regulations prescribed under this section, throughout the area in which it offers service, telecommunications relay services, individually, through designees, through a competitively selected vendor, or in concert with other carriers. A common carrier shall be considered to be in compliance with such regulations—

"(1) with respect to intrastate telecommunications relay services in any State that does not have a certified program under subsection (f) and with respect to interstate telecommunications relay services, if such common carrier (or other entity through which the carrier is providing such relay services) is in compliance with the Commission's regulations under subsection (d); or

"(2) with respect to intrastate telecommunications relay services in any State that has a certified program under subsection (f) for such State, if such common carrier (or other entity through which the carrier is providing such relay services) is in compliance with the program certified under subsection (f) for such State.

"(d) REGULATIONS.—

"(1) IN GENERAL.—The Commission shall, not later than 1 year after the date of enactment of this section, prescribe regulations to implement this section, including regulations that—

"(A) establish functional requirements, guidelines, and operations procedures for telecommunications relay services;

"(B) establish minimum standards that shall be met in carrying out subsection (c);

"(C) require that telecommunications relay services operate every day for 24 hours per day;

"(D) require that users of telecommunications relay services pay rates no greater than the rates paid for functionally equivalent voice communication services with respect to such factors as the duration of the call, the time of day, and the distance from point of origination to point of termination;

"(E) prohibit relay operators from failing to fulfill the obligations of common carriers by refusing calls or limiting the length of calls that use telecommunications relay services;

"(F) prohibit relay operators from disclosing the content of any relayed conversation and from keeping records of the content of any such conversation beyond the duration of the call; and

"(G) prohibit relay operators from intentionally altering a relayed conversation.

"(2) TECHNOLOGY.—The Commission shall ensure that regulations prescribed to implement this section encourage, consistent with section 7(a) of this Act, the use of existing technology and do not discourage or impair the development of improved technology.

"(3) JURISDICTIONAL SEPARATION OF COSTS.—

"(A) IN GENERAL.—Consistent with the provisions of section 410 of this Act, the Commission shall prescribe regulations governing the jurisdictional separation of costs for the services provided pursuant to this section.

"(B) RECOVERING COSTS.—Such regulations shall generally provide that costs caused by interstate telecommunications

relay services shall be recovered from all subscribers for every interstate service and costs caused by intrastate telecommunications relay services shall be recovered from the intrastate jurisdiction. In a State that has a certified program under subsection (f), a State commission shall permit a common carrier to recover the costs incurred in providing intrastate telecommunications relay services by a method consistent with the requirements of this section.

"(e) ENFORCEMENT.—

"(1) IN GENERAL.—Subject to subsections (f) and (g), the Commission shall enforce this section.

"(2) COMPLAINT.—The Commission shall resolve, by final order, a complaint alleging a violation of this section within 180 days after the date such complaint is filed.

"(f) CERTIFICATION.—

"(1) STATE DOCUMENTATION.—Any State desiring to establish a State program under this section shall submit documentation to the Commission that describes the program of such State for implementing intrastate telecommunications relay services and the procedures and remedies available for enforcing any requirements imposed by the State program.

"(2) REQUIREMENTS FOR CERTIFICATION.—After review of such documentation, the Commission shall certify the State program if the Commission determines that—

"(A) the program makes available to hearing-impaired and speech-impaired individuals, either directly, through designees, through a competitively selected vendor, or through regulation of intrastate common carriers, intrastate telecommunications relay services in such State in a manner that meets or exceeds the requirements of regulations prescribed by the Commission under subsection (d); and

"(B) the program makes available adequate procedures and remedies for enforcing the requirements of the State program.

"(3) METHOD OF FUNDING.—Except as provided in subsection (d), the Commission shall not refuse to certify a State program based solely on the method such State will implement for funding intrastate telecommunication relay services.

"(4) SUSPENSION OR REVOCATION OF CERTIFICATION.—The Commission may suspend or revoke such certification if, after notice and opportunity for hearing, the Commission determines that such certification is no longer warranted. In a State whose program has been suspended or revoked, the Commission shall take such steps as may be necessary, consistent with this section, to ensure continuity of telecommunications relay services.

"(g) COMPLAINT.—

"(1) REFERRAL OF COMPLAINT.—If a complaint to the Commission alleges a violation of this section with respect to intrastate telecommunications relay services within a State and certification of the program of such State under subsection (f) is in effect, the Commission shall refer such complaint to such State.

"(2) JURISDICTION OF COMMISSION.—After referring a complaint to a State under paragraph (1), the Commission shall exercise jurisdiction over such complaint only if—

"(A) final action under such State program has not been taken on such complaint by such State—

"(i) within 180 days after the complaint is filed with such State; or

"(ii) within a shorter period as prescribed by the regulations of such State; or

"(B) the Commission determines that such State program is no longer qualified for certification under subsection (f).".

Joint Resolution

July 27, 1990
[S.J. Res. 276]

Designating the week beginning July 22, 1990, as "Lyme Disease Awareness Week".

Whereas Lyme disease is spread by the tick species Ixodes Dammini by means of the bacterium Borrelia Burgdorferi;
Whereas these ticks are no larger than the head of a pin;
Whereas these ticks can be carried by domestic animals such as cats, dogs, and horses;
Whereas these ticks can be transferred from domestic animals to humans;
Whereas Lyme disease was first diagnosed in southeastern Connecticut and has spread to 43 States;
Whereas the Centers for Disease Control has reported more than 21,000 cases of Lyme disease since 1982;
Whereas Lyme disease is easily treated in its early stages by an oral vaccine administered by a physician (penicillin and erythromycin for young children and tetracycline for persons allergic to penicillin);
Whereas the early symptoms of Lyme disease may be a bulls-eye rash, severe headaches, fever, and swollen glands;
Whereas Lyme disease often mocks rheumatoid arthritis and heart disease;
Whereas if left untreated, Lyme disease can cause severe damage to the heart, brain and joints;
Whereas the best cure for Lyme disease is prevention;
Whereas prevention of Lyme disease depends upon public awareness; and
Whereas education is essential to making the general public and health care professionals more knowledgeable of Lyme disease and its debilitating side effects: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week beginning July 22, 1990, is designated as "Lyme Disease Awareness Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such week with appropriate programs, ceremonies, and activities.

Joint Resolution

Relating to NASA and the International Space Year.

July 31, 1990
[S.J. Res. 75]

Whereas in 1985 Congress proposed an International Space Year (ISY) for 1992, commemorating the 500th anniversary of Columbus' voyage to the New World and the 35th anniversary of the International Geophysical Year that ushered in the space age;

Whereas Congress also requested the President to endorse the ISY and to initiate interagency and international discussions for an ISY;

Whereas in 1986 President Reagan endorsed the ISY and reported to Congress that NASA had found worldwide support for an ISY in 1992, consisting of space activities coordinated on a global basis, and the President directed NASA to move the concept forward internationally and to lead an interagency effort for domestic activities;

Whereas NASA has exercised admirable leadership, through the Office of Space Science and Applications and the Division of International Relations, in establishing the Space Agency Forum on ISY (SAFISY) to coordinate ISY planning, with a current worldwide membership of 25 national space agencies or equivalent bodies;

Whereas SAFISY planning is accelerating, with particular emphasis on coordinating current and planned space agency activities so as to improve efficiency and maximize scientific and economic return on space investments; and

Whereas the ISY also is generating numerous educational activities, including classroom activities, films, television programs, that will greatly improve public understanding of the significance and potential of the space age: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That it is the sense of the Congress that the President should—

(1) reaffirm support for the ISY and invite foreign leaders to do the same;

(2) support the World Space Congress, to be convened in 1992, in its efforts to encourage cooperative space activities among nations in space science, space exploration, and the application of space technology;

39-194 O - 91 - 14 : QL 3 Part 1

(3) invite the American public to develop ISY activities that foster the global perspective of the ISY;

(4) direct NASA to continue to develop ISY activities through SAFISY, with a primary emphasis on Mission to Planet Earth, but also with a strong emphasis on the other space sciences, human exploration, education, and developing nations applications; and

(5) report to Congress at the earliest practicable date, but no later than September 1, 1990, on the steps taken to carry out items (1) through (4) above, including a list of all current and planned NASA initiatives in each of the categories mentioned in item (4).

Joint Resolution

To designate September 13, 1990, as "National D.A.R.E. Day".

July 31, 1990
[S.J. Res. 281]

Whereas D.A.R.E. (Drug Abuse Resistance Education) is a comprehensive program under which children from kindergarten through the 12th grade are taught how to resist the pressures of experimenting with drugs and alcohol;

Whereas the D.A.R.E. program provides parents with the information and techniques necessary to reinforce and further develop the decisions of their children to lead drug free-lives;

Whereas the D.A.R.E. program targets children at ages when they are most vulnerable to extreme peer pressure to try drugs and alcohol and teaches them how effectively to resist pressure to engage in negative behavior;

Whereas the D.A.R.E. program is now conducted in local schools in more than 2,000 communities in 49 States and in Department of Defense Overseas Dependent Schools worldwide;

Whereas more than 4,500,000 school children will be reached through the D.A.R.E. core curriculum in 1990;

Whereas, school children are sometimes more streetwise about substance abuse than are classroom teachers, the D.A.R.E. program is taught by veteran police officers having direct experience with cases involving criminal drug offenses and with people whose lives have been ruined by substance abuse;

Whereas each police officer who teaches the D.A.R.E. program completes an 80-hour training course that includes instruction in teaching techniques, relationships between officers and schools, self-esteem development, child development, and communication skills;

Whereas the D.A.R.E. curriculum, developed by the Los Angeles Police Department and the Los Angeles Unified School District, helps school children understand self-image, recognize and manage stress without using drugs or alcohol, analyze and resist media presentations about drugs and alcohol, evaluate risk-taking behavior, resist gang pressure, apply decision-making skills, and evaluate the consequences of the choices facing them;

Whereas independent research shows that the D.A.R.E program has exceeded its goal of helping students combat peer pressure to use drugs and alcohol by contributing to improved study habits and grades, by reducing vandalism and gang activity, and by instilling greater respect for police officers; and

Whereas the D.A.R.E. program has achieved outstanding success teaching positive and effective approaches to one of the most difficult problems facing young people today, namely drug and alcohol abuse: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That September 13, 1990, is designated as "National D.A.R.E. Day", and the President is requested to issue a proclamation calling upon the people of the United States to observe that day with appropriate ceremonies and activities.

Joint Resolution

To designate August 1, 1990, as "Helsinki Human Rights Day".

July 31, 1990
[S.J. Res. 339]

Whereas August 1, 1990, is the fifteenth anniversary of the signing of the Final Act of the Conference on Security and Cooperation in Europe (CSCE) (hereafter in this preamble referred to as the "Helsinki accords");

Whereas on August 1, 1975, the Helsinki accords were agreed to by the Governments of Austria, Belgium, Bulgaria, Canada, Cyprus, Czechoslovakia, Denmark, Finland, France, the German Democratic Republic, the Federal Republic of Germany, Greece, the Holy See, Hungary, Iceland, Ireland, Italy, Liechtenstein, Luxembourg, Malta, Monaco, the Netherlands, Norway, Poland, Portugal, Romania, San Marino, Spain, Sweden, Switzerland, Turkey, the Union of Soviet Socialist Republics, the United Kingdom, the United States of America, and Yugoslavia;

Whereas the participating States have committed themselves to balanced progress in all areas of the Helsinki accords;

Whereas the Helsinki accords recognize the inherent relationship between respect for human rights and fundamental freedoms and the attainment of genuine security;

Whereas the Helsinki accords also express the commitment of the participating States to "respect human rights and fundamental freedoms, including the freedom of thought, conscience, religion or belief, for all without distinction as to race, sex, language or religion";

Whereas the Helsinki accords also express the commitment of the participating States to guarantee the effective exercise of human rights and fundamental freedoms which derive from the inherent dignity of humanity and are essential for the free and full development of that dignity;

Whereas the participating States have committed themselves to "protect and create the conditions for the promotion of the ethnic, cultural, linguistic and religious identity of national minorities on their territory," as well as to "respect the free exercise of rights by persons belonging to such minorities and ensure their full equality with others";

Whereas the Helsinki accords also express the commitment of the participating States in the field of human rights and fundamental freedoms to "act in conformity with the purposes and principles of the Charter of the United Nations and with the Universal Declaration of Human Rights" and to "fulfill their obligations as set forth in the international declarations and agreements in this field, including inter alia International Covenants on Human Rights, by which they may be bound";

Whereas the participating States have committed themselves to "ensure that their laws, regulations, practices and policies conform with their obligations under international law and are

brought into harmony with the provisions of the Declaration of Principles and other CSCE commitments";

Whereas the participating States have committed themselves to "respect the equal rights of peoples and their right to self-determination, acting at all times in conformity with the purposes and principles of the Charter of the United Nations and with the relevant norms of international law, including those relating to territorial integrity of States";

Whereas the participating States have recognized that respect for human rights is an essential aspect for the protection of the environment and for economic prosperity;

Whereas the participating States have committed themselves to respect fully the right of everyone to leave any country, including their own, and to return to their country;

Whereas the participating States have made it their aim to "facilitate freer movement and contacts, individually and collectively, whether privately or officially, among persons, institutions and organizations of the participating States, and to contribute to the solution of the humanitarian problems that arise in that connection";

Whereas the Helsinki accords also express the commitment of the participating States to "facilitate the freer and wider dissemination of information of all kinds, to encourage cooperation in the field of information and the exchange of information with other countries";

Whereas the dramatic changes which have occurred within the last year in many signatory States have brought the human rights promises of Helsinki closer to fruition;

Whereas, despite significant improvements, all participating States have not yet fully implemented their obligations under Principle VII of the Helsinki accords to respect human rights and fundamental freedoms, including the freedom of thought, conscience, religion or belief, and under Basket III of the Helsinki accords to promote free movement of people, ideas and information;

Whereas on January 19, 1989, representatives from the signatory States agreed on the Concluding Document of the Vienna Follow-Up Meeting, a document which has added clarity and precision to the obligations undertaken by the States in signing the Helsinki accords;

Whereas by agreeing to the Concluding Document, the signatory States "reaffirmed their commitment to the CSCE process and underlined its essential role in increasing confidence, in opening up new ways for cooperation, in promoting respect for human rights and fundamental freedoms and thus strengthening international security";

Whereas the Conference on Security and Cooperation in Europe of the thirty-five signatory States of the Helsinki accords has made major contributions to the positive developments in Eastern and Central Europe, including greater respect for the human rights and fundamental freedoms of individuals and groups; and

Whereas the Conference on Security and Cooperation in Europe provides an excellent framework for the further development of genuine security and cooperation among the participating States: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

(1) August 1, 1990, the fifteenth anniversary of the signing of the Final Act of the Conference on Security and Cooperation in Europe (hereinafter referred to as the "Helsinki accords") is designated as "Helsinki Human Rights Day";

(2) the President is authorized and requested to issue a proclamation reasserting the American commitment to full implementation of the human rights and humanitarian provisions of the Helsinki accords, urging all signatory nations to abide by their obligations under the Helsinki accords, and encouraging the people of the United States to join the President and Congress in observance of the Helsinki Human Rights Day with appropriate programs, ceremonies, and activities;

(3) the President is further requested to continue his efforts to achieve full implementation of the human rights and humanitarian provisions of the Helsinki accords by raising the issue of noncompliance on the part of any signatory nation which may be in violation;

(4) the President is further requested to convey to all signatories of the Helsinki accords that respect for human rights and fundamental freedoms is a vital element of further progress in the ongoing Helsinki process; and

(5) the President is further requested, in view of the considerable progress made to date, to develop new proposals to advance the human rights objectives of the Helsinki process, and in so doing address the major problems that remain, including the question of self-determination of peoples.

Joint Resolution

Designating August 6, 1990, as "Voting Rights Celebration Day".

Aug. 7, 1990
[H.J. Res. 625]

Whereas the 15th amendment to the United States Constitution guarantees the right of all citizens of the United States to vote without regard to their race or color;

Whereas, for nearly a century, the Government of the United States failed to enforce effectively the 15th amendment, thus denying African-Americans the right to exercise their voting franchise;

Whereas, in the absence of voting rights legislation, violence, harassment, intimidation, unfair tests, and other barriers to participation denied millions of United States citizens empowerment and enfranchisement in the political process;

Whereas the enactment of effective voting rights legislation was a priority of the civil rights movement for which many gave their lives;

Whereas President Lyndon Johnson declared on March 15, 1965, before a Joint Session of Congress that "every American citizen must have an equal right to vote," and that "there is no duty which weighs more heavily on us than the duty we have to insure that right";

Whereas bipartisan majorities in the House of Representatives and the Senate overwhelmingly approved the Voting Rights Act of 1965, and President Johnson signed the Act into law in a ceremony in the rotunda of the United States Capitol on August 6, 1965;

Whereas the Voting Rights Act of 1965 has been the most effective civil rights legislation for changing discriminatory practices that denied African-American, Hispanic-American, Native-American, Asian-American and other minority voters their most basic democratic rights, the right to vote and the opportunity to elect the persons they most want to represent them;

Whereas Congress has extended the Voting Rights Act of 1965 on three occasions because of its great effectiveness in expanding voter registration among minority citizens, increasing the number of African-American, Hispanic-American, Native-American, Asian-American and other minority elected officials, and causing greater and intrinsically valuable discourse between candidates for elective office and voters of all races and colors; and

Whereas August 6, 1990, marks the 25th anniversary of the enactment of the Voting Rights Act of 1965: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That August 6, 1990, is designated as "Voting Rights Celebration Day", and the President is authorized and requested to issue a proclamation reminding the people of the United States of—

(1) the historic struggle to provide all citizens of the United States with an equal and unencumbered right to vote;

(2) the need to register to vote and participate in elections;

(3) the importance of the Voting Rights Act of 1965 and the need for its continued enforcement; and

(4) the value of the vote to all citizens as an instrument of self-government and justice in a democratic society.

Designating the week of August 19 through 25, 1990, as "National Agricultural Research Week".

Aug. 9, 1990
[H.J. Res. 548]

Whereas the Act to establish a Department of Agriculture, enacted May 15, 1862, which placed the primary responsibility for scientific experimentation in agriculture with the Department of Agriculture, provided the basis for the development of the modern nationwide cooperative agricultural research system;

Whereas past public commitments to agricultural research in the United States provided the scientists and facilities essential to the development of the most successful technological advancements known to the science of agriculture;

Whereas the American public has been the major beneficiary of agricultural research through a broad array of food, fiber, and forest products unsurpassed in cost, availability, quality, safety, and convenience; and

Whereas the agricultural production and marketing system of the United States faces urgent challenges from increased international competition for markets, consumer demands for healthier and safer foods, the need to adjust to the uncertainties of climatic change, appeals to conserve the natural resources of the Nation and protect the environment, and the need to improve the economic well-being of rural America: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week of August 19 through 25, 1990, is designated as "National Agricultural Research Week". The President is authorized and requested to issue a proclamation calling on the people of the United States to observe that week with proper ceremonies and activities.

Joint Resolution

To designate the week of October 7, 1990, through October 13, 1990, as "Mental Illness Awareness Week".

Aug. 9, 1990
[S.J. Res. 256]

Whereas mental illness is a problem of grave concern and consequence in American society, widely but unnecessarily feared and misunderstood;

Whereas 31 to 41 million Americans annually suffer from clearly diagnosable mental disorders involving significant disability with respect to employment, attendance at school, or independent living;

Whereas more than 10,000,000 Americans are disabled for long periods of time by schizophrenia, manic depressive disorder, and major depression;

Whereas 33 percent of the homeless suffer serious, chronic forms of mental illness;

Whereas alcohol, drug, and mental disorders affect almost 19 percent of American adults in any 6-month period;

Whereas mental illness in at least 12,000,000 children interferes with vital developmental and maturational processes;

Whereas mental disorder-related deaths are estimated to be 33,000 annually, with suicide accounting for at least 29,000 of those, although the real number is thought to be at least three times higher;

Whereas our growing population of the elderly is particularly vulnerable to mental illness;

Whereas estimates indicate that 1 in 10 AIDS patients will develop dementia or other psychiatric problems as the first sign of the disease and that as many as two-thirds of AIDS patients will show neuropsychiatric symptoms before they die;

Whereas mental disorders result in staggering costs to society, estimated to be in excess of $249,000,000,000 in direct treatment and support and indirect costs to society, including lost productivity;

Whereas the Federal research budget committed to the Alcohol, Drug Abuse, and Mental Health Administration represents only about 1 percent of the direct clinical costs of caring for persons with alcohol, drug, and mental disorders;

Whereas mental illness is increasingly a treatable disability with excellent prospects for amelioration and recovery when properly recognized;

Whereas families of mentally ill persons and those persons themselves have begun to join self-help groups seeking to combat the unfair stigma of the diseases, to support greater national investment in research, and to advocate an adequate continuum of care from hospital to community;

Whereas in recent years there have been unprecedented major research developments bringing new methods and technology to the sophisticated and objective study of the functioning of the brain and its linkages to both normal and abnormal behavior;

Whereas research in recent decades has led to a wide array of new and more effective modalities of treatment (both somatic and psychosocial) for some of the most incapacitating forms of mental illness (including schizophrenia, major affective disorders, phobias, and phobic disorders);

Whereas appropriate treatment of mental illness has been demonstrated to be cost effective in terms of restored productivity, reduced utilization of other health services, and lessened social dependence; and

Whereas recent and unparalleled growth in scientific knowledge about mental illness has generated the current emergence of a new threshold of opportunity for future research advances and fruitful application to specific clinical problems: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the 7-day period beginning October 7, 1990, and ending October 13, 1990, is designated as "Mental Illness Awareness Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe that week with appropriate ceremonies and activities.

To designate the second Sunday in October of 1990 as "National Children's Day".

Aug. 9, 1990
[S.J. Res. 316]

Whereas the people of the United States should celebrate children as the most valuable asset of the Nation;
Whereas children represent the future, hope, and inspiration of the United States;
Whereas the children of the United States should not be allowed to feel that their ideas and dreams will be stifled because adults in the United States do not take time to listen;
Whereas many children face crises of grave proportions, especially as they enter adolescent years;
Whereas it is important for parents to spend time listening to their children on a daily basis;
Whereas modern societal and economic demands often pull the family apart;
Whereas encouragement should be given to families to set aside a special time for all family members to remain at home;
Whereas adults in the United States should have an opportunity to reminisce on their youth to recapture some of the fresh insight, innocence, and dreams that they may have lost through the years;
Whereas the designation of a day to commemorate the children of the United States will provide an opportunity to emphasize to children the importance of developing an ability to make the choices necessary to distance themselves from impropriety;
Whereas the designation of a day to commemorate the children of the Nation will emphasize to the people of the United States the importance of the role of the child within the family;
Whereas the people of the United States should emphasize to children the importance of family life, education, and spiritual qualities; and

To direct the completion of the research recommended by the Technical Study Group on Cigarette and Little Cigar Fire Safety and to provide for an assessment of the practicality of a cigarette fire safety performance standard.

Aug. 10, 1990
[H.R. 293]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Fire Safe Cigarette Act of 1990.
15 USC 2054 note.

SECTION 1. SHORT TITLE; FINDINGS.

(a) SHORT TITLE.—This Act may be cited as the "Fire Safe Cigarette Act of 1990".

(b) FINDINGS.—The Congress finds that—

(1) cigarette-ignited fires are the leading cause of fire deaths in the United States,

(2) in 1987, there were 1,492 deaths from cigarette-ignited fires, 3,809 serious injuries, and $395,000,000 in property damage caused by such fires,

(3) the final report of the Technical Study Group on Cigarette and Little Cigar Fire Safety under the Cigarette Safety Act of 1984 determined that (A) it is technically feasible and may be commercially feasible to develop a cigarette that will have a significantly reduced propensity to ignite furniture and mattresses, and (B) the overall impact on other aspects of the United States society and economy may be minimal,

(4) the final report of the Technical Study Group on Cigarette and Little Cigar Fire Safety under the Cigarette Safety Act of 1984 further determined that the value of a cigarette with less of a likelihood to ignite furniture and mattresses which would prevent property damage and personal injury and loss of life is economically incalculable,

(5) it is appropriate for the Congress to require by law the completion of the research described in the final report of the Technical Study Group on Cigarette and Little Cigar Fire Safety and an assessment of the practicability of developing a performance standard to reduce cigarette ignition propensity, and

(6) it is appropriate for the Consumer Product Safety Commission to utilize its expertise to complete the recommendations for further work and report to Congress in a timely fashion.

SEC. 2. COMPLETION OF FIRE SAFETY RESEARCH.

15 USC 2054 note.

(a) CENTER FOR FIRE RESEARCH.—At the request of the Consumer Product Safety Commission, the National Institute for Standards and Technology's Center for Fire Research shall—

(1) develop a standard test method to determine cigarette ignition propensity,

(2) compile performance data for cigarettes using the standard test method developed under paragraph (1), and

(3) conduct laboratory studies on and computer modeling of ignition physics to develop valid, user-friendly predictive capability.

The Commission shall make such request not later than the expiration of 30 days after the date of the enactment of this Act.

(b) COMMISSION.—The Consumer Product Safety Commission shall—

(1) design and implement a study to collect baseline and followup data about the characteristics of cigarettes, products ignited, and smokers involved in fires, and

(2) develop information on societal costs of cigarette-ignited fires.

(c) HEALTH AND HUMAN SERVICES.—The Consumer Product Safety Commission, in consultation with the Secretary of Health and Human Services, shall develop information on changes in the toxicity of smoke and resultant health effects from cigarette prototypes. The Commission shall not obligate more than $50,000 to develop such information.

15 USC 2054 note.

SEC. 3. ADVISORY GROUP.

(a) ESTABLISHMENT.—There is established the Technical Advisory Group to advise and work with the Consumer Product Safety Commission and National Institute for Standards and Technology's Center for Fire Research on the implementation of this Act. The Technical Advisory Group may hold hearings to develop information to carry out its functions. The Technical Advisory Group shall terminate 1 month after the submission of the final report of the Chairman of the Consumer Product Safety Commission under section 4.

Termination date.

(b) MEMBERS.—The Technical Advisory Group shall consist of the same individuals appointed to the Technical Study Group on Cigarette and Little Cigar Fire Safety under section 3(a) of the Cigarette Safety Act of 1984. If such an individual is unavailable to serve on the Technical Advisory Group, the entity which such individual represented on such Technical Study Group shall submit to the Chairman of the Consumer Product Safety Commission the name of another individual to be appointed by the Chairman to represent such group on the Technical Advisory Group.

15 USC 2054 note.

SEC. 4. REPORTS.

The Chairman of the Consumer Product Safety Commission, in consultation with the Technical Advisory Group, shall submit to Congress three reports on the activities undertaken under section 2 as follows: The first such report shall be made not later than 13 months after the date of the enactment of this Act, the second such report shall be made not later than 25 months after such date, and the final such report shall be made not later than 36 months after such date.

15 USC 2054 note.

SEC. 5. CONFIDENTIALITY.

(a) IN GENERAL.—Any information provided to the National Institute for Standards and Technology's Center for Fire Research, to the Consumer Product Safety Commission, or to the Technical Advisory Group under section 2 which is designated as trade secret or confidential information shall be treated as trade secret or confidential information subject to section 552(b)(4) of title 5, United States Code, and section 1905 of title 18, United States Code, and shall not be revealed, except as provided under subsection (b). No member or employee of the Center for Fire Research, the Consumer Product Safety Commission, or the Technical Advisory Group and

no person assigned to or consulting with the Center for Fire Research, the Consumer Product Safety Commission, or the Technical Advisory Group, shall disclose any such information to any person who is not a member or employee of, assigned to, or consulting with, the Center for Fire Research, Consumer Product Safety Commission, or the Technical Advisory Group unless the person submitting such information specifically and in writing authorizes such disclosure.

(b) CONSTRUCTION.—Subsection (a) does not authorize the withholding of any information from any duly authorized subcommittee or committee of the Congress, except that if a subcommittee or committee of the Congress requests the Consumer Product Safety Commission, the National Institute for Standards and Technology's Center for Fire Research, or the Technical Advisory Group to provide such information, the Commission, the Center for Fire Research, or Technical Advisory Group shall notify the person who provided the information of such a request in writing.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Department of Veterans Affairs Nurse Pay Act of 1990".

TITLE I—PAY FOR NURSES AND OTHER HEALTH-CARE PERSONNEL

SEC. 101. RESTRUCTURING OF NURSE GRADE LEVELS AND PAY.

38 USC 4107 note.

(a) NEW GRADES ESTABLISHED.—The Secretary of Veterans Affairs shall provide four grade levels for nurses employed by the Department of Veterans Affairs under section 4104(1) of title 38, United States Code, with relation to current nurse grades, as follows:

New grades	Current nurse grades
1. Entry grade	Junior and associate grades
2. Intermediate grade	Full and intermediate grades
3. Senior grade	Senior and chief grades
4. Director grade	Assistant director and director grades

38 USC 4107 note.

(b) CURRENT NURSE GRADES DEFINED.—For purposes of subsection (a), the term "current nurse grades" means the grades in effect on the day before the effective date of this Act for nurses employed by the Department of Veterans Affairs under section 4104(1) of title 38, United States Code.

(c) CONFORMING AMENDMENT.—Section 4107(b) of title 38, United States Code, is amended by striking out the items under the heading "NURSE SCHEDULE" and inserting in lieu thereof the following:

"Entry grade.
"Intermediate grade.
"Senior grade.

SEC. 102. RATES OF PAY AND ADMINISTRATION OF PAY FOR NEW NURSE GRADES AND CERTAIN OTHER HEALTH-CARE PERSONNEL.

(a) CLARIFICATION.—Section 4104(1) of title 38, United States Code, is amended by inserting "registered" before "nurses".

(b) PAY ADMINISTRATION.—Chapter 73 of such title is amended by inserting after subchapter III the following new subchapter:

"SUBCHAPTER IV—PAY FOR NURSES AND OTHER HEALTH-CARE PERSONNEL

"§ 4141. Nurses and other health-care personnel: competitive pay

"(a)(1) It is the purpose of this section to ensure, by a means providing increased responsibility and authority to directors of Department health-care facilities, that the rates of basic pay for health-care personnel positions described in paragraph (2) in each Department health-care facility (including the rates of basic pay of personnel employed in such positions on a part-time basis) are sufficient for that facility to be competitive, on the basis of pay and other employee benefits, with non-Department health-care facilities in the same labor-market area in the recruitment and retention of qualified personnel for those positions.

"(2) The health-care personnel positions referred to in paragraph (1) (hereinafter in this section referred to as 'covered positions') are the following:

"(A) Registered nurse.

"(B) Such positions referred to in clauses (1) and (3) of section 4104 of this title (other than the positions of physician, dentist, and registered nurse) as the Secretary may determine upon the recommendation of the Chief Medical Director.

"(3) The rates of basic pay for covered positions in the Department shall be established and adjusted in accordance with this section instead of subsection (b)(1) of section 4107 of this title.

"(4) The Secretary, after receiving the recommendation of the Chief Medical Director, shall prescribe regulations setting forth criteria and procedures to carry out this section and section 4142 of this title. Requirements in such regulations for directors to provide and maintain documentation of actions taken under this section shall require no more documentation than the minimum essential for responsible administration. Regulations.

"(b) The Secretary shall maintain the four grade levels for nurses employed by the Department under section 4104(1) of this title as specified in the Nurse Schedule in section 4107(b) of this title. The Secretary shall, pursuant to regulations prescribed to carry out this subchapter, establish grades for other covered positions as the Secretary considers appropriate.

"(c)(1) For each grade in a covered position, there shall be a range of basic pay. The maximum rate of basic pay for a grade shall be 133 percent of the minimum rate of basic pay for the grade, except that, if the Secretary determines that a higher maximum rate is necessary with respect to any such grade in order to recruit and retain a sufficient number of high-quality health-care personnel, the Secretary may raise the maximum rate of basic pay for that grade to a rate not in excess of 175 percent of the minimum rate of basic pay for the grade. Whenever the Secretary exercises the authority under the preceding sentence to establish the maximum rate of basic pay at a rate in excess of 133 percent of the minimum rate for that grade, the Secretary shall, in the next annual report required by subsection (g), provide justification for doing so to the Committees on Veterans' Affairs of the Senate and House of Representatives.

"(2) The maximum rate of basic pay for any grade for a covered position may not exceed the maximum rate of basic pay established for positions in level V of the Executive Schedule under section 5316 of title 5.

"(3) The range of basic pay for each such grade shall be divided into equal increments, known as 'steps'. The Secretary shall prescribe the number of steps. Each grade in a covered position shall have the same number of steps. Rates of pay within a grade may not be established at rates other than whole steps. Any increase (other than an adjustment under subsection (d)) within a grade in the rate of basic pay payable to an employee in a covered position shall be by one or more of such step increments.

"(d)(1) The rates of basic pay for each grade in a covered position shall be adjusted periodically in accordance with this subsection in order to achieve the purposes of this section. Such adjustments shall be made—

"(A) whenever there is an adjustment under section 5305 of title 5 in the rates of pay under the General Schedule, with the adjustment under this subsection to have the same effective date as the adjustment in the rates of basic pay under the General Schedule; and

"(B) at such additional times as the director of a Department health-care facility, with respect to employees in that grade at that facility, determines.

"(2) An adjustment in rates of basic pay under this subsection for a grade shall be carried out by adjusting the amount of the minimum rate of basic pay for that grade in accordance with paragraph (3) and then adjusting the other rates for that grade to conform to the requirements of subsection (c). Such an adjustment in the minimum rate of basic pay for a grade shall be made by the director of a Department health-care facility so as to achieve consistency with the beginning rate of compensation for corresponding health-care professionals in the Bureau of Labor Statistics (BLS) labor-market area of that facility.

"(3)(A) In the case of a Department health-care facility located in an area for which there is current information, based upon an industry-wage survey by the Bureau of Labor Statistics for that labor market, on beginning rates of compensation for corresponding health-care professionals for the BLS labor-market area of that facility, the director of the facility concerned shall use that information as the basis for making adjustments in rates of pay under this subsection. Whenever the Bureau of Labor Statistics releases the results of a new industry-wage survey for that labor market that includes information on beginning rates of compensation for corresponding health-care professionals, the director of that facility shall determine, not later than 30 days after the results of the survey are released, whether an adjustment in rates of pay for employees at that facility for any covered position is necessary in order to meet the purposes of this section. If the director determines that such an adjustment is necessary, the adjustment, based upon the information determined in the survey, shall take effect on the first day of the first pay period beginning after that determination.

"(B) In the case of a Department health-care facility located in an area for which the Bureau of Labor Statistics does not have current information on beginning rates of compensation for corresponding health-care professionals for the labor-market area of that facility for any covered position, the director of that facility shall conduct a

survey in accordance with this subparagraph and shall adjust the amount of the minimum rate of basic pay for grades in that covered position at that facility based upon that survey. Any such survey shall be conducted in accordance with regulations prescribed by the Secretary. Those regulations shall be developed in consultation with the Secretary of Labor in order to ensure that the director of a facility collects information that is valid and reliable and is consistent with standards of the Bureau. The survey should be conducted using methodology comparable to that used by the Bureau in making industry-wage surveys except to the extent determined infeasible by the Secretary. Upon conducting a survey under this subparagraph, the director concerned shall determine, not later than 30 days after the date on which the collection of information through the survey is completed, whether an adjustment in rates of pay for employees at that facility for any covered position is necessary in order to meet the purposes of this section. If the director determines that such an adjustment is necessary, the adjustment, based upon the information determined in the survey, shall take effect on the first day of the first pay period beginning after that determination. Regulations.

"(C) The director of a facility may not adjust rates of basic pay under this subsection for any pay grade so that the minimum rate of basic pay for that grade is greater than the beginning rates of compensation for corresponding positions at non-Department health-care facilities.

"(4) If the director of a Department health-care facility determines, after any survey under paragraph (3)(B) or at any other time that an adjustment in rates of pay is scheduled to take place under this subsection, that it is not necessary to adjust the rates of basic pay for employees in a grade of a covered position at that facility in order to carry out the purpose of this section, such an adjustment for employees at that facility in that grade shall not be made. Whenever a director makes such a determination, the director shall within 10 days notify the Chief Medical Director of the decision and the reasons for the decision.

"(5) Information collected by the Department in surveys conducted under this subsection is not subject to disclosure under section 552 of title 5.

"(6) In this subsection—

"(A) The term 'beginning rate of compensation', with respect to health-care personnel positions in non-Department health-care facilities corresponding to a grade of a covered position, means the sum of—

"(i) the minimum rate of pay established for personnel in such positions who have education, training, and experience equivalent or similar to the education, training, and experience required for health-care personnel employed in the same category of Department covered positions; and

"(ii) other employee benefits for those positions to the extent that those benefits are reasonably quantifiable.

"(B) The term 'corresponding', with respect to health-care personnel positions in non-Department health-care facilities, means those positions for which the education, training, and experience requirements are equivalent or similar to the education, training, and experience requirements for health-care personnel positions in Department health-care facilities.

"(e) Adjustments in rates of basic pay under subsection (d) may increase or reduce the rates of basic pay applicable to any grade of a covered position. In the case of such an adjustment that reduces the rates of pay for a grade, an employee serving at a Department health-care facility on the day before the effective date of that adjustment in a position affected by the adjustment may not (by reason of that adjustment) incur a reduction in the rate of basic pay applicable to that employee so long as the employee continues to serve in that covered position at that facility. If such an employee is subsequently promoted to a higher grade, or advanced to a higher step within the employee's grade, for which the rate of pay as so adjusted is lower than the employee's rate of basic pay on the day before the effective date of the promotion, the employee shall continue to be paid at a rate of basic pay not less than the rate of basic pay applicable to the employee before the promotion so long as the employee continues to serve in that covered position at that facility.

Reports. "(f) Not later than February 1 of 1991, 1992, and 1993, the Secretary shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report regarding any pay adjustments under the authority of subsection (d)(1)(A) effective during the 12 months preceding the submission of the report. Each such report shall set forth, by health-care facility, the percentage of such increases and, in any case in which no increase was made, the basis for not providing an increase.

Reports. "(g) Not later than December 1 of 1991, 1992, and 1993, the Secretary shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report regarding the exercise of the authorities provided in this section for the preceding fiscal year. Each such report shall include the following:

"(1) A review of the use of the authorities provided in this section (including the Secretary's and Chief Medical Director's actions, findings, recommendations, and other activities under this section) during the preceding fiscal year, including an assessment of the effects of the exercise of such authorities on the ability of the Department to recruit and retain qualified health-care professionals for covered positions.

"(2) The plans for the use of the authorities provided in this subchapter for the next fiscal year.

"(3) A description of the rates of basic pay in effect during the preceding fiscal year, with a comparison to the rates in effect during the previous fiscal year, shown by facility and by covered position.

"(4) The numbers of employees in covered positions (shown separately for registered nurses and for each other covered position) who during the preceding fiscal year (A) left employment with the Department, (B) left employment at one Department medical facility for employment at another Department medical facility, or (C) changed from full-time status to part-time status (and from part-time status to full-time status), and a summary of the reasons therefor.

"(5) The number of vacancies in covered positions in the Administration and a summary of the reasons that those positions are vacant.

"(6) The number of employees who during the preceding fiscal year left employment at a health-care facility in one Bureau of Labor Statistics labor-market area for employment at a health-

care facility in another such labor-market area, without changing residence.

"(7) Justification for setting the maximum rate of basic pay for any grade at a rate in excess of 133 percent of the minimum rate of basic pay for that grade.

"(8) The discussion required by section 4142(b)(2) of this title.

"(h) For the purposes of this section, the term 'health-care facility' means a medical center, an independent outpatient clinic, or an independent domiciliary facility.

"§ 4142. Nurses and other health-care personnel: administration of pay

"(a)(1) Regulations prescribed under section 4141(a) of this title shall provide that whenever an employee in a covered position is given a new duty assignment which is a promotion, the rate of basic pay of that employee shall be increased at least one step increment in that employee's grade.

"(2) A nurse serving in a head nurse position shall while so serving receive basic pay at a rate two step increments above the rate that would otherwise be applicable to the nurse. If such a nurse is in the highest or next-to-highest step for that nurse's grade, the preceding sentence shall be applied by extrapolation to create additional steps only for the purposes of this paragraph. The limitation in section 4141(c)(1) of this title shall not apply with respect to increased basic pay under this paragraph.

"(3) An employee in a covered position who is promoted to the next higher grade shall be appointed in that grade at a step having a rate of basic pay that is greater than the rate of basic pay applicable to the employee in a covered position on the day before the effective date of the promotion.

"(b)(1) Under regulations which the Secretary prescribes for the administration of this section, the director of a Department health-care facility (A) shall pay a cash bonus (in an amount to be determined by the director not to exceed $2,000) to an employee in a covered position at that facility who becomes certified in a specialty recognized by the Department, and (B) may provide such a bonus to an employee in such a position who has demonstrated both exemplary job performance and exemplary job achievement. The authority of the Secretary under this subsection is in addition to any other authority of the Secretary to provide job performance incentives.

"(2) The Secretary shall include in the annual report under section 4141(g) of this title a discussion of the use during the period covered by the report of the payment of bonuses under this subsection and other job performance incentives available to the Secretary.

"(c)(1) The Secretary shall provide (in regulations prescribed for the administration of this section) that the director of a Department health-care facility, in making a new appointment of a person under section 4104(1) of this title as an employee in a covered position for employment at that facility, may make that appointment at a rate of pay described in paragraph (3) without being subject to a requirement for prior approval at any higher level of authority within the Department in any case in which the director determines that it is necessary to do so in order to obtain the services of employees in covered positions in cases in which vacancies exist at that health-care facility.

"(2) Such a determination may be made by the director of a health-care facility only in order to recruit employees in covered positions with specialized skills, especially employees with skills which are especially difficult or demanding.

"(3) A rate of pay referred to in paragraph (1) is a rate of basic pay in excess of the minimum rate of basic pay applicable to the grade in which the appointment is made (but not in excess of the maximum rate of basic pay for that grade).

"(4) Whenever the director of a health-care facility makes an appointment described in paragraph (1) without prior approval at a higher level of authority within the Department, the director shall—

"(A) state in a document the reasons for employing the employee in a covered position at a rate of pay in excess of the minimum rate of basic pay applicable to the grade in which the employee is appointed (and retain that document on file); and

"(B) in the first budget documents submitted to the Secretary by the director after the employee is employed, include documentation for the need for such increased rates of basic pay described in clause (A).

"(5) Whenever the director of a health-care facility makes an appointment described in paragraph (1) on the basis of a determination described in paragraph (2), the covered employee appointed may continue to receive pay at a rate higher than that which would otherwise be applicable to that employee only so long as the employee continues to serve in a position requiring the specialized skills with respect to which the determination was made.

"(d) Whenever the director of a health-care facility makes an appointment described in subsection (c)(1), the director may (without a regard to any requirement for prior approval at any higher level of authority within the Department) increase the rate of pay of other employees in the same covered position at that facility who are in the grade in which the appointment is made and are serving in a position requiring the specialized skills with respect to which the determination under subsection (c)(2) concerning the appointment was made. Any such increase shall continue in effect with respect to any employee only so long as the employee continues to serve in such a position.

"(e) An employee in a covered position employed under section 4104(1) of this title who (without a break in employment) transfers from one Department health-care facility to another may not be reduced in grade or step within grade (except pursuant to a disciplinary action otherwise authorized by law) if the duties of the position to which the employee transfers are similar to the duties of the position from which the employee transferred. The rate of basic pay of such employee shall be established at the new health-care facility in a manner consistent with the practices at that facility for an employee of that grade and step.

"(f) In this section, the term 'covered position' has the meaning given that term in section 4141 of this title.".

(c) CONFORMING AMENDMENTS.—Section 4107(e)(1) of such title is amended by striking out "in subsection (b)(1) of this section".

(d) CLERICAL AMENDMENT.—The table of sections at the beginning of chapter 73 of such title is amended by inserting after the item relating to section 4134 the following:

"§ 620C. Noninstitutional alternatives to nursing home care: pilot program

"(a) During the four-year period beginning on October 1, 1990, the Secretary may conduct a pilot program for the furnishing of medical, rehabilitative, and health-related services in noninstitutional settings for veterans who are eligible under this chapter for, and are in need of, nursing home care and who—

The Secretary may provide such assistance only for use solely in the furnishing of appropriate services under this section and only if, under such contract, the Department receives reimbursement for the full cost of such assistance (including the cost of services and supplies and normal depreciation and amortization of equipment). Such reimbursement may be made by reduction in the charges to the United States or by payment to the United States. Any funds received through such reimbursement shall be credited to funds allotted to the Department facility that provided the assistance.

"(d) The total cost of providing services or in-kind assistance in the case of any veteran for any fiscal year under the pilot program may not exceed 65 percent of the cost that would have been incurred by the Department during that fiscal year if the veteran had been furnished, instead, nursing home care under section 610 of this title during that fiscal year.

Whereas Americans are also asked to turn on their headlights while driving on Drive for Life Day as a remembrance of those people killed or injured by drunk-driving incidences;

Whereas Drive for Life is a public awareness campaign which asks all Americans to pledge to be responsible by driving sober and encouraging others to do the same on the Drive for Life Day and thereby demonstrating a commitment to significantly reduce the tragedies of drunk driving and which serves to educate the public about the dangers of drunk driving;

Whereas on the third annual National Drive for Life Day, the toll of individuals killed in drunk-driving-related crashes in the United States was 25.7 percent lower than the average number of deaths due to drunk-driving-related crashes on Labor Day weekend Saturday, in 1988, reflecting the success of this campaign;

Whereas the third annual National Drive for Life campaign featured endorsements from all 50 United States Governors, more than 160 mayors, and all 50 State police departments and other prominent public officials; and

Whereas the fourth annual National Drive for Life Day will occur on September 1, 1990, the Saturday of the Labor Day weekend, when drunk-driving-related crashes are traditionally at their peak: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Labor Day weekend beginning on September 1, 1990, is designated as "National Drive for Life Weekend". The President is authorized and requested to issue a proclamation calling on the people of the United States to observe that weekend with a pledge to not drink and drive and other appropriate activities.

district, shall provide matching reimbursements for up to 50 percent of the planning costs incurred by such government in the development of comprehensive plans and land use guidelines which are consistent with conserving the historic character of the historic district. (3) The Secretary shall review the analysis and consult with the agency. If after such review and consultation, the Secretary finds that the proposed action is not consistent with the purposes identified in this subsection, the agency shall not proceed with the action until after a justification for the action has been submitted to the appropriate committees of Congress with adequate time allowed for Congressional comment. Such justification shall include the following elements: the anticipated effects on the historic and commemorative character of the historic district, the social and economic necessity for the proposed action, all possible alternatives to the proposed action, the comparative benefits of proposed alternative actions, and the mitigation measures outlined in the proposed action.

(a) GENERAL RULE.—Except as otherwise provided in this section, the total of the liability of a responsible party under section 1002

and any removal costs incurred by, or on behalf of, the responsible party, with respect to each incident shall not exceed—

(1) for a tank vessel, the greater of—

(A) $1,200 per gross ton; or

(B)(i) in the case of a vessel greater than 3,000 gross tons, $10,000,000; or

(ii) in the case of a vessel of 3,000 gross tons or less, $2,000,000;

(2) for any other vessel, $600 per gross ton or $500,000, whichever is greater;

(3) for an offshore facility except a deepwater port, the total of all removal costs plus $75,000,000; and

(4) for any onshore facility and a deepwater port, $350,000,000.

(b) DIVISION OF LIABILITY FOR MOBILE OFFSHORE DRILLING UNITS.—

(1) TREATED FIRST AS TANK VESSEL.—For purposes of determining the responsible party and applying this Act and except as provided in paragraph (2), a mobile offshore drilling unit which is being used as an offshore facility is deemed to be a tank vessel with respect to the discharge, or the substantial threat of a discharge, of oil on or above the surface of the water.

(2) TREATED AS FACILITY FOR EXCESS LIABILITY.—To the extent that removal costs and damages from any incident described in paragraph (1) exceed the amount for which a responsible party is liable (as that amount may be limited under subsection (a)(1)), the mobile offshore drilling unit is deemed to be an offshore facility. For purposes of applying subsection (a)(3), the amount specified in that subsection shall be reduced by the amount for which the responsible party is liable under paragraph (1).

(c) EXCEPTIONS.—

(1) ACTS OF RESPONSIBLE PARTY.—Subsection (a) does not apply if the incident was proximately caused by—

(A) gross negligence or willful misconduct of, or

(B) the violation of an applicable Federal safety, construction, or operating regulation by,

the responsible party, an agent or employee of the responsible party, or a person acting pursuant to a contractual relationship with the responsible party (except where the sole contractual arrangement arises in connection with carriage by a common carrier by rail).

(2) FAILURE OR REFUSAL OF RESPONSIBLE PARTY.—Subsection (a) does not apply if the responsible party fails or refuses—

(A) to report the incident as required by law and the responsible party knows or has reason to know of the incident;

(B) to provide all reasonable cooperation and assistance requested by a responsible official in connection with removal activities; or

(C) without sufficient cause, to comply with an order issued under subsection (c) or (e) of section 311 of the Federal Water Pollution Control Act (33 U.S.C. 1321), as amended by this Act, or the Intervention on the High Seas Act (33 U.S.C. 1471 et seq.).

Outer Continental Shelf facility or a vessel carrying oil as cargo from such a facility shall be borne by the owner or operator of such facility or vessel.

(d) ADJUSTING LIMITS OF LIABILITY.—

(1) ONSHORE FACILITIES.—Subject to paragraph (2), the President may establish by regulation, with respect to any class or category of onshore facility, a limit of liability under this section of less than $350,000,000, but not less than $8,000,000, taking into account size, storage capacity, oil throughput, proximity to sensitive areas, type of oil handled, history of discharges, and other factors relevant to risks posed by the class or category of facility.

(2) DEEPWATER PORTS AND ASSOCIATED VESSELS.—

(A) STUDY.—The Secretary shall conduct a study of the relative operational and environmental risks posed by the transportation of oil by vessel to deepwater ports (as defined in section 3 of the Deepwater Port Act of 1974 (33 U.S.C. 1502)) versus the transportation of oil by vessel to other ports. The study shall include a review and analysis of offshore lightering practices used in connection with that transportation, an analysis of the volume of oil transported by vessel using those practices, and an analysis of the frequency and volume of oil discharges which occur in connection with the use of those practices.

(B) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Secretary shall submit to the Congress a report on the results of the study conducted under subparagraph (A).

(C) RULEMAKING PROCEEDING.—If the Secretary determines, based on the results of the study conducted under this subparagraph (A), that the use of deepwater ports in connection with the transportation of oil by vessel results in a lower operational or environmental risk than the use of other ports, the Secretary shall initiate, not later than the 180th day following the date of submission of the report to the Congress under subparagraph (B), a rulemaking proceeding to lower the limits of liability under this section for deepwater ports as the Secretary determines appropriate. The Secretary may establish a limit of liability of less than $350,000,000, but not less than $50,000,000, in accordance with paragraph (1).

(3) PERIODIC REPORTS.—The President shall, within 6 months after the date of the enactment of this Act, and from time to time thereafter, report to the Congress on the desirability of adjusting the limits of liability specified in subsection (a). President of U.S.

(a) ADMINISTRATIVE.—Any person who, after notice and an opportunity for a hearing, is found to have failed to comply with the requirements of section 1016 or the regulations issued under that section, or with a denial or detention order issued under subsection (c)(2) of that section, shall be liable to the United States for a civil penalty, not to exceed $25,000 per day of violation. The amount of the civil penalty shall be assessed by the President by written notice. In determining the amount of the penalty, the President

shall take into account the nature, circumstances, extent, and gravity of the violation, the degree of culpability, any history of prior violation, ability to pay, and such other matters as justice may require. The President may compromise, modify, or remit, with or without conditions, any civil penalty which is subject to imposition or which had been imposed under this paragraph. If any person fails to pay an assessed civil penalty after it has become final, the President may refer the matter to the Attorney General for collection.

(b) JUDICIAL.—In addition to, or in lieu of, assessing a penalty under subsection (a), the President may request the Attorney General to secure such relief as necessary to compel compliance with this section 1016, including a judicial order terminating operations. Oil Terminal and Oil Tanker Environmental Oversight and Monitoring Act of 1990.
33 USC 2732.

SEC. 5002. TERMINAL AND TANKER OVERSIGHT AND MONITORING.

(a) SHORT TITLE AND FINDINGS.—

(1) SHORT TITLE.—This section may be cited as the "Oil Terminal and Oil Tanker Environmental Oversight and Monitoring Act of 1990".

(2) FINDINGS.—The Congress finds that—

(A) the March 24, 1989, grounding and rupture of the fully loaded oil tanker, the EXXON VALDEZ, spilled 11 million gallons of crude oil in Prince William Sound, an environmentally sensitive area;

(B) many people believe that complacency on the part of the industry and government personnel responsible for monitoring the operation of the Valdez terminal and vessel traffic in Prince William Sound was one of the contributing factors to the EXXON VALDEZ oil spill;

(C) one way to combat this complacency is to involve local citizens in the process of preparing, adopting, and revising oil spill contingency plans;

(D) a mechanism should be established which fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals;

(E) such a mechanism presently exists at the Sullom Voe terminal in the Shetland Islands and this terminal should serve as a model for others;

(F) because of the effective partnership that has developed at Sullom Voe, Sullom Voe is considered the safest terminal in Europe;

(G) the present system of regulation and oversight of crude oil terminals in the United States has degenerated into a process of continual mistrust and confrontation;

(H) only when local citizens are involved in the process will the trust develop that is necessary to change the present system from confrontation to consensus;

(I) a pilot program patterned after Sullom Voe should be established in Alaska to further refine the concepts and relationships involved; and

(J) similar programs should eventually be established in other major crude oil terminals in the United States because the recent oil spills in Texas, Delaware, and Rhode Island indicate that the safe transportation of crude oil is a national problem.

(b) DEMONSTRATION PROGRAMS.—

(1) ESTABLISHMENT.—There are established 2 Oil Terminal and Oil Tanker Environmental Oversight and Monitoring Demonstration Programs (hereinafter referred to as "Programs") to be carried out in the State of Alaska.

(2) ADVISORY FUNCTION.—The function of these Programs shall be advisory only.

(3) PURPOSE.—The Prince William Sound Program shall be responsible for environmental monitoring of the terminal facilities in Prince William Sound and the crude oil tankers operating in Prince William Sound. The Cook Inlet Program shall be responsible for environmental monitoring of the terminal facilities and crude oil tankers operating in Cook Inlet located South of the latitude at Point Possession and North of the latitude at Amatuli Island, including offshore facilities in Cook Inlet.

(4) SUITS BARRED.—No program, association, council, committee or other organization created by this section may sue any person or entity, public or private, concerning any matter arising under this section except for the performance of contracts.

(c) OIL TERMINAL FACILITIES AND OIL TANKER OPERATIONS ASSOCIATION.—

(1) ESTABLISHMENT.—There is established an Oil Terminal Facilities and Oil Tanker Operations Association (hereinafter in this section referred to as the "Association") for each of the Programs established under subsection (b).

(2) MEMBERSHIP.—Each Association shall be comprised of 4 individuals as follows:

(A) One individual shall be designated by the owners and operators of the terminal facilities and shall represent those owners and operators.

(B) One individual shall be designated by the owners and operators of the crude oil tankers calling at the terminal facilities and shall represent those owners and operators.

(C) One individual shall be an employee of the State of Alaska, shall be designated by the Governor of the State of Alaska, and shall represent the State government.

(D) One individual shall be an employee of the Federal Government, shall be designated by the President, and shall represent the Federal Government.

(3) RESPONSIBILITIES.—Each Association shall be responsible for reviewing policies relating to the operation and maintenance of the oil terminal facilities and crude oil tankers which affect or may affect the environment in the vicinity of their respective terminals. Each Association shall provide a forum among the owners and operators of the terminal facilities, the owners and operators of crude oil tankers calling at those

facilities, the United States, and the State of Alaska to discuss and to make recommendations concerning all permits, plans, and site-specific regulations governing the activities and actions of the terminal facilities which affect or may affect the environment in the vicinity of the terminal facilities and of crude oil tankers calling at those facilities.

(4) DESIGNATION OF EXISTING ORGANIZATION.—The Secretary may designate an existing nonprofit organization as an Association under this subsection if the organization is organized to meet the purposes of this section and consists of at least the individuals listed in paragraph (2).

(7) NO ESTOPPEL.—No Council shall be held liable under State or Federal law for costs or damages as a result of rendering advice under this section. Nor shall any advice given by a voting member of a Council, or program representative or agent, be grounds for estopping the interests represented by the voting Council members from seeking damages or other appropriate relief.

SEC. 6003. OUTER BANKS PROTECTION.

Outer Banks Protection Act. North Carolina. 33 USC 2753.

(a) SHORT TITLE.—This section may be cited as the "Outer Banks Protection Act".

(b) FINDINGS.—The Congress finds that—

(1) the Outer Banks of North Carolina is an area of exceptional environmental fragility and beauty;

(2) the annual economic benefits of commercial and recreational fishing activities to North Carolina, which could be adversely affected by oil or gas development offshore the State's coast, exceeds $1,000,000,000;

(3) the major industry in coastal North Carolina is tourism, which is subject to potentially significant disruption by offshore oil or gas development;

(4) the physical oceanographic characteristics of the area offshore North Carolina between Cape Hatteras and the mouth of the Chesapeake Bay are not well understood, being affected by Gulf Stream western boundary perturbations and accompanying warm filaments, warm and cold core rings which separate from the Gulf Stream, wind stress, outflow from the Chesapeake Bay, Gulf Stream meanders, and intrusions of Virginia coastal waters around and over the Diamond shoals;

(5) diverse and abundant fisheries resources occur in the western boundary area of the Gulf Stream offshore North Carolina, but little is understood of the complex ecological relationships between the life histories of those species and their physical, chemical, and biological environment;

(6) the environmental impact statements prepared for Outer Continental Shelf lease sales numbered 56 (1981) and 78 (1983) contain insufficient and outdated environmental information from which to make decisions on approval of additional oil and gas leasing, exploration, and development activities;

(7) the draft environmental report, dated November 1, 1989, and the preliminary final environmental report dated June 1, 1990, prepared pursuant to a July 14, 1989 memorandum of understanding between the State of North Carolina, the Department of the Interior, and the Mobil Oil Company, have not allayed concerns about the adequacy of the environmental information available to determine whether to proceed with

additional offshore leasing, exploration, or development offshore North Carolina; and

(8) the National Research Council report entitled "The Adequacy of Environmental Information for Outer Continental Shelf Oil and Gas Decisions: Florida and California", issued in 1989, concluded that—

(A) information with respect to those States, which have received greater scrutiny than has North Carolina, is inadequate; and

(B) there are serious generic defects in the Minerals Management Service's methods of environmental analysis, reinforcing concerns about the adequacy of the scientific and technical information which are the basis for a decision to lease additional tracts or approve an exploration plan offshore North Carolina, especially with respect to oceanographic, ecological, and socioeconomic information.

(c) PROHIBITION OF OIL AND GAS LEASING, EXPLORATION, AND DEVELOPMENT.—

(1) PROHIBITION.—The Secretary of the Interior shall not—

(A) conduct a lease sale;

(B) issue any new leases;

(C) approve any exploration plan;

(D) approve any development and production plan;

(E) approve any application for permit to drill; or

(F) permit any drilling,

for oil or gas under the Outer Continental Shelf Lands Act on any lands of the Outer Continental Shelf offshore North Carolina.

(2) BOUNDARIES.—For purposes of paragraph (1), the term "offshore North Carolina" means the area within the lateral seaward boundaries between areas offshore North Carolina and areas offshore—

(A) Virginia as provided in the joint resolution entitled "Joint resolution granting the consent of Congress to an agreement between the States of North Carolina and Virginia establishing their lateral seaward boundary" approved October 27, 1972 (86 Stat. 1298); and

(B) South Carolina as provided in the Act entitled "An Act granting the consent of Congress to the agreement between the States of North Carolina and South Carolina establishing their lateral seaward boundary" approved October 9, 1981 (95 Stat. 988).

(3) DURATION OF PROHIBITION.—

(A) IN GENERAL.—The prohibition under paragraph (1) shall remain in effect until the later of—

(i) October 1, 1991; or

Reports.

(ii) 45 days of continuous session of the Congress after submission of a written report to the Congress by the Secretary of the Interior, made after consideration of the findings and recommendations of the Environmental Sciences Review Panel under subsection (e)—

(I) certifying that the information available, including information acquired pursuant to subsection (d), is sufficient to enable the Secretary to carry out his responsibilities under the Outer Continental Shelf Lands Act with respect to authorizing the activities described in paragraph (1); and

(II) including a detailed explanation of any differences between such certification and the findings and recommendations of the Environmental Sciences Review Panel under subsection (e), and a detailed justification of each such difference.

(B) CONTINUOUS SESSION OF CONGRESS.—In computing any 45-day period of continuous session of Congress under subparagraph (A)(ii)—

(i) continuity of session is broken only by an adjournment of the Congress sine die; and

(ii) the days on which either House of Congress is not in session because of an adjournment of more than 3 days to a day certain are excluded.

(d) ADDITIONAL ENVIRONMENTAL INFORMATION.—The Secretary of the Interior shall undertake ecological and socioeconomic studies, additional physical oceanographic studies, including actual field work and the correlation of existing data, and other additional environmental studies, to obtain sufficient information about all significant conditions, processes, and environments which influence, or may be influenced by, oil and gas leasing, exploration, and development activities offshore North Carolina to enable the Secretary to carry out his responsibilities under the Outer Continental Shelf Lands Act with respect to authorizing the activities described in subsection (c)(1). During the time that the Environmental Sciences Review Panel established under subsection (e) is in existence, the Secretary of the Interior shall consult with such Panel in carrying out this subsection.

(2) FUNCTIONS.—Not later than 6 months after the date of the enactment of this Act, the Environmental Sciences Review Panel shall—

(A) prepare and submit to the Secretary of the Interior findings and recommendations—

(i) assessing the adequacy of available physical oceanographic, ecological, and socioeconomic information in enabling the Secretary to carry out his responsibilities under the Outer Continental Shelf Lands Act with respect to authorizing the activities described in subsection (c)(1); and

(ii) if such available information is not adequate for such purposes, indicating what additional information is required to enable the Secretary to carry out such responsibilities; and

(B) consult with the Secretary of the Interior as provided in subsection (d).

(3) EXPENSES.—Each member of the Environmental Sciences Review Panel shall be reimbursed for actual travel expenses and shall receive per diem in lieu of subsistence for each day such member is engaged in the business of the Environmental Sciences Review Panel.

(4) TERMINATION.—The Environmental Sciences Review Panel shall be terminated after the submission of all findings and recommendations required under paragraph (2)(A).

(a) AMENDMENT TO OUTER CONTINENTAL SHELF LANDS ACT.—Section 5 of the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 1334), is amended by adding a new subsection (j) as follows:

"(j) COOPERATIVE DEVELOPMENT OF COMMON HYDROCARBON-BEARING AREAS.—

"(1) FINDINGS.—

"(A) The Congress of the United States finds that the unrestrained competitive production of hydrocarbons from a common hydrocarbon-bearing geological area underlying the Federal and State boundary may result in a number of harmful national effects, including—

"(i) the drilling of unnecessary wells, the installation of unnecessary facilities and other imprudent operating practices that result in economic waste, environmental damage, and damage to life and property;

"(ii) the physical waste of hydrocarbons and an unnecessary reduction in the amounts of hydrocarbons that can be produced from certain hydrocarbon-bearing areas; and

"(iii) the loss of correlative rights which can result in the reduced value of national hydrocarbon resources and disorders in the leasing of Federal and State resources.

"(2) PREVENTION OF HARMFUL EFFECTS.—The Secretary shall prevent, through the cooperative development of an area, the harmful effects of unrestrained competitive production of hydrocarbons from a common hydrocarbon-bearing area underlying the Federal and State boundary.".

Louisiana.
43 USC 1334 note.

For purposes of this section, such lessees shall include those persons with an ownership interest in State of Louisiana leases SL10087, SL10088 or SL10187, or ownership interests in the production or proceeds therefrom, as established by assignment,

contract or otherwise. Interest shall be computed for the period March 21, 1989 until the date of payment.

(a) STATEMENT OF PURPOSE.—It is the purpose of this section to encourage the establishment of partnerships between State governments, universities, community colleges, and businesses to support scholarships for talented socially and economically disadvantaged students from eligible countries in the Caribbean and Central America to study in the United States in order to—

(1) improve the diversity and quality of educational opportunities for such students;

(2) assist the development efforts of eligible countries by providing training and educational assistance to persons who can help address the social and economic needs of these countries;

(3) expand opportunities for cross-cultural studies and exchanges and improve the exchange of understanding and principles of democracy;

(4) promote positive and productive relationships between the United States and its neighbor countries in the Caribbean and Central American regions;

(5) give added visibility and focus to the "scholarship diplomacy" efforts of the United States Government by leveraging the monies available for this purpose through the development of partnerships among Federal, State, and local governments and the business and academic communities; and

(6) promote community involvement with the scholarship program as a tool for broadening and strengthening the "American experience" for foreign students.

(b) ESTABLISHMENT OF SCHOLARSHIP PROGRAM.—The Administrator of the Agency for International Development shall establish and administer a program of scholarship assistance, in cooperation with State governments, universities, community colleges, and businesses, to provide scholarships to enable socially and economically disadvantaged students from eligible countries in the Caribbean and Central America to study in the United States.

(c) GRANTS TO STATES.—In carrying out this section, the Administrator may make grants to States to provide scholarship assistance for undergraduate degree programs and for training programs of one year or longer in study areas related to the critical development needs of the students' respective countries.

(d) AGREEMENT WITH STATES.—The Administrator and each participating State shall agree on a program regarding the educational opportunities available within the State, the selection and assignment of scholarship recipients, and related issues. To the maximum extent practicable, each State shall be given flexibility in designing its program.

(e) FEDERAL SHARE.—The Federal share for each year for which a State receives payments under this section shall be not less than 50 percent.

(f) NON-FEDERAL SHARE.—The non-Federal share of payments under this section may be in cash, including the waiver of tuition or the offering of in-State tuition or housing waivers or subsidies, or in-kind fairly evaluated, including the provision of books or supplies.

(g) FORGIVENESS OF SCHOLARSHIP ASSISTANCE.—The obligation of any recipient to reimburse any entity for any or all scholarship assistance provided under this section shall be forgiven upon the recipient's prompt return to his or her country of domicile for a period which is at least one year longer than the period spent studying in the United States with scholarship assistance.

(h) PRIVATE SECTOR PARTICIPATION.—To the maximum extent practicable, each participating State shall enlist the assistance of the private sector to enable the State to meet the non-Federal share of payments under this section. Wherever appropriate, each participating State shall encourage the private sector to offer internships or other opportunities consistent with the purposes of this section to students receiving scholarships under this section.

(i) FUNDING.—Any funds used in carrying out this section shall be derived from funds allocated for Latin American and Caribbean regional programs under chapter 4 of part II of the Foreign Assistance Act of 1961 (22 U.S.C. 2346 and following; relating to the economic support fund).

SEC. 232. PROMOTION OF TOURISM.

(b) FEDERAL AGENCY PRIORITY.—It is the sense of the Congress that increased tourism and related activities should be developed in the Caribbean Basin region as a central part of the Caribbean Basin Initiative program and, to that end, the appropriate agencies of the United States Government should assign a high priority to projects that promote the tourism industry in the Caribbean Basin.

(c) STUDY.—The Secretary of Commerce shall complete the study begun in 1986 regarding tourism development strategies for the Caribbean Basin region. The study shall include—

(1) information on the mutual benefits received by the United States and the Caribbean Basin economies as a result of tourist activity in the area; and

Jamaica.

(3) In determining the country in which to establish the operation described in paragraph (1), the Commissioner of Customs and the Commissioner of Immigration and Naturalization shall first determine the viability of establishing such operations in either Aruba or Jamaica. If the Commissioners determine, after full consultation with the governments of such countries, that it is not viable to establish pre-clearance operations in either Aruba or Jamaica, they shall so report to the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives, including an explanation of how this determination was reached. Such report shall be submitted to those Committees within six months after the date of the enactment of this Act. (A) the stimulation of the tourism industry of the country concerned, and

(B) expedited customs processing at United States ports of entry;

(3) the opinion of the Commissioner of Customs regarding the efficacy of extending preclearance operations to other countries within the Caribbean Basin that are developing tourism industries, and if the opinion is affirmative, the identity of those countries to which such operations should be extended and the estimated costs and results of such extensions; and

(4) such other matters that the Commissioner of Customs considers relevant.

SEC. 242. AGRICULTURAL INFRASTRUCTURE SUPPORT.

It is the sense of Congress that in order to facilitate trade with, and the economic development of, the countries designated as beneficiary countries under the Caribbean Basin Economic Recovery Act, the Secretary of Agriculture should, in consultation with the Agribusiness Promotion Council, coordinate with the Agency for International Development the development of programs to encourage improvements in the transportation and cargo handling infrastructure in these countries for the purpose of improving agricultural trade between these countries and the United States. Such programs should focus on improving distribution of agricultural commodities and products in these countries, and the phytosanitary institutions, quarantine capabilities, and pesticide regulations of these countries regarding agricultural commodities and products.

(2) The President and Congress have recognized that United States trade and economic policies play an important role in the overall United States antidrug strategy in the Andes.

(3) The extension of special trade preferences for articles from the Andean region would help revitalize the national economies of the Andes and further United States antinarcotics policy in the region.

(b) SENSE OF CONGRESS.—The Congress urges the President to—

(1) review the merits of extending the benefits provided under the Caribbean Basin Economic Recovery Act to the Andean region; and

(2) continue to explore additional mechanisms to expand trade opportunities for the Andean region, and report to Congress in a regular and timely fashion on the result of this review.

Forest Resources Conservation and Shortage Relief Act of 1990.

TITLE IV—EXPORTS OF UNPROCESSED TIMBER

16 USC 620 note.

SEC. 487. SHORT TITLE.

This title may be cited as the "Forest Resources Conservation and Shortage Relief Act of 1990".

16 USC 620.

SEC. 488. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress makes the following findings:

(1) Timber is essential to the United States.

(2) Forests, forest resources, and the forest environment are exhaustible natural resources that require efficient and effective conservation efforts.

(3) In the interest of conserving those resources, the United States has set aside millions of acres of otherwise harvestable timberlands in the western United States, representing well over 100,000,000,000 board feet of otherwise harvestable timber.

(4) In recent years, administrative, statutory, or judicial action has been taken to set aside an increased amount of otherwise harvestable timberlands for conservation purposes.

(5) In the next few months and years, additional amounts of otherwise harvestable timberlands may be set aside for conservation purposes, pursuant to the Endangered Species Act of 1973, the National Forest Management Act of 1976, or other expected statutory, administrative, and judicial actions.

(6) There is evidence of a shortfall in the supply of unprocessed timber in the western United States.

(7) There is reason to believe that any shortfall which may already exist may worsen unless action is taken.

(8) In conjunction with the broad conservation actions expected in the next few months and years, conservation action is necessary with respect to exports of unprocessed timber.

(b) PURPOSES.—The purposes of this title are—

(1) to promote the conservation of forest resources in conjunction with State and Federal resources management plans, and other actions or decisions, affecting the use of forest resources;

(2) to take action essential for the acquisition and distribution of forest resources or products in short supply in the western United States;

(3) to take action necessary, to meet the goals of Article XI 2.(a) of the General Agreement on Tariffs and Trade, to ensure sufficient supplies of certain forest resources or products which are essential to the United States;

(4) to continue and refine the existing Federal policy of restricting the export of unprocessed timber harvested from Federal lands in the western United States; and

(5) to effect measures aimed at meeting these objectives in conformity with the obligations of the United States under the General Agreement on Tariffs and Trade.

SEC. 489. RESTRICTIONS ON EXPORTS OF UNPROCESSED TIMBER ORIGINATING FROM FEDERAL LANDS. 16 USC 620a.

(a) PROHIBITION ON EXPORT OF UNPROCESSED TIMBER ORIGINATING FROM FEDERAL LANDS.—No person who acquires unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States may export such timber from the United States, or sell, trade, exchange, or otherwise convey such timber to any other person for the purpose of exporting such timber from the United States, unless such timber has been determined under subsection (b) to be surplus to the needs of timber manufacturing facilities in the United States.

(b) SURPLUSES.—

(1) DETERMINATIONS BY SECRETARY CONCERNED.—The prohibition contained in subsection (a) shall not apply to specific quantities of grades and species of unprocessed timber originating from Federal lands which the Secretary concerned determines to be surplus to domestic manufacturing needs.

(2) PROCEDURES.—Any determination under paragraph (1) shall be made in regulations issued in accordance with section 553 of title 5, United States Code. Any such determination shall be reviewed at least once in every 3-year period. The Secretary concerned shall publish notice of such review in the Federal Register, and shall give the public an opportunity to comment on such review. Federal Register, publication.

SEC. 490. LIMITATIONS ON THE SUBSTITUTION OF UNPROCESSED FEDERAL TIMBER FOR UNPROCESSED TIMBER EXPORTED FROM PRIVATE LANDS. 16 USC 620b.

(a) DIRECT SUBSTITUTION.—(1) Except as provided in subsection (c), no person may purchase directly from any department or agency of the United States unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States if—

(A) such unprocessed timber is to be used in substitution for exported unprocessed timber originating from private lands; or

(B) such person has, during the preceding 24-month period, exported unprocessed timber originating from private lands.

(2) Notwithstanding paragraph (1)—

(A) Federal timber purchased pursuant to a contract entered into between the purchaser and the Secretary concerned before the date on which regulations to carry out this subsection are issued under section 495 shall be governed by the regulations of the Secretary concerned in effect before such date that restrict the substitution of unprocessed timber originating from Federal lands for exported timber originating from private lands;

Contracts.

(B) in the 1-year period beginning on the effective date of this title, any person who operates under a Cooperative Sustained Yield Unit Agreement, and who has an historic export quota shall be limited to entering into contracts under such a quota to a volume equal to not more than 66 percent of the person's historic export quota used during fiscal year 1989;

(C) a person referred to in subparagraph (B) shall reduce the person's remaining substitution volume by an equal amount each year thereafter such that no volume is substituted under such a quota in fiscal year 1995 or thereafter; and

(D) the 24-month period referred to in paragraph (1)(B) shall not apply to any person who—

(i) before the enactment of this Act, has, under an historic export quota approved by the Secretary concerned, purchased unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States in substitution for exported unprocessed timber originating from private lands;

(ii) certifies to the Secretary concerned, within 3 months after the date of the enactment of this Act, that the person will, within 6 months after such date of enactment, cease exporting unprocessed timber originating from private lands; and

(iii) ceases exports in accordance with such certification.

(b) INDIRECT SUBSTITUTION.—

(1) IN GENERAL.—Except as provided in paragraph (2), no person may, beginning 21 days after the date of the enactment of this Act, purchase from any other person unprocessed timber originating from Federal lands west of the 100th meridian in the contiguous 48 States if such person would be prohibited from purchasing such timber directly from a department or agency of the United States. Acquisitions of western red cedar which are domestically processed into finished products to be sold into domestic or international markets are exempt from the prohibition contained in this paragraph.

(2) EXCEPTIONS.—(A) The Secretary of Agriculture shall, as soon as practicable but not later than 9 months after the date of the enactment of this Act, establish, by rule, a limited amount of unprocessed timber originating from Federal lands described in subparagraph (B) which may be purchased by a person otherwise covered by the prohibition contained in paragraph (1). Such limit shall equal—

(i) the amount of such timber acquired by such person, based on the higher of the applicant's actual timber purchasing receipts or the appropriate Federal agency's

records, during fiscal years 1988, 1989, and 1990, divided by 3, or

(ii) 15 million board feet,

whichever is less, except that such limit shall not exceed such person's proportionate share, with respect to all persons covered under this paragraph, of 50 million board feet.

(B) The Federal lands referred to in subparagraph (A) are Federal lands administered by the United States Forest Service Region 6 that are located north of the Columbia River from its mouth and east to its first intersection with the 119th meridian, and from that point north of the 46th parallel and east.

(C) Any person may sell, trade, or otherwise exchange with any other person the rights obtained under subparagraph (A), except that such rights may not be sold, traded, or otherwise exchanged to persons already in possession of such rights obtained under subparagraph (A).

(D) Federal timber purchased from Federal lands described in subparagraph (B) pursuant to a contract entered into between the purchaser and the Secretary of Agriculture before the date on which regulations to carry out this subsection are issued under section 495 shall be governed by the regulations of the Secretary of Agriculture in effect before such date that restrict the substitution of unprocessed timber originating from Federal lands for exported timber originating from private lands.

(c) APPROVAL OF SOURCING AREAS.—

(1) IN GENERAL.—The prohibitions contained in subsections (a) and (b) shall not apply with respect to the acquisition of unprocessed timber originating from Federal lands within a sourcing area west of the 100th meridian in the contiguous 48 States approved by the Secretary concerned under this subsection by a person who—

(A) in the previous 24 months, has not exported unprocessed timber originating from private lands within the sourcing area; and

(B) during the period in which such approval is in effect, does not export unprocessed timber originating from private lands within the sourcing area.

The Secretary concerned may waive the 24-month requirement set forth in subparagraph (A) for any person who, within 3 months after the date of the enactment of this Act, certifies that, within 6 months after such date, such person will, for a period of not less than 3 years, cease exporting unprocessed timber originating from private lands within the sourcing area.

(2) REQUIREMENTS FOR APPLICATION.—The Secretaries concerned shall, not later than 3 months after the date of the enactment of this Act, prescribe procedures to be used by a person applying for approval of a sourcing area under paragraph (1). Such procedures shall require, at a minimum, the applicant to provide—

(A) information regarding the location of private lands from which such person has, within the previous year, harvested or otherwise acquired unprocessed timber which has been exported from the United States; and

(B) information regarding the location of each timber manufacturing facility owned or operated by such person within the proposed sourcing area boundaries at which the

applicant proposes to process timber originating from Federal lands.

The prohibition contained in subsection (a) shall not apply to a person before the date which is 1 month after the procedures referred to in this paragraph are prescribed. With respect to any person who submits an application in accordance with such procedures by the end of the time period set forth in the preceding sentence, the prohibition contained in subsection (a) shall not apply to such person before the date on which the Secretary concerned approves or disapproves such application.

(3) GRANT OF APPROVAL.—For each applicant, the Secretary concerned shall, on the record and after an opportunity for a hearing, not later than 4 months after receipt of the application for a sourcing area, either approve or disapprove the application. The Secretary concerned may approve such application only if the Secretary determines that the area that is the subject of the application, in which the timber manufacturing facilities at which the applicant desires to process timber originating from Federal lands are located, is geographically and economically separate from any geographic area from which that person harvests for export any unprocessed timber originating from private lands. In making a determination referred to in this paragraph, the Secretary concerned shall consider equally the timber purchasing patterns, on private and Federal lands, of the applicant as well as other persons in the same local vicinity as the applicant, and the relative similarity of such purchasing patterns.

(4) DENIAL OF APPLICATION.—(A) Subject to subparagraph (B), and notwithstanding any other provision of law, in the 9-month period after receiving disapproval of an application submitted pursuant to this subsection, the applicant may purchase unprocessed timber originating from Federal lands in the area which is the subject of the application in an amount not to exceed 75 percent of the annual average of such person's purchases of unprocessed timber originating from Federal lands in the same area during the 5 full fiscal years immediately prior to submission of the application. In the subsequent 6-month period, such person may purchase not more than 25 percent of such annual average, after which time the prohibitions contained in subsection (a) shall fully apply.

(B) If a person referred to in subparagraph (A) certifies to the Secretary concerned, within 90 days after receiving disapproval of such application, that such person shall, within 15 months after such disapproval, cease the export of unprocessed timber originating from private lands from the geographic area determined by the Secretary for which the application would have been approved, such person may continue to purchase unprocessed timber originating from Federal lands in the area which is the subject of the application, without being subject to the restrictions of subparagraph (A), except that such purchases during that 15-month period may not exceed 125 percent of the annual average of such person's purchases of unprocessed timber originating from Federal lands in the same area during the 5 full fiscal years immediately prior to submission of the application which was denied.

(C) Any person to whom subparagraph (B) applies may not, during the 15-month period after the person's application for

sourcing area boundaries is denied, export unprocessed timber originating from private lands in the geographic area determined by the Secretary concerned for which the application would have been approved in amounts that exceed 125 percent of the annual average of such person's exports of unprocessed timber from such private lands during the 5 full fiscal years immediately prior to submission of the application.

(5) REVIEW OF DETERMINATIONS.—Determinations made under paragraph (3) shall be reviewed, in accordance with the procedures prescribed in this title, not less often than every 5 years.

SEC. 491. RESTRICTION ON EXPORTS OF UNPROCESSED TIMBER FROM STATE AND OTHER PUBLIC LANDS. 16 USC 620c.

(a) ORDER TO PROHIBIT THE EXPORT OF UNPROCESSED TIMBER ORIGINATING FROM STATE OR OTHER PUBLIC LANDS.—Except as provided in subsection (e), the Secretary of Commerce shall issue orders to prohibit the export from the United States of unprocessed timber originating from public lands, in the amounts specified in subsection (b).

(b) SCHEDULE FOR DETERMINATION TO PROHIBIT THE EXPORT OF UNPROCESSED TIMBER ORIGINATING FROM STATE OR OTHER PUBLIC LANDS.—

(1) STATES WITH ANNUAL SALES OF 400,000,000 BOARD FEET OR LESS.—With respect to States with annual sales volumes of 400,000,000 board feet or less, the Secretary of Commerce shall issue an order referred to in subsection (a) to prohibit the export of unprocessed timber originating from public lands not later than 21 days after the date of the enactment of this Act.

(2) STATES WITH ANNUAL SALES OF GREATER THAN 400,000,000 BOARD FEET.—With respect to any State with an annual sales volume greater than 400,000,000 board feet, the following shall apply:

(A) The Secretary of Commerce shall issue an order referred to in subsection (a) not later than 21 days after the date of the enactment of this Act. Such order shall cover a period beginning 120 days after the issuance of such an order, or January 1, 1991, whichever is earlier, and shall extend to December 31, 1991. Such order shall prohibit the export of 75 percent of the annual sales volume in such State of unprocessed timber from public lands.

(B) For the period beginning on January 1, 1992, and ending on December 31, 1993, the Secretary of Commerce shall, after notice and an opportunity for a hearing, issue an order referred to in subsection (a) not later than September 30, 1991. Such order shall prohibit the export of at least 75 percent of such State's annual sales volume for this 2-year period.

(C) For the period beginning on January 1, 1994, and ending on December 31, 1995, the Secretary of Commerce shall, after notice and an opportunity for a hearing, issue an order referred to in subsection (a) not later than September 30, 1993. shall prohibit the export of the lesser of 400,000,000 board feet or the total annual sales volume.

(3) REPORT TO CONGRESS.—Not later than June 1, 1995, the Secretary of Commerce, in conjunction with the Secretaries of Agriculture and Interior, shall issue a report to the Congress on the effects of the reallocation, as a result of the enactment of this title, of public lands timber resources to the domestic timber processing sector, the ability of the domestic timber processing sector to meet domestic demand for forest products, the volume of transshipment of timber originating from public lands across State borders, the effectiveness of rules issued and administered by States pursuant to this title, and trends in growth and productivity in the domestic timber processing sector.

(c) BASIS FOR INCREASE IN VOLUME PROHIBITED FROM EXPORT.—The Secretary of Commerce may increase the amount of unprocessed timber to be prohibited from export above the minimum amount specified in subsection (b)(2) (B) and (C), based on a determination that the purposes of this title have not been adequately met and that such an increase would further the purposes of this title. In making this determination, the Secretary shall consider—

(1) actions or decisions taken, for the purpose of conserving or protecting exhaustible natural resources in the United States, which have affected the use or availability of forest products;

(2) whether the volume of timber from public lands that is under contract has increased or decreased by an amount greater than 20 percent within the previous 12 months; and

(3) the probable effects of unprocessed timber exports on the ability of timber mills to acquire unprocessed timber.

(d) ADMINISTRATIVE PROVISIONS.—

(1) DELAY OF SECRETARY'S ORDER.—In the event that any order of the Secretary of Commerce under subsection (a) or its implementation is delayed for any reason, the prohibitions on exports under subsection (b) to which such order would apply shall apply in the absence of such order.

(2) ADMINISTRATION BY STATES.—Each State shall determine the species, grade, and geographic origin of unprocessed timber to be prohibited from export under subsection (b) and shall administer such prohibitions consistent with the intent of this title and ensure that the species, grades, and geographic origin of unprocessed timber prohibited from export is representative of the species, grades, and geographic origin of timber comprising such State's total timber sales program. The State is authorized to cooperate with Federal and State agencies with appropriate jurisdiction to further the intent of this title.

(3) STATE REGULATIONS.—(A) Except for States with annual sales of 400,000,000 board feet or less upon the date of the enactment of this Act, the Governor of each State to which this title applies, or such other State official as the Governor may designate, shall, within 120 days after the date of the enactment of this Act, issue regulations to carry out the purposes of this section, the promulgation of which shall be consistent with section 553 of title 5, United States Code. Such regulations in each State shall remain in effect until such time as the legislature of that State enacts such requirements as it deems appropriate to carry out this section. Before issuing such regulations,

the Governor shall enter into formal consultation, concerning such regulations, with appropriate State officials and with a State Board of Natural Resources where such a board exists. When formulating regulations under this paragraph, the Governor shall take into account the intent of this title to effect a net increase in domestic processing of timber harvested from public lands consistent with all orders issued by the Secretary of Commerce under subsection (a).

(B) The Governor of each State with annual sales of 400,000,000 board feet or less upon the date of the enactment of this Act, or such other State official as the Governor may designate, shall, within 120 days after the date of the enactment of this Act, issue regulations to carry out the purposes of this section. Until such regulations are issued in a State, the prohibitions contained in subsections (a) and (b) of section 490 shall apply to unprocessed timber originating from public lands in that State to the same extent as such prohibitions apply to unprocessed timber originating from Federal lands, except that the provisions of subsection (c) of such section shall not apply.

(4) PRIOR CONTRACTS.—Nothing in this section shall apply to any contract for the purchase of unprocessed timber from public lands entered into before the effective date of a Secretary's order issued under subsection (a).

(5) WESTERN RED CEDAR.—Nothing in this section shall be construed to supersede the provisions of section 7(i) of the Export Administration Act of 1979 (50 U.S.C. App. 2406(i)).

(e) PRESIDENTIAL AUTHORITY.—The President is authorized, after suitable notice and a public comment period of not less than 120 days, to suspend the provisions of this section if a panel of experts has reported to the Contracting Parties to the General Agreement on Tariffs and Trade, or a ruling issued under the formal dispute settlement proceeding provided under any other trade agreement finds, that the provisions of this section are in violation of, or inconsistent with, United States obligations under that trade agreement.

(f) REMOVAL OR MODIFICATIONS OF STATE RESTRICTIONS.—Based upon a determination that it is in the national economic interest, the President may remove or modify any prohibition on exports from public lands in a State if that State petitions the President to remove or modify such prohibition.

(g) EFFECT OF PRIOR FEDERAL LAW.—No provision of Federal law which imposes requirements with respect to the generation of revenue from State timberlands and was enacted before the enactment of this Act shall be construed to invalidate, supersede, or otherwise affect any action of a State or political subdivision of a State pursuant to this title.

(h) SURPLUS TIMBER.—The prohibitions on exports contained in orders of the Secretary of Commerce issued under subsection (a) shall not apply to specific quantities of grades and species of unprocessed timber originating from public lands which the Secretary concerned determines by rule to be surplus to the needs of timber manufacturing facilities in the United States. Any such determination may, by rule, be withdrawn by the Secretary concerned if the Secretary determines that the affected timber is no longer surplus to the needs of timber manufacturing facilities in the United States.

(i) SUSPENSION OF PROHIBITIONS.—Notwithstanding any other provision of this section, beginning on January 1, 1998, and annually thereafter, if the President finds, upon review of the purposes and implementation of this title, that the prohibitions on exports required by subsection (a) no longer promote the purposes of this title, then the President may suspend such prohibitions, except that such suspension shall not take effect until 90 days after the President notifies the Congress of such finding.

(j) EXISTING AUTHORITY NOT AFFECTED.—Nothing in this title shall be construed to limit the authority of the President or the United States Trade Representative to take action authorized by law to respond appropriately to any measures taken by a foreign government in connection with this title.

(2) OTHER VIOLATIONS.—If the Secretary concerned finds, on the record and after an opportunity for a hearing, that a person has violated any provision of this title or any regulation issued under this title relating to lands which they administer (notwithstanding that such violation may not have caused the export of unprocessed Federal timber in violation of this title), such Secretary may—

(A) assess against such person a civil penalty of not more than $75,000 for each violation if the Secretary determines that the person committed such violation in disregard of such provision or regulation;

(B) assess against such person a civil penalty of not more than $50,000 for each violation if the Secretary determines that the person should have known that the action constituted a violation; or

(C) assess against such person a civil penalty of not more than $500,000 if the Secretary determines that the person committed such violation willfully.
